Dear Representatives:

Please be advised that at a regularly held public meeting of the Coastal San Pedro Neighborhood Council Board on February 19, 2019, the Board approved and adopted the following Resolution:

Be It Resolved, that the Coastal San Pedro Neighborhood Council supports the recommendation that the Harbor Department conduct a more detailed analysis on port automation's potential impacts on the economy. We urge the City of Los Angeles, specifically the Mayor's Office and the Harbor Department to:

Conduct a detailed analysis on the impacts of port automation on the Los Angeles economy before granting any permits that include port automation;

Develop and implement policies and legislation to provide for employment in the event of job loss or unemployment due to automation;

Conduct thorough outreach efforts to educate the people on the economic effects of port automation;

Accelerate and expand workforce development to prepare and transition workers to adapt to new technologies and employment opportunities in the Los Angeles Harbor area;

Coordinate workforce development efforts with harbor area colleges and unions;

Report back to the Harbor Commission and Mayor on the feasibility of amending the Clean Air Action Plan to make it clear that port automation is not required to create a zero emission port.

Thank you, and please don't hesitate to contact Board Member Noel Gould at (310) 625-1157 if you have any questions in this regard.

Sincerely,

Doug Epperhart, President
