Hi Michelle,

The handwritten note was to memorialize that the parties intended the class series for Signal Systems and Street Lighting Electricians to receive the increase, which includes the supervisors in these respective classifications found MOU 13 (even though it was not written on the MOU 13 T/A).

Let me know if you have additional questions.

Thank you.

~ Paula

Hi Paula,

I am working on a technical correction memo to provide Signal Systems Supervisors I and II and Street Lighting Electrician Supervisors the 3% special salary adjustment effective 7/7/19, based our discussion that the "series" for Signal Systems Electrician and Street Lighting Electrician were agreed upon.

I have attached the TAs for MOUs 2 and 13 as well as Chris' document.

Can you please confirm that the agreement for the "series" included the supervisory classes in MOU 13 and that Signal Systems Supervisors I and II and Street Lighting Electrician Supervisors should also receive a 3% special salary adjustment effective 7/7/19.

Thank you!
