Comments for Public Posting: We need better supportive housing for our youth. Reading about children sleeping outside and on their own in LA County is shameful! We need supportive group homes with caring adults who can pass background checks! We need social workers who care to come and check on those youth to track progress and make sure they are OK. We can have programs like "Big Brother" etc, show up to take youth to different events, parks etc around the city. We must invest more in our youth!
