Council File No: 19-0999-S1

Comments for Public Posting: I am writing today to support item 19-0999-S1 to create a report viewing the feasibility of permitting the conversion of commercial hotels into the micro-unit housing type use and listing any necessary land use regulatory controls/housing policy changes to permit such conversion. Our community has seen the success of these programs that convert hotels to housing, such as in the county Housing for Health with Project Homekey. In addition to this research, please consider moving toward a funding motion to move these projects into completion.
