Summary:

On September 11, 2019, your Committee considered a September 3, 2019 Los Angeles Fire Commission report relative to the in-kind donation of Snapstream Media Recording Equipment for the LAFD CLO. According to the Commission, the LAFD Foundation has donated to the Community Liaison Office one SnapStream Pro (6 channel) tuner and 12 months of SnapStream Pro monthly service. The CLO Section uses the SnapStream equipment to capture media broadcasts relating to the LAFD for training, archival and public dissemination purposes. The previous SnapStream hardware was well-beyond its service life and was used by CLO personnel until it was no longer functional, which mandated the need for updated equipment. After consideration and having provided an opportunity for public comment, the Committee moved to recommend approval of the donation. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

PUBLIC SAFETY COMMITTEE
