Comments for Public Posting: Hello, my name is Pamela, I am on Lived Experience Advisory Board (LEAB) with LAHSA. I am advocating for the City Commission on Lived Experience with Homeless by asking City Council to “instruct the CAO and CLA” to move forward with reports requested by the Homelessness and Poverty Committee. I humbly ask the CLA to report to the Homelessness and Poverty Committee on ways to incorporate the voices of people with a lived experience of homelessness on existing commissions in the City or to work with the Los Angeles Homeless Services Authority’s existing commission, and serve some of the original goals identified in the Motion (Bonin – Harris-Dawson) dated September 4, 2019, attached to Council file No. 22-0755. Thank you for your time and consideration. Pamela Crenshaw

Comments for Public Posting: As a former homeless veteran,current LAHSA LEAB Co-Chair and as a former LA County Community Health Worker, I want to support the creation of a LA City Commission On Lived Experience with Homelessness. I have been working with people with lived experience for a numer of years now and have found them to be some of the most dedicated advocates for improving systems and calling out inconsistencies. Yet, our voices are always filtered up through others. I believe a commission created to lift our voices and get us a seat at the big table will truly have a positive impact and bring a more focused insight to the way we interact with the many faces of homelessness.
