Council File No: 19-1020

Comments for Public Posting: Dear LA City Council, This motion UNANIMOUSLY passed in a 14-0 vote (Huizar's seat was vacant) only to stall, leaving the Commission itself HOMELESS! Civil, Human Rights & Equity Department will house the City Commission on Lived and Current Expertise of Homelessness if instructed to do so, but they have not gotten the "green light" from anyone with the authority to give it! The CF expires 11/18, so time is running out. I've lived in public in the City of LA continuously since 2017 and I've also rented here and my relatives owned a home in LA for 30 years. We The Unhoused People of the City of Los Angeles CARE about our City and WANT TO FIX broken systems that have harmed us. The sooner we can get to work on that, the better! Please act on CF19-1020 ASAP. Signed Ruth @roofless
