A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enable by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Councils rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Summary: The Board of the Winnetka Neighborhood Council (WNC) acknowledges the importance of addressing homelessness but finds much of the combative language in the motion underpinning Council File 19-1020 to be neither constructive nor productive. The substantial financial investment by taxpayers, along with the City's significant allocation

of staffing and other resources, reflects the community's strong commitment to resolving the homelessness crisis. However, despite these commendable efforts, the crisis persists. It is essential for individuals experiencing homelessness to have a platform where they can provide feedback to City leaders and identify gaps or inconsistencies in the services being offered. Establishing the Commission on Lived Experience with Homelessness (CLEH), as outlined in Council File 19-1020, would create such a platform. Therefore, the Board of the WNC fully supports the establishment of the CLEH as proposed in Council File 19-1020. We urge the City Council to take immediate action to keep this Council File active and to expedite the implementation of the CLEH.
