Council File No: 20-0002-S101

Comments for Public Posting: This Bill will totally destroy whatever is left of a sense of community, its an insult to the people who call los Angeles home due to being part of a great big diverse communities, and above all, will add more congestions, eliminating new green spaces that this city's residents needs so much! It will create attractions for more big pockets developers who are careless about the neighborhoods characters and needs - increasing home prices due to tearing down older somewhat still affordable neighborhoods! Stop this crazy Bill which tries to use this very crazy times to pass it, by taking advantage of peoples attentions being focused on their health and economical stresses!!!
