Comments for Public Posting: My name is Margaret Caldwell I called in this morning in support of election of Nury Martinez as President of LA City Council. Nury Martinez has proved herself to be the best person for the job. In such an important city as Los Angeles in the great blue State of California Nury Martinez represents the only woman in a city-wide role. A woman born to hard-working immigrant parents, born and raised in the Northeast San Fernando Valley who overcame the odds to represent us. The city of Los Angeles is too important on the national stage not to have a person in government in a city-wide role who reflects the right values. The values that will begin the healing we are in desperate need of in Los Angeles. Nury Martinez has the grit we need to meet the moment. Nury Martinez reflects what is our best foot forward. Thank you (This was a public comment yielded by a computer err.)
