Comments for Public Posting: I strongly support the motion authored by Councilmember Ridley-Thomas to create a framework for a Right to Housing in the City of Los Angeles. The city's homeless problem is an emergency, and getting worse daily. I see homeless encampments visibly increasing in my neighborhood (Woodland Hills) and as I drive in other areas. I urge adoption and application of any measures possible to address homelessness. To make sure efforts are effective, evidence based data needs to be used to select actions that will result in maximum success. Thank you.
