Comments for Public Posting: More services are needed in the San Fernando Valley for housing for homeless. Nothing has been built for housing here since HHH passed!!! The public should be able to see reports easily on gov ,city, public websites to where every dollar is being spent in detail on homeless services and Sthousingg. Always it seems to go to things that are not cost effective like Contractors hired that charge 800K to build one one bedroom apartment for housing. This were the only Contractors that were able to build buildings and was approved by scandalous city officials. Stop lying to the people and show real time public reports of exactly all these millions/ billions for housing and homeless funds are being spent. Until then no dent will get made in solving homelessness. The counsel members let someone like Marsha Mayeda still run the County animal shelters when for a few years has been unaccountable for tens of thousands of dollars of the shelters to use on helping the animals in shelters and she makes over \$200 K yearly salary paid by taxpayers and you still employ her when she's clearly doing illegal corrupt practices . Years back there is reports of this shown to you people but she's still the top manager. Why?? This shows total waste of money and no one does anything about it. She should even be arrested let alone still in her position period. It's clearly all corrupt because no one has gotten rid of her and she did these crimes over a decade ago and I had sent emails / msgs to city council members then numerous times.

Comments for Public Posting: My comment pertains to the STREET STRATEGY being developed (several decades late) for addressing the concerns and human rights abominations both caused by the unhygienic filth and squalor we allow and in most cases, force our homeless poors to live in. There is shit, piss and vomit everywhere - that's not an exaggeration; it is practically Dickensian the degree of filth that we have decided to tolerate until, I hope now. This is not the fault of the homeless, nor is the unwashed and generally unemployable appearance of us. This is entirely due to the systemic failure of the city and county to make even the slightest effort to place clean and staffed public restrooms and showers equitably across LA. The city also makes no effort to collect garbage from the homeless, so I personally have resorted to burning mine illegally, as the alternative is being harassed by every law enforcement agency in the state responding to the anonymous calls of nearby homeowners. THE ONLY SOLUTION TO THE POO-SMEARED WALLS AND URINE SOAKED ALLEYWAYS IS TO TAKE LARGE AND PERMANENT GOVERNMENT ACTION TO FUND AND IMMEDIATELY CONSTRUCT AT LEAST ONE-HUNDRED HOT SHOWER AND REAL, STAFFED BATHROOM LOCATIONS. THIS CANNOT WAIT. DISEASE FESTERS AND THE HOMELESS MAY NOT BE SO LUCKY AS THEY WERE IN LARGELY AVOIDING COVID DUE TO THE SOCIAL OSTRACISM WE SUFFER DUE TO OUR DIRTY APPEARANCE AND THE MISINFORMATION ASSOCIATING THE HOMELESS AND NOT CAPITALISM INDUCED POVERTY AS THE ROOT CAUSE OF CRIME IN OUT CITY AND COUNTY. Thank you. Don't you dare delay. Ridley-Thomas, Bonin, O'Farrell, De Leon, Price, we are counting on you to counterweigh Judge Doom Busciano's crazy red car killing ass so it is crucial that you sell this as not explicitly for the homeless. I would refer all Councilmembers to the published novel 'Everybody Poops', which will indeed address any remaining questions as to the broad public support this will have if implemented properly. Alex Barber P.S. Red line train to San Pedro, so pleased to see that being studied - let's get it done we need it bad on Vermont!

Comments for Public Posting: I don't see any concrete steps in this proposal to increase the amount of housing available or to increase the resources available to house anyone beyond what already exists. For that reason, this proposal seems misnamed.

Comments for Public Posting: I fully and enthusiastically support the right to housing initiative. Homelessness is a grave moral crisis in the City County of Los Angeles. Policy initiatives that bring the legal power and resources of government to address the issue of homelessness are absolutely necessary.
