City Councilmembers,

Support worker retention and right of recall to ensure workers in LA can weather the COVID-19 health crisis!

Workers in the hospitality industry are among the hardest hit during the current COVID-19 public health crisis. Many of us have either had our hours severely cut or have been laid off all together. The uncertainty of whether and when we will be able to return to work is devastating to thousands of workers in Los Angeles. Please stand with Hospitality Workers in this difficult time.

¡Nosotros necesitamos la retención de trabajadores y el derecho de devolucion para garantizar que los trabajadores en LA puedan sobrevivir la crisis de COVID-19!

Los trabajadores de la industria hotelera se encuentran entre los más afectados durante la crisis de salud pública de COVID-19. A muchos de nosotros nos han reducido nuestras horas o hemos sido despedidos del trabajo. La incertidumbre de si podremos volver a trabajar y cuándo será es grave para miles de trabajadores en Los Ángeles. Le pedimos que apoya a los trabajadores de la hospitalidad.

City Councilmembers,

Thousands of Angelenos have lost their jobs. We need a strong job security law to make sure Angelenos can return to their jobs when the coronavirus crisis ends.

According to worker reports, the Chateau Marmont initially told employees that they would be able to maintain their insurance during the downturn. Two days later, the hotel told workers that they would be terminated, with no continuing health insurance or a commitment to recall workers when the hotel recovers. The "rack rate" for a one-bedroom suite at the hotel is currently \$885 a night.

Workers at Mr. C's Hotel report a similar experience. According to worker reports, on March 13th, hotel management at Mr. C's Hotel distributed individual letters to employees notifying them they were being terminated immediately. Workers also report that the hotel informed them their positions would be eliminated due to the coronavirus outbreak and they would receive no severance money. Fired employees were offered COBRA health coverage for only one month.

After 9/11, the City of Santa Monica passed a worker job security law to ensure that hotel workers displaced by the economic impact of 9/11 could return to work in order of seniority when business returned. Please support the Citywide Worker Retention Ordinance which will ensure that workers laid off during the coronavirus crisis will have a job to return to when the crisis subsides.

Thank you,

Joseph Maizlish

Subject: Opposition to Right of Recall Ordinance

Honorable City Clerk Office:

We are sending this letter on the record, regarding City Council emergency ordinance consideration and opposing the Right of Recall Ordinance.

Please consider this to the record as of this morning, it was already provided and sent to the president and all council members.

Thank you for consideration of our concern and LA City issues in the near future.

Please reconsider,

Rose Fistrovic

Workers also report that the hotel informed them their positions would be eliminated due to the coronavirus outbreak and they would receive no severance money. Fired employees were offered COBRA health coverage for only one month.

After 9/11, the City of Santa Monica passed a worker job security law to ensure that hotel workers displaced by the economic impact of 9/11 could return to work in order of seniority when business returned. Please support the Citywide Worker Retention Ordinance which will ensure that workers laid off during the coronavirus crisis will have a job to return to when the crisis subsides.

City Councilmembers,

Thousands of hard-working Angelenos have lost their jobs. We need a strong job security law to make sure Angelenos can return to their jobs when the coronavirus crisis ends.

According to worker reports, the Chateau Marmont initially told employees that they would be able to maintain their insurance during the downturn. Two days later, the hotel told workers that they would be terminated, with no continuing health insurance or a commitment to recall workers when the hotel recovers. The "rack rate" for a one-bedroom suite at the hotel is currently \$885 a night.

Workers at Mr. C's Hotel report a similar experience. According to worker reports, on March 13th, hotel management at Mr. C's Hotel distributed individual letters to employees notifying them they were being terminated immediately. Workers also report that the hotel informed them their

positions would be eliminated due to the coronavirus outbreak and they would receive no severance money. Fired employees were offered COBRA health coverage for only one month.

After 9/11, the City of Santa Monica passed a worker job security law to ensure that hotel workers displaced by the economic impact of 9/11 could return to work in order of seniority when business returned. Please support the Citywide Worker Retention Ordinance which will ensure that workers laid off during the coronavirus crisis will have a job to return to when the crisis subsides.

City Councilmembers,

Support worker retention and right of recall to ensure workers in LA can weather the COVID-19 health crisis!

Workers in the hospitality industry are among the hardest hit during the current COVID-19 public health crisis. Many of us have either had our hours severely cut or have been laid off all together. The uncertainty of whether and when we will be able to return to work is devastating to thousands of workers in Los Angeles. Please stand with Hospitality Workers in this difficult time.

¡Nosotros necesitamos la retención de trabajadores y el derecho de devolucion para garantizar que los trabajadores en LA puedan sobrevivir la crisis de COVID-19!

Los trabajadores de la industria hotelera se encuentran entre los más afectados durante la crisis de salud pública de COVID-19. A muchos de nosotros nos han reducido nuestras horas o hemos sido despedidos del trabajo. La incertidumbre de si podremos volver a trabajar y cuándo será es grave para miles de trabajadores en Los Ángeles. Le pedimos que apoya a los trabajadores de la hospitalidad.

City Councilmembers,

Support worker retention and right of recall to ensure workers in LA can weather the COVID-19 health crisis!

Workers in the hospitality industry are among the hardest hit during the current COVID-19 public health crisis. Many of us have either had our hours severely cut or have been laid off all together. The uncertainty of whether and when we will be able to return to work is devastating to thousands of workers in Los Angeles. Please stand with Hospitality Workers in this difficult time.

¡Nosotros necesitamos la retención de trabajadores y el derecho de devolucion para garantizar que los trabajadores en LA puedan sobrevivir la crisis de COVID-19!

Los trabajadores de la industria hotelera se encuentran entre los más afectados durante la crisis de salud pública de COVID-19. A muchos de nosotros nos han reducido nuestras horas o hemos sido despedidos del trabajo. La incertidumbre de si podremos volver a trabajar y cuándo será es grave para miles de trabajadores en Los Ángeles. Le pedimos que apoya a los trabajadores de la hospitalidad.

¡Nosotros necesitamos la retención de trabajadores y el derecho de devolucion para garantizar que los trabajadores en LA puedan sobrevivir la crisis de COVID-19!

Los trabajadores de la industria hotelera se encuentran entre los más afectados durante la crisis de salud pública de COVID-19. A muchos de nosotros nos han reducido nuestras horas o hemos sido despedidos del trabajo. La incertidumbre de si podremos volver a trabajar y cuándo será es grave para miles de trabajadores en Los Ángeles. Le pedimos que apoya a los trabajadores de la hospitalidad.

City Councilmembers,

Support worker retention and right of recall to ensure workers in LA can weather the COVID-19 health crisis!

Workers in the hospitality industry are among the hardest hit during the current COVID-19 public health crisis. Many of us have either had our hours severely cut or have been laid off all together. The uncertainty of whether and when we will be able to return to work is devastating to thousands of workers in Los Angeles. Please stand with Hospitality Workers in this difficult time.

Subject: Ordinance being voted on March 27
To: CityClerk@lacity.org <CityClerk@lacity.org>

Hello Councilman Bonin, I hope you are well.

Well intended initiatives will have negative unintended consequences. A one size fits all ordinance does not work for all businesses.

Three ordinances will be voted on tomorrow that are of concern to the business community:

Right of Recall Ordinance (Written Comment Number: 20-0147-S15)

- Retroactive to March 4, 2020 and in effect until March 4, 2022
- Ensures priority re-hiring by seniority to those laid off due to COVID-19.

Citywide Worker Retention Ordinance (Written Comment Number: 20-0147-S35)

- In a change of control scenario, successor business are required to rehire and retain employees
- There is no sunset clause for the ordinance

Supplemental Paid Sick Leave (Written Comment Number: 20-0147-S39)

- Businesses must provide 80 hours of sick leave to employees during the COVID-19 pandemic
- Sunsets on December 31, 2020

As we engage with businesses who are cash strapped and struggling to survive, layering regulations that will take them into a deeper economic crisis is of great concern.

Please do not pass these. Call me with any questions.

Kurt

Sometimes well intended initiatives have negative unintended consequences. A one size fits all ordinance does not work for everyone in the businesses community.

Three ordinances will be voted on that are of concern to the business community:

Right of Recall Ordinance (Written Comment Number: 20-0147-S15)

- Retroactive to March 4, 2020 and in effect [until March 4, 2022](#)
- Ensures priority re-hiring by seniority to those laid off due to COVID-19.

Citywide Worker Retention Ordinance (Written Comment Number: 20-0147-S35)

- In a change of control scenario, successor business are required to rehire and retain employees
- There is no sunset clause for the ordinance

Supplemental Paid Sick Leave (Written Comment Number: 20-0147-S39)

- Businesses must provide 80 hours of sick leave to employees during the COVID-19 pandemic
- Sunsets [on December 31, 2020](#)

3/27/2020

City of Los Angeles Mail - Fwd: Ordinance being voted on March 27

As the city engages with businesses who are cash strapped and struggling to survive, layering on additional regulations that will take them into a deeper economic crisis is of great concern.

Please do not pass these ordinances.

City Councilmembers,

Support worker retention and right of recall to ensure workers in LA can weather the COVID-19 health crisis!

Workers in the hospitality industry are among the hardest hit during the current COVID-19 public health crisis. Many of us have either had our hours severely cut or have been laid off all together. The uncertainty of whether and when we will be able to return to work is devastating to thousands of workers in Los Angeles. Please stand with Hospitality Workers in this difficult time.

¡Nosotros necesitamos la retención de trabajadores y el derecho de devolucion para garantizar que los trabajadores en LA puedan sobrevivir la crisis de COVID-19!

Los trabajadores de la industria hotelera se encuentran entre los más afectados durante la crisis de salud pública de COVID-19. A muchos de nosotros nos han reducido nuestras horas o hemos sido despedidos del trabajo. La incertidumbre de si podremos volver a trabajar y cuándo será es grave para miles de trabajadores en Los Ángeles. Le pedimos que apoya a los trabajadores de la hospitalidad.

City Councilmembers,

Thousands of hard-working Angelenos have lost their jobs. We need a strong job security law to make sure Angelenos can return to their jobs when the coronavirus crisis ends.

According to worker reports, the Chateau Marmont initially told employees that they would be able to maintain their insurance during the downturn. Two days later, the hotel told workers that they would be terminated, with no continuing health insurance or a commitment to recall workers when the hotel recovers. The "rack rate" for a one-bedroom suite at the hotel is currently \$885 a night.

Workers at Mr. C's Hotel report a similar experience. According to worker reports, on March 13th, hotel management at Mr. C's Hotel distributed individual letters to employees notifying them they were being terminated immediately. Workers also report that the hotel informed them their positions would be eliminated due to the coronavirus outbreak and they would receive no severance money. Fired employees were offered COBRA health coverage for only one month.

After 9/11, the City of Santa Monica passed a worker job security law to ensure that hotel workers displaced by the economic impact of 9/11 could return to work in order of seniority when business returned. Please support the Citywide Worker Retention Ordinance which will ensure that workers laid off during the coronavirus crisis will have a job to return to when the crisis subsides.

Thank you,

Charles Carnow

City Councilmembers,

Thousands of hard-working Angelenos have lost their jobs. We need a strong job security law to make sure Angelenos can return to their jobs when the coronavirus crisis ends.

According to worker reports, the Chateau Marmont initially told employees that they would be able to maintain their insurance during the downturn. Two days later, the hotel told workers that they would be terminated, with no continuing health insurance or a commitment to recall workers when the hotel recovers. The “rack rate” for a one-bedroom suite at the hotel is currently \$885 a night.

Workers at Mr. C's Hotel report a similar experience. According to worker reports, on March 13th, hotel management at Mr. C's Hotel distributed individual letters to employees notifying them they were being terminated immediately. Workers also report that the hotel informed them their

positions would be eliminated due to the coronavirus outbreak and they would receive no severance money. Fired employees were offered COBRA health coverage for only one month.

After 9/11, the City of Santa Monica passed a worker job security law to ensure that hotel workers displaced by the economic impact of 9/11 could return to work in order of seniority when business returned. Please support the Citywide Worker Retention Ordinance which will ensure that workers laid off during the coronavirus crisis will have a job to return to when the crisis subsides.

Thank you,

Jacqueline Cuatete

According to worker reports, on March 13th, hotel management at Mr. C's Hotel distributed individual letters to employees notifying them they were being terminated immediately. Workers also report that the hotel informed them their positions would be eliminated due to the coronavirus outbreak and they would receive no severance money. Fired employees were offered COBRA health coverage for only one month.

After 9/11, the City of Santa Monica passed a worker job security law to ensure that hotel workers displaced by the economic impact of 9/11 could return to work in order of seniority when business returned. Please support the Citywide Worker Retention Ordinance which will ensure that workers laid off during the coronavirus crisis will have a job to return to when the crisis subsides.

City Councilmembers,

Thousands of hard-working Angelenos have lost their jobs. We need a strong job security law to make sure Angelenos can return to their jobs when the coronavirus crisis ends.

According to worker reports, the Chateau Marmont initially told employees that they would be able to maintain their insurance during the downturn. Two days later, the hotel told workers that they would be terminated, with no continuing health insurance or a commitment to recall workers when the hotel recovers. The "rack rate" for a one-bedroom suite at the hotel is currently \$885 a night.

Workers at Mr. C's Hotel report a similar experience. According to worker reports, on March 13th, hotel management at Mr. C's Hotel distributed individual letters to employees notifying them they were being terminated immediately. Workers also report that the hotel informed them their

positions would be eliminated due to the coronavirus outbreak and they would receive no severance money. Fired employees were offered COBRA health coverage for only one month.

After 9/11, the City of Santa Monica passed a worker job security law to ensure that hotel workers displaced by the economic impact of 9/11 could return to work in order of seniority when business returned. City Councilmembers,

Support worker retention and right of recall to ensure workers in LA can weather the COVID-19 health crisis!

Workers in the hospitality industry are among the hardest hit during the current COVID-19 public health crisis. Many of us have either had our hours severely cut or have been laid off all together. The uncertainty of whether and when we will be able to return to work is devastating to thousands of workers in Los Angeles. Please stand with Hospitality Workers in this difficult time.

¡Nosotros necesitamos la retención de trabajadores y el derecho de devolucion para garantizar que los trabajadores en LA puedan sobrevivir la crisis de COVID-19!

Los trabajadores de la industria hotelera se encuentran entre los más afectados durante la crisis de salud pública de COVID-19. A muchos de nosotros nos han reducido nuestras horas o hemos sido despedidos del trabajo. La incertidumbre de si podremos volver a trabajar y cuándo será es grave para miles de trabajadores en Los Ángeles. Le pedimos que apoya a los trabajadores de la hospitalidad.

City Councilmembers,

Support worker retention and right of recall to ensure workers in LA can weather the COVID-19 health crisis!

Workers in the hospitality industry are among the hardest hit during the current COVID-19 public health crisis. Many of us have either had our hours severely cut or have been laid off all together. The uncertainty of whether and when we will be able to return to work is devastating to thousands of workers in Los Angeles. Please stand with Hospitality Workers in this difficult time.

¡Nosotros necesitamos la retención de trabajadores y el derecho de devolución para garantizar que los trabajadores en LA puedan sobrevivir la crisis de COVID-19!

Los trabajadores de la industria hotelera se encuentran entre los más afectados durante la crisis de salud pública de COVID-19. A muchos de nosotros nos han reducido nuestras horas o hemos sido despedidos del trabajo. La incertidumbre de si podremos volver a trabajar y cuándo será es grave para miles de trabajadores en Los Ángeles. Le pedimos que apoye a los trabajadores de la hospitalidad.

Support worker retention and right of recall to ensure workers in LA can weather the COVID-19 health crisis!

Workers in the hospitality industry are among the hardest hit during the current COVID-19 public health crisis. Many of us have either had our hours severely cut or have been laid off all together. The uncertainty of whether and when we will be able to return to work is devastating to thousands of workers in Los Angeles. Please stand with Hospitality Workers in this difficult time.

¡Nosotros necesitamos la retención de trabajadores y el derecho de devolucion para garantizar que los trabajadores en LA puedan sobrevivir la crisis de COVID-19!

Los trabajadores de la industria hotelera se encuentran entre los más afectados durante la crisis de salud pública de COVID-19. A muchos de nosotros nos han reducido nuestras horas o hemos sido despedidos del trabajo. La incertidumbre de si podremos volver a trabajar y cuándo será es grave para miles de trabajadores en Los Ángeles. Le pedimos que apoya a los trabajadores de la hospitalidad.
