Comments for Public Posting: Start From Yourself,we are all in the same both. Don't get paid for 3 years and let us know how it is top not bel able to pay your car payment ,groceries ,loans,taxes,utilities . Start from yourself cause thats TRUE JUSTICE. Housing provider are helping city of LA to have less homeless ,if these people wanted affordable housing from you ,it would take them forever ,how often does the section 8 application moves ???? 7-8 years You got the answer, we are already a huge part of supporting less homelessness in LA as we do care more than you about the safety of our children and families , We do care more about safety in City of LA and affordable life for everyone, Its all you irresponsible people who are a true disappointment for this system . With NO common sense that the economy and homeless will get way worse if small business owners are not here. Without us you are no one. Lets face the justice ,start with WHY are you irresponsible and uneducated about your county's regulations and laws and how can speak and represent people who you have no idea about the reality of their lives. By just sitting in your office and giving us advice how to manage our business ?????? IS city if LA limiting car dealerships on payment collection or grocery shops on not charging groceries . FOOD is a basic human right .whats the difference here. As you unreliable people have no understanding or Economy and business management and thats why you FAIL to do your job. DONT GET PAID AND LET US KNOW YOUR FEEDBACK IN 3 years .

Comments for Public Posting: Food is also a basic need ,yet no one is saying grocery stores should not charge people for food they are consuming. The problem is you have failed to recognize that rental housing is a business which helping with resolving this issue,without housing providers all these people gonna wait for years and year for affordable housing in government . If you fall behind your car loan does the county , Require any car dealer to forgive your payment. How could you possibly think of cutting off your own income for the rest of your life and end this injustice.
