Dear City Council, I would like to thank you for helping us during this time of need. I am having financial hardship due to the pandemic we are currently under coronavirus. I have lost all my projects until further notice working in the entertainment industry. I would like assistance in deferred payment for all of the companies that can support us at this time. I have a business location coworking space called spaces that is currently still open and operating, but it is unsafe and they are not deferring my payments. I have lost my work and i need to get back to work to make payments monthly for my business center. Same for utilities and credit card payments. Please help us defer payments until we are cleared to go back to work. My employment is in the entertainment industry working in advertisements and we have had every single job cancelled due to safety reasons as well as complying by the laws. I have been in this profession for 14 years to date and i ask for support letting corporations know we need their support and help make a difference in the lives of the community members being affected at this time. Thank you so much
