Comments for Public Posting: So many of us are counting on you at this time. As the length of quarantine increases due to COVID-19, you must put a moratorium on rent and mortgages for all residents. I understand that there is currently a moratorium already placed on evictions and I commend you for that initial action. However, this action will still leave us all with huge debts on the other end. We need the full support of the state in this time and we need a full moratorium on rent and mortgages, we need a rent SUSPENSION. You are forcing us to stay home and not work and in doing so you are forcing us into immense debt. We want to protect our neighbors by staying home but we should not have to suffer a death by debt. Please do the right thing, Ashley
