Comments for Public Posting: Park rangers should NOT be at public parks carrying guns. It creates a dangerous environment for Angelenos that are regularly targeted by law enforcement. Guns don't keep people safe in parks.

Comments for Public Posting: There is Zero need for an officer to be a threat with guns in our parks- this is what 911 is designated for. No more guns

Comments for Public Posting: I am against rangers carrying firearms. It will only make things worse, only enable even more violence against the residents of this city. This proliferation of armament has to stop. Do not put even more guns on the streets, in the hands of those who will without a doubt use them against the people they are supposed to serve.

Comments for Public Posting: i live next to a public park and seeing armed rangers walking the grounds makes me feel much less safe. there is simply no need for armed forces in parks. having them pick up trash would be a much better use of their time and taxpayer dollars.

Comments for Public Posting: I vehemently oppose this motion. When I worked, for the city, I was made a target both by Chief Ranger Loreselli and a very unhinged park ranger. They gave the public my name and city email address and falsely accused me of making a decision that came from their boss at RAP. I received no less than 100 emails, some of which were threatening in nature. Their decision making skills are rash and dangerous. They have access to LAPD at anytime and if a gun is needed they can request LAPD backup. Please, this is no different than giving a firecracker to a toddler.
