Council File No: 20-0190

Comments for Public Posting: This motion should NOT be renewed. There was huge opposition by the public against the idea of guns in our parks. People especially families do not want this! I don't know why except for councilmembers who are bought by special interests, why this motion would be reconsidered. This is another example of how city council is unrepresentative of the views of the public. Stop trying to put guns in our parks. Many countries don't even have arms police forces. This American obsession with guns is endangering the public. Vote NO on this motion.
