Comments for Public Posting: I am a parent of small children, and I oppose the proposal to arm park rangers with firearms. Our city has a large armed police population who can shoot people in the park if they can't possibly resolve an open campfire or a raccoon getting into the beer cooler otherwise. I don't see a need to arm more people with deadly weapons. Park rangers are not trained to execute deadly justice, nor should they be. If you want to carry a gun and walk around in the woods, get a hunting license.

Comments for Public Posting: Why are we trying to arm the Park Rangers? Don't we have enough armed law enforcement. We are living in an authoritarian takeover. We have armed, masked men kidnapping people EVERY SINGLE DAY. We have a police force complicit in these actions, working together with these criminal federal agents violating our state laws, sanctuary policies, The Constitution, and human rights every single day. We have vigilantes and proud boys coming out to support them. The last thing we need is another armed government agency in our city. We need more of our law enforcement to be disarmed, not armed. We need more mental health responders, not more guns. More money towards community improvements, not arms. Arming more people will only lead to more violence. And when it comes to the park rangers, we don't need our PARK RANGERS to be armed. Please do not arm the Park Rangers. Thank you.
