Dear Councilmembers,

This letter serves as notice that as of Sunday, December 5, 2021, 1016 people have signed the Friends of the Chili Bowl petition asking for the Chili Bowl to be saved from the threatened demolition and moved to a safe location, with the help of Councilmember Mike Bonin. That petition, the signatures and additional comments are attached to this letter, and the petition can be found at <https://www.change.org/savethechilibowl>

On the occasion of your re-vote on this matter, we urge you to vote YES and send the Chili Bowl's landmarking on to full City Council for a vote. This programmatic building is unique within Los Angeles, almost unchanged from when it was built in 1935, and if a landmark could be easily moved to another location or incorporated into a new development.

Our Friends of the Chili Bowl petition was only started because on June 15, 2021, PLUM failed to call on nominators the Los Angeles Conservancy or on any citizen waiting on the line to speak, creating the impression that no preservation advocate was attending the hearing to support declaring the Chili Bowl an HCM.

But in fact, PLUM staff failed to call on the Los Angeles Conservancy and the citizens waiting on the line, resulting in a Writ of Mandate filed with the Los Angeles Superior Court demanding that a judge step in to ensure that your Brown Act violations be cured and corrected.

It is unacceptable that anyone waiting to speak at a public meeting is not called on. This is the bare minimum of your responsibility as a civic body. And yet this happens again and again. You must stop violating the Brown Act, breaking the law and wasting citizens' time.

Listen to the hundreds of people who support the landmark designation for the Chili Bowl and do the right thing at Tuesday's hearing. Save the Chili Bowl!

sincerely yours,  
Kim Cooper & Richard Schave

Friends of the Chili Bowl started this petition to Councilman Mike Bonin

On June 15, 2021, Senior Planning Deputy Jason Patrick Douglas from Los Angeles City Councilman Mike Bonin's office appeared before the PLUM Committee to state Bonin's objection to landmarking the Chili Bowl at 12244-12248 West Pico Boulevard.

The reason given is clearly unsupported by visual evidence, and by the Cultural Heritage Commission's informed decision. Douglas said: "We find that the evidence in the record shows that due to extensive alterations to the structure, the property does not possess sufficient architectural quality or integrity to meet the criteria set forth to designate the structure as a Historic-Cultural Monument."

Because PLUM always defers to the local councilmember, they immediately moved to unanimously reject the Los Angeles Conservancy's landmark nomination, thus dooming the Chili Bowl to almost certain demolition.

As Friends of the Chili Bowl, we say no! This cultural landmark is simply too cool to die. Instead, it must be picked up and moved somewhere new, just like it was in 1939, and restored and reactivated for future generations of Angelenos and tourists to enjoy. We are petitioning Mike Bonin to halt the application for a demolition permit and to work with us to protect and move the Chili Bowl to an appropriate site to be determined within the City of Los Angeles.

Mike Bonin: you had the power to kill the Chili Bowl at PLUM, but you also have the power to save it. We are counting on you to listen to the voices of the local Neighborhood Council and the thousands of citizens who love the Chili Bowl, do the right thing, and save this weird, cool, only-in-Los Angeles building and honor the memory of the visionary restaurateur Art Whizin!
