Comments for Public Posting: I do not support the housing development for homeless in the heart of the Wilmington community. The city of Wilmington continues to be exploited by neighboring communities as a dumping ground for homeless people. It is unacceptable to place a homeless shelter near multiple schools and homes. Wilmington citizens have been outraged at the idea of a homeless shelter and are being ignored. Hundreds of citizens were quick to sign the Move On petition organized by community members. I understand the need to help the homeless, but not at the cost of our safety and peace of mind. We do not need more crimes or drug problems brought into the city. Disruptive homeless will be forced out of shelters and free to roam about the community. There has to be a better location for a homeless shelter.
