Comments for Public Posting: I am a South Los Angeles native and a Social Equity Tier 1 applicant. I would like to comment on Recommendation item 2(b). As known, many applicants have undergone heavy losses and challenges during the application process, and now the uncertainties of the pandemic. I believe this recommendation will bring hope and certainty to small business owners. It will allow us to move forward and redirect the numerous years endured of disproportionality. Our contribution will help with employment opportunities and the recovery of the economy. I would like to thank the Mayor and City Council for your consideration.
