Summary: Whereas the residents of Silver Lake are concerned with the damage to health and effect on climate change caused by burning fossil fuels, and whereas the common practice of investing in fossil fuels contributes greatly to the marketplace dominance of fossil fuels, the Silver Lake Neighborhood Council supports Council File 20-0492 and notes the City should not be supporting investments in fossil fuel companies, and residents shouldn't have to worry about the City's insurance vendors failing due to investments in a declining industry. Therefore be it resolved, that the Silver Lake Neighborhood Council SUPPORTS the Blumenfield motion in Council File 20-0492 to create a rating system for insurance provider identifying their risk due to fossil fuel investments.
