Hello,

My name is Samantha Aurelio. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Samantha Aurelio

Hello,

My name is Austin Saigal. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Austin Saigal

Hello,

My name is Renee Cruz. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Renee Cruz

Hello,

My name is TR, I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
TR

Please take action

Hello,

My name is Eoin Thomas Sharkey. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

Also, I demand that there are more Protocols in place for deescalation instead of using weapons, and that all police have to document any activity they are doing (ie what force was used, the tactics used before force was taken, body cameras citation, badge number citation).

Please make changes that help keep our city safe, not continue to put a group of individuals with more power To be a bully to whomever they see fit.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

Hi Mayor Garcetti,

My name is Lisa Corbin. I am a resident of the USA, global citizen, I frequent LA and buy CA goods. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of you - the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at **$1,857,330,549,** the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. **Thousands have died who did not need to. You have the ability to change this, so do it.**

Sincerely,
Lisa Corbin

Budget Restructuring

1 message

From: Marriel D <marriel.dennis@gmail.com>
To: mayor.garcetti@lacity.org
At: Thu, Jun 4, 2020 at 9:53 AM

Hello,

My name is Marriel. I am a resident of Los Angeles County and I am emailing on behalf of the public's demand to restructure the Los Angeles city budget, so as to prioritize more resources for underprivileged communities.

Firstly, I would like to say that majority of crime is committed because of lack of resources. The reason high crime occurs in low income areas is because the people that inhabit these areas were born into an environment with less opportunity.

By restructuring the budget and pouring resources into other categories, such as education, social services, homeless and other opportunities for underprivileged people/youth we improve the quality of life, therefore decrease crime. This will definitely not be an overnight occurrence, and I am not calling for the eradication of the police. But I believe that allocating more money towards starting the underprivileged out on a level playing field with their more wealthy counterparts will prove to be far more beneficial for the people of LA.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Please consider what you do with the power you've been given.

Sincerely,

Marriel

Hello,

My name is Frances Donahoe. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Frances

It really isn’t fair that money goes into keeping people locked up and mainly only black lives that are being incarcerated. It isn’t fair that the city rather allocate funds towards this rather than funding schools to teach our youths and give everyone a fighting chance to be educated.

Sincerely,
[your name]

Hello,

My name is Haley Fredricks. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Haley Fredricks

From: Arielle Davalos <davalosa98@gmail.com>
To: mayor.garcetti@lacity.org
At: Thu, Jun 4, 2020 at 10:00 AM

Hello,

My name is Arielle Davalos. As a resident of Los Angeles County, I feel it is my duty to email and demand the restructuring of the Los Angeles city budget. The city needs to prioritize social services, healthcare, and the arts for LA schools and communities, and to drastically minimize spending on Police.

I am strongly demanding that the mayor, controller, and all city council members prove their dedication, their loyalty, and love to the people of Los Angeles and reallocate funds to directly benefit those in need.

It is honestly absurd that with a police budget of $1,857,330,549, it is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

It is an absolute necessity now more than ever that we defund the police and restructure the budget. There are 58,936 DOCUMENTED homeless people in Los Angeles. Healthcare workers are without proper equipment. In Los Angeles County, more than 30% of residents have filed for unemployment.

Don't employ officers to take on multiple roles of social worker, law enforcer, etc.,
EMPLOY OTHERS QUALIFIED AND SPECIALIZED IN THAT PROFESSION

LAPD has more funding than it needs, and we are well aware that money is going to those who are not using it to positively affect the community. There are communities who desperately need funding! Every day they don't receive it, and every day their quality of life worsens. Thousands have died who did not need to. You have the ability to change this if you consider the people's budget, so do it.

https://peoplesbudgetla.com/

Respectfully,
Arielle

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Mr. Tanner Rittenhouse

Hello,

My name is Marissa Hall. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

My name is Julia Ortiz. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Julia Ortiz

Hello,

My name is Chloe Parks. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. And not just 3% or 5%. We're talking about a much greater shift of budget reallocation from the bloated 3 billion set aside for the murderous police force.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, [your name]

Hello,

My name is Christopher Rosenblum. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Christopher Rosenblum

My name is Luca Gallo. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Luca Gallo

Hello,

My name is Cristian Fonseca. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Cristian Fonseca

Hello,

My name is Shank Keuk Xin Er. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Shank Keuk Xin Er

Hello,

My name is Rafael Gomez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

We the people are demanding for the defunding and disarming of LAPD. Not more funds directed towards de-escalation training, police and community relationship building, no. The defunding and disarming of LAPD.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Rafael

Hello,

My name is Hassan Mansour. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Hassan Mansour

Hello,

My name is Carolyn I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
CH

Carolyn Haskell

Hello,

My name is Jennifer. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jennifer

Hi,

My name is Anna Wright. I am a resident of Long Beach and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to cut funds for the LAPD.

It is ridiculous that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency put together.

There are 58,936 DOCUMENTED houseless people living in LA. There are healthcare workers without proper equipment who are responding to the PANDEMIC. Greater than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

I challenge the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

While LAPD has TOO MUCH funding than it knows what to do with, there are communities who desperately need funding and every day that they don't receive it their quality of life worsens. So many have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Anna Wright

Hello,

My name is Andrew Lopez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

Hello,

My name is Ellie Weston. I am currently a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for local communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Ellie Weston

At: Thu, Jun 4, 2020 at 10:06 AM

Hello,

My name is Corbin Craft. I am a resident of North Hollywood Arts District and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their loyalty to their fellow humans and put the dire needs of the public above their own individual self interests.

In other words, pardon my profanity, but demonstrate a shred of fucking leadership. Your oath to the public good is sacred, and when you abandon it...the profane has a way of gaining traction.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Also, you and Chief Moore should very likely resign with the appropriate amount of composure and self-effacing honor. This is not about you being bad men in your characters. That is between you and you. You failed on so many of your duties, and the only way for you and all of us to improve is to hold yourselves accountable.

Really — truly think about it. Yes, it is a sacrifice. But on the other side of a sacrifice is more freedom. I'd be willing to bet that right now you very likely feel as insignificant and vulnerable as you've ever felt. Do you like feeling small? Isn't it weird that having more power doesn't make you feel much bigger, but claiming and exercising more responsibility does?

I strongly urge you to meet your moment in history by acknowledging your profound failures, and letting whatever good you do in your lives from here on out be written in your ensuing chapters.

This one MUST end.

Sincerely,
Corbin Craft

My name is Emma. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Emma

My name is Wendy Martinez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Wendy Martinez

Hello,

My name is Donavan Duelas. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Donavan Duelas

Hello,

My name is Melanie. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Melanie

Hello Mayor Garcetti,

My name is Kaitlin Hartman. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Not to mention, it is surprisingly $122 million more than last year, knowing the city's Office of Finance is anticipating 2021 tax revenues to be between $45-$400 million short due to the coronavirus pandemic.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding, and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Kaitlin Hartman

Hello,

My name is Kimia Samandi. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Kimia Samandi

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

Hello,

My name is Hannah Chow. I am a resident of West Adams, Los Angeles and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. As of yesterday, you promised to redistribute a mere 5% of the absurd LAPD budget to resources that would help the black community - it’s not enough. We are asking for more than that - we are asking for an entire restructure of the policing system and an entire restructure of our society.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Hannah Chow

Hello,

My name is Kyra Pellant. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Kyra Pellant

Hello,

My name is Audrey McLane. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

It is necessary to do more than transfer some funding from the LAPD budget. The released statement regarding this transfer by the mayor is a step forward, but is still not enough. Expanding police measures and trainings is not the final step. Real budget change is necessary, and much of the services currently provided by the LAPD such as wellness checks, are better fulfilled by other departments such as social services.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Audrey McLane

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Michelle Park

At: Thu, Jun 4, 2020 at 10:26 AM

Hi all,

My name is Paige - I am a resident of Los Angeles County, and I am contacting to ask for major structural changes of of the Los Angeles city budget. This works to serve more social services for communities, and to significantly decrease and minimize spending that goes towards the Los Angeles Police.

I demand of the mayor, controller, and all members of city council to show their love and dedication to the people of Los Angeles - and this can only be done when we reallocate funds to directly benefit those who are in need.

At $1,857,330,549, the police budget is larger than the funding that goes to the fire department, the Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency *combined*.

There are 58,936 documented houseless people in Los Angeles. Here, there are healthcare workers without proper and necessary equipment. Over 30% of Los Angeles County residents have filed for unemployment, losing their healthcare along the way. Defunding the police and restructuring the budget is an absolute necessity - now more than ever.

While LAPD has more funding than most certainly what is needed, there are communities of color who desperately need the same level of both funding and care. You have the ability to change this, so please, do it.

Thank you!

Hello,

My name is Ylan Guinsbourg. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Ylan Guinsbourg

Hello,

My name is Raiza Balancio. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Raiza Balancio

Hello,

My name is [Alejandra Segueda]. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change

this, so do it.

Sincerely,
[Alejandra Segueda]

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

David Au

Hello,

My name is Kylie Garvey . I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Kylie Garvey

Hello,

My name is Yesenia flores. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Yesenia

From: 'Mary Francis' via Clerk - CityClerk <cityclerk@lacity.org>
To: mayor.garcetti@lacity.org
At: Thu, Jun 4, 2020 at 10:29 AM

Hello,

My name is Mary Francis. I've been a resident of Los Angeles County for several years now, and I've come to love this city deeply. But things cannot go on as they are. The LA city budget is in serious need of restructuring. In a time of deep tension, and the overwhelming effect of the COVID-19 Pandemic, social services for local communities should be prioritized. Particularly over the current budgeting of Police Department.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city.

Please. Reallocate funds to directly benefit those in need.

At $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. That is an insanely large number, something I believe the people in positions of power can recognize. (It's not exactly the kind of money sitting around in Joe Schmoe's checking account.) It's certainly a number that highlights the disparity between the Police Department and other highly important departments in this city, don't you think?

Defunding the police and restructuring the budget is a necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Those agencies mentioned above? They have the capacity to make a difference in the lives of many vulnerable people, but ONLY if they receive the proper funding. I implore you all to stop and think about why LA is so resistant to invest in it's people, because that is what you're doing when you invest in the homeless, in Public Works, in community programs. While LAPD has more funding than it knows what to do with, there are vulnerable communities in our area who need funding. You all have the power to change lives while allocating money. This situation is quite literally life and death for many men and women in our city.

All I can hope to do is appeal to your humanity, and ask that you listen to the community that's trying to speak with you. I really hope you all choose to listen.

Thank you,
Mary Francis

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Yesenia

Hello,

My name is Trishia Moje. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Trishia Moje

Hello,

My name is poppy. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Poppy

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Maya Christensen

Hello,

My name is Abby Thomas. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Abby Thomas

Hello,

My name is Charlotte Lawrence. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Charlotte

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Stephanie S.

Hello,

My name is Josh. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

My name is Ashley Gamez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Ashley Gamez

To: "mayor.garcetti@lacity.org" <mayor.garcetti@lacity.org>
At: Thu, Jun 4, 2020 at 10:40 AM

Hello,

My name is Danielle Vazquez, and I am a lifelong Angeleno emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. As a Latina medical student, I have seen my patients and family members struggle to thrive in this city with strapped social services and infrastructure while the budget for police continues to grow un-proportionately. As a Venice high school student, I often had to sit on the floor of my classes because we had more students to a class than a desk. Walking my baby sister, I have had to stop countless times to ask whether an unresponsive person living on the street needed medical attention.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Maral Dinarvand

Hello,

My name is [insert name]. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Shanae Trumper

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

Don’t Defund the LAPD

1 message

From: Sonia Cortez <sonialc87@gmail.com>
To: mayor.garcetti@lacity.org
At: Thu, Jun 4, 2020 at 10:46 AM

Hello, my name
Is Sonia and I grew up in the city
Of South Los Angeles, I’ve had several encounters with the Los Angeles police departments in my 32 years of life...from family altercations, reporting calls of violence due to my neighbors to someone’s breaking into my
House and I can only remember one time, just one time where I was treated like scum from a Cop, but all the other times (which count more then anything) the Police that showed up we’re amazing, kind and made me feel safe. I don’t think the LAPD should be defunded because of one man or a few bad apples. There are bad people and there a good people...it is unfortunate that some of those bad people wear blue.
I can tell you why that cop treated me the way that they did...she was a female, she was one female that had to prove or maybe felt like she needed to prove herself in some way. I Thank God every day the only thing she did was bruise my Arms...yes I am aware that it only
Takes one moment that can define what one may stand for. But I have some many “one moments” in myLifetime when a LAPD officer protected me, made me feel like my Life mattered. my dark brown skin didn’t matter to a white, black, brown officer...what mattered was my life, my safety. I believe defunding the LAPD would be a huge mistake. I am a single mother with 2 beautiful children...and I don’t want them to live in a world where they fear for their lives because we don’t have anyone to protect and to serve. I pray that this email does not go unread.

Sincerely, Sonia

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Libier Figueroa

Hello,

I am Violet Vorlet. I am a resident of Virginia and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

My name is tyler. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Tyler

Hello,

My name is Grace Lim. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Grace Lim

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Cloe Cadenhead

Hello,

My name is Stacy Nam. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

Hello,

My name is Audrey Higa. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Audrey Higa

Urgent Public Comment Regarding Police Violence and Funding

1 message

From: Allison Michael <allisonmargaretmichael@gmail.com>
To: CityClerk@lacity.org
At: Thu, Jun 4, 2020 at 10:51 AM

Hello City Clerk's Office,

My name is Allison and I am a resident of Los Angeles. I am writing to you because it is time that the police department is no longer enabled to incite violence. The police department's allotment of the city budget needs to be redistributed to services that will uplift and protect black communities. The budget cuts that have already been proposed are not enough and the people of Los Angeles are demanding real accountability. I am calling on you Take a stand and hold Mayor Garcetti accountable to defund the LAPD, throw out the current city budget, and implement changes that more closely resemble the proposal provided by the People's Budget (peoplesbudgetla.com).

The People's Budget outlines services that are actually beneficial to all communities, especially those who are already impacted by systemic racism. Mental health, housing security, social work, public health, and health care services that save lives need to be prioritized over the police, who take lives.

I am counting on you to make decisions that will benefit and serve the people of Los Angeles. I love this city and I feel that protecting those who live here is of the utmost importance. I hope you feel the same way.

Thank you for your time,

Allison Michael

Hello,

My name is Leilani A. Escobedo. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Leilani A. Escobedo

Hello,

My name is Sophie Garcia. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Sophie Garcia

My name is Therese Rodriguez I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Therese Rodriguez

Hello,

My name is Katherine Muniz. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Katherine Muniz

Hello,

My name is Monica. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Monica

Hello,

My name is Hannah Wylie. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Hannah Wylie

Hello,

My name is Emily. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Emily

Hello,

My name is Angel Moreno. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Angel Moreno

To whom this may concern,

My name is Vi Tran. I am a resident of Los Angeles County and I am emailing to request the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on police. The current proposed allocation of $150 million isn't enough to help prioritize these communities.

I request that the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

There are communities who desperately need funding and their quality of life worsens with each passing day. You have the ability to change this, so I implore you, please listen to our plea.

Sincerely,
Vi Tran

Hello,

My name is Jacqueline Ortiz. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jacqueline Ortiz

Hello,

My name is Faith Van Horsen. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Faith Van Horsen

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Cassandra

Hello,

My name is Clarizzah Jovelle Macatugal. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
