Hello, My name Isabel Calkins. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Isabel Calkins

Hello,

My name is Patricia Reyes. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Patricia Reyes

Hello,

My name is Sadiya Kazani. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need rather than a systematically racist institution responsible for the BRUTAL MURDERS of over 600 members of LA's Black community.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. 80% of LAUSD students are at or below the poverty line, and many lack access to technology to support their education in this era of virtual distance learning. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Sadiya Kazani

Hello,

My name is Catherine Peng and I am a resident of Monterey Park in LA county. I am emailing to demand the restructuring of Los Angeles' city budget in a way that would better benefit our communities. This involves greatly minimizing spending on the police service.

It's no secret that LA communities, especially those in the inner city, suffer from poverty and low quality of life. This naturally means more crime, as poverty will lead to loss of self-respect. Policing is just a band-aid to this problem. There should be more focus on the root of crime, and that is the people. We need to give people the resources to pull themselves out of poverty. Instead of increasing the fighting of crime, we should prevent more crime from happening in the first place. Then, less police will be needed. This is a much more sustainable approach to eliminate crime, and will also prevent more instances of police brutality.

The LAPD has more funding than it knows what to do with, and there are communities who desperately need this money to gain basic human necessities. The police department is funded over a million dollars, more than the fire department, Office of Emergency Management, Department of Transportation, Street Services, and the Housing and Community Investment Agency combined. This is absurd. What makes the police department so much more important than these other sectors?

Re-evaluate your spending. You all have the power to turn people's lives around for the better, and it will only help this city. Do it.

Sincereley,
Catherine Peng

Hello,

My name is Samantha Lee Richardson. I am a LIFELONG, 4th generation resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Sam Richardson

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Nick Marsico

Hello,

My name is Mykaleah Coppola. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
M. Coppola

I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Saira S.

Hello,

My name is Shauni Quishenberry. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Shauni Quishenberry

Hello, My name is Michelle I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically **minimize spending on Police.** I demand of the mayor, controller, and all city council members to prove their love and **dedication to the people of their city** and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, **the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined**. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30 of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. While LAPD has more funding than it knows what to do with, **there are communities who desperately need funding and every day they don't receive it their quality of life worsens**. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely, Michelle

Hello,

My name is [insert name]. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Kira Klonel

Hello,

Let me start with this is not an “I hate cops” email. I have family on forces across the country both alive and deceased. This is an email stating a fact: you are the equivalent to Donald Trump (this is bad because he entices violence and is a racist), he has done nothing and you have done nothing. Be better and make a change.

My name is Monica Duggan. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Respectfully,
Monica

Hello,

My name is Kyle Jardinel. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

Hello,

My name is Cristian Ivan Herrera. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

It’s frustrating that I’m here at home with no income, no help, piled bills and no help yet police who threw gas at us and hit us with bats have all this money for warzone gear. Prior to this lease I was homeless sleeping in my car. No help I got through university and found myself a nice place. My life now in pause and headed backwards, it is unfair to see all that money pocketed by you in power while you have hard working driven individuals wanting more opportunity. LA does not need an army, we need resources and protection from corruption.

Please resign

Sincerely,
Cristian Ivan Herrera

At: Wed, Jun 3, 2020 at 9:00 PM

Good Afternoon,

My name is Yasmine Rahmani. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I request that the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. As a health care worker myself, this is baffling.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. Please help the people who make this city what it is.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Yasmine Rahmani

Hello,

My name is Kathryn Marie Harnish. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so please do it.

Sincerely,

Kathryn Marie Harnish

Hello,

My name is Jorge Martel. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jorge Martel

I have family on police forces in major cities, some of them have lost their lives. The living are ashamed at the lack of systematic change and the deceased would be horrified at the leadership we are seeing across the country.

Right now you are all equivalent to Donald Trump, you have done nothing but continue the issue. Please consider using your power and the trust we have put in you to be better.

Sincerely,
Monica

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

Hello, My name is Devon Poludniak. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Devon Poludniak

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Tiana

Hello,

My name is Maria Ruvalcaba. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Maria Ruvalcaba

Budget Re-evaluation

1 message

From: nathan alicaway <nalicaway14@gmail.com>
To: mayor.garcetti@lacity.org
At: Wed, Jun 3, 2020 at 9:05 PM

Good evening, but not really.

My name is Nathan Alicaway. As a resident of LA county, I demand a re-evaluation and change to the Los Angeles city budget, so that the money used on police is properly redistributed to more social services for communities.

The mayor and city council members need to reallocate funds to benefit everyone as a whole, especially those who need immediate help.

At a whopping $1,857,330,549, the police budget is bigger than those of the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police in order to restructure a currently disproportionate budget is very, very necessary. There are 58,936 documented homeless people in Los Angeles and counting. There are healthcare workers that can't access proper equipment such as ventilators and beds. More than 30% of Los Angeles County residents have filed for unemployment.

LAPD is not using the amount of money they possess effectively. This last week alone has demonstrated that. Especially at a time right now, where COVID-19 is still an issue that has put local businesses in their coffins and many in unemployment, the money should be distributed many places elsewhere. Thousands have died who did not need to and more are on the rise.

You have the ability to change this. Get to it already. This problem has been going on long enough.

Sincerely,
Nathan Alicaway

At: Wed, Jun 3, 2020 at 9:05 PM

Hello,

My name is Genesis. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their dedication to the people of their city, especially the Black community and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency COMBINED.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. This money can be reallocated to housing the homeless, providing better schools, and having a safer community overall.

While LAPD has more funding than it knows what to do with, which allows them to brutally harm the communities that they step in. There are communities who desperately need funding and every day they don't receive it their quality of life worsens. YOU HAVE BLOOD ON YOUR HANDS FOR FUNDING THE POLICE AND WILL CONTINUE TO DO SO IF YOU ALLOCATE 54% OF THE BUDGET FOR THE LAPD. Thousands have died who did not need to. You have the ability to change this, so do it. Side with the community.

Sincerely,
Genesis

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Zitlali Ramirez

Fw: Black Lives Matter in CA

1 message

From: 'Sally Chau' via Clerk - CityClerk <cityclerk@lacity.org>
To: "cityclerk@lacity.org" <cityclerk@lacity.org>
At: Wed, Jun 3, 2020 at 9:04 PM

To Whom It May Concern,

My name is Sally Chau and I am a resident of Valley Village, California. I am writing to demand the following legislative changes you can make to eradicate the decimation of Black people at the hands of police officers.

The following is a compilation of background information and implementation strategies for necessary legislative actions derived from collecting the pleas of Black organizers, activists, and journalists:

1. Redirect Police Funding

Phillip McHarris (doctoral candidate focusing on race) and Thenjiwe McHarris (strategist with the Movement for Black Lives) explain the problem with current police reform efforts:

"More training or diversity among police officers won't end police brutality, nor will firing and charging individual officers. Look at the Minneapolis Police Department, which is held up as a model of progressive police reform. The department offers procedural justice as well as trainings for implicit bias, mindfulness and de-escalation. It embraces community policing and officer diversity, bans 'warrior style' policing, uses body cameras, implemented an early intervention system to identify problematic officers, receives training around mental health crisis intervention, and practices 'reconciliation' efforts in communities of color."

Evidently, that was not enough. Instead of heightening the resources that officers have, they advocate redirecting funds to alternative emergency response programs, which can also be fueled by state-level and local-level grants. The McHarris' argument is that we should work towards a reality in which healthcare workers and emergency response teams should handle substance abuse, domestic violence, homelessness, or mental health cases, while rapid response social workers provide individuals with the care they need. Community organizers would be responsible for spearheading responses to the pandemic. "The average police recruit spends 58 hours learning how to shoot and only 8 hours learning how to de-escalate." Police officers are not trained nor necessary in reacting to such crises—specialized responders are.

Most police funding is budgeted and taxed at the local level, with city-level and county-level votes periodically increasing budgets. In 2017, Oakland allocated the highest share of its general fund to policing nationwide, at 41 percent and $242.5 million. It is crucial to establish state-level and local-level bans on heightening police funds, while simultaneously redirecting budgets to the aforementioned alternatives.

For-profit policing is a large culprit. Even though Governor Brown's 2016 bill helped protect Californians from civil asset forfeitures, this is far from sufficient. As of 2020, 66.25% of forfeiture profits go to police—a C+ rating.

The Black Lives Matter Movement demands "acknowledgment and accountability for the devaluation and dehumanization of Black life at the hands of the police… We call for a national defunding of police. We demand investment in our communities and the resources to ensure Black people not only survive, but thrive."

The McHarris' conclusion states, "We need to reimagine public safety in ways that shrink and eventually abolish police and prisons while prioritizing education, housing, economic security, mental health and alternatives to conflict and violence."

A persistent, genuine, and well-thought-out legislative effort to redirect police funds and end for-profit policing is imperative.

2. Abolish Legislative Police Protections

Murderers who wear a badge have consistently been given a free pass to decimate Black life. BLM "demand[s] accountability [for] those who are victims of police violence."

It is vital to ensure that police officers are met with precisely the same consequences as their badgeless counterparts. Accountability has been denied to Black people for centuries, and it is crucial to impose legislative confirmation that accountability is ensured.

Campaign Zero is an organization dedicated to "limiting police interventions, improving community interactions, and ensuring accountability."

They propose a solution of independent investigations. Because only 1% of all killings by police lead to an officer being charged with a crime, "independent investigations and prosecutions of police officers" must be mandated to eliminate biases. A broken system should not be evaluating itself.

3. Demilitarize the Police

Campaign Zero emphasizes that studies show how "more militarized police departments are significantly more likely to kill civilians." Unfortunately, "the federal 1033 program transfers military weapons to police departments."

Campaign Zero continues that to demilitarize, we must "prohibit cities and counties from using federal funds to purchase military equipment."

California is not void of this indictment. In total, 41 MRAPs are in the possession of law enforcement agencies in California. All in all, California's quantity of purchasing such outlandish and high-level military technology is unmatched: "In terms of cash value, California gets more 1033 gear than other states."

Even though the LAPD has refused to take on more military equipment, they stated that "the department will replenish and replace" existing equipment. Such measures must be barred in an effort to eventually demilitarize the police force entirely in the long run.

Police departments should be restricted from using federal grant money to purchase military equipment, using the SWAT team, or conducting no-knock raids. Over-weaponized departments must reduce their use of weapon stockpiles, as "agencies should seek to return to the federal government the military equipment that has already been received" as places like San Jose already have.

The warranting is simple: "Military equipment naturally increases military-style training for said equipment. That training can increase the other dimensions of militarization," contributing to the war-like mentality implicitly enforced by the police, who have no place fighting wars against the most disenfranchised members of their communities.

I hope that our legislators can take tangible, policy-level initiatives to defend Black lives, something they have failed to do so up until this point. Please listen to the pleas of the Black entities listed above and countless others, and help give rise to a future where Black folks do not have to fear for their lives on a daily basis.

Sincerely but not silently,

Sally Chau

Hello,

My name is Kristen Yee. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Kristen Yee

Hello, My name is Franco Gonzalez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Franco

Hello,

My name is Katherine Munoz. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Katherine Munoz

Hello,

My name is Jason Bautista. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jason Bautista

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

Hello,

My name is Gilbert Tula. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Gilbert Tula

I am a resident of Massachusetts and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Elizabeth

Hello,

My name is Joshua Raymundo I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

On a personal note, politicians are morally obligated to hear the voices of their citizens. Now is not the time to increase the budget for LAPD by 120 million, but allocate funds elsewhere to make the city a better place. Moreover, the LAPD needs fundamental changes, and they need it now.

Sincerely,

Joshua Raymundo

Hello,

My name is Naod Aynalem. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Naod

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever as systemic racism and police brutality are issues of public health.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens and this public health crisis worsens. Thousands have died who did not need to. At a time when the Covid-19 pandemic is already disproportionately affecting our African-American community. You have the ability to change this, so do it.

Sincerely,
Mary Tsaturian

Hello,

My name is Teresa Cotton. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Hello,

My name is Jacqueline Benavides. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jacqueline Benavides

Hello,

My name is Kary Calderon. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Kary Calderon

Hello,

My name is Amber Rosencrans-Stitzer. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Amber Rosencrans-Stitzer

Hello, My name is Kathya Sanchez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Kathya Sanchez

Hello,

My name is Gladys Castillo. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Gladys Castillo

Hello,

My name is Siobhan Furnary. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. We are in the midst of a pandemic where people are losing their jobs, families going hungry. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Siobhan Furnary

Hello,

My name is Rene Franco. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Rene Franco

Hello,

My name is Virginia Ibarra. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Virginia Ibarra

I know you’re receiving this same email from tons of people, so I’d like to add my own two cents. YOU ARE A REPRESENTATIVE OF THE COUNTY. YOU HAVE A RESPONSIBILITY TO ACT ON THE WISHES OF YOUR CONSTITUENTS. WHEN YOU SEE THIS MANY PEOPLE DEMANDING A CERTAIN CHANGE, OWN UP TO THE FACT THAT SOMEWHERE ALONG THE LINE THE LOCAL GOVERNMENT MESSED UP, AND FIX YOUR MISTAKES.

Sincerely,
Anya Bardach

Hello,

My name is Juliana Alvarez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Juliana Alvarez

Hello,

My name is Emmitt James. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Emmitt James

Hello,

My name is Thomas Jarrell. I am a disappointed resident of Los Angeles and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on police who clearly don't need any more money.

I demand the mayor, controller, and city council members prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

You have permitted the police, who are sworn to serve and protect this community, to use rubber bullets and tear gas, which isn't even permitted in the contexts of war, on innocent citizens exercising their constitutional rights in the wake of George Floyd's murder. It's incomprehensible to me that you could permit your police officers to use such abject violence, during a protest that was sparked by police brutality. You have eroded much, if not all of the trust, that your public had in you, and if you hope to regain any of it, the least you can do is start by restructuring the city budget.

There are 58,936 documented houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding, and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Thomas Jarrell

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Jon Marshak

Hello,

My name is V Rosales. I am a resident of Los Angeles County and native Angeleno. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. What are the things we actually need?

1. We need housing for the 58,936 DOCUMENTED displaced people in Los Angeles.
2. We need to provide proper equipment to our healthcare workers.
3. More than 30% of Los Angeles County residents have filed for unemployment and need to make sure they can KEEP THEIR HOMES.
4. We need better funding for our teachers, who should t have to pay out-of-pocket for their supplies.
5. We need meals for the folks who are displaced and the youth who usually depend on school lunches.

This is just the beginning. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
V Rosales

Hello,

My name is Adeline Amaro. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Adeline Amaro

Hello,

My name is kalea little. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Kalea little

Hello,

My name is Margarita De La Cruz. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Margarita De La Cruz

Hello,

My name is Alexander Morales. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Alex

Hello, My name is Taylor Gutel I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Taylor Gutel

Hello,

My name is Lindsay Bialosky. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Lindsay Bialosky

Hello,

My name is Nata. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

-Nata

At: Wed, Jun 3, 2020 at 7:44 PM

Hey, I'm Hunter, I live in LA. Crime and poverty go hand in hand, and between Covid-19, economic recession, and the proposed cuts to social programs, I think increases in crime are likely to happen as a combined result of the proposed budget and our depressed economy.

You don't remove a plant by plucking at its leaves, you pull it at the roots. Sure, you can fight crime with improvements to law enforcement, but the wise thing to do would be to spent money on social programs that will make poverty more manageable for the people unfortunate enough to live in it.

I'll be frank. Homelessness is on the rise. People are finding it harder and harder to make ends meet. Take the headline from a few months back where a man robbed a convenience store to pay for his daughter's medical expenses, or the cases in which people resort to drug dealing to make ends meet, or even the ones buying said drugs, choosing to inebriate themselves as an escape from their reality.

The fact of the matter is very few people are born criminals. Very few people enjoy turning the wheel of unlawful activity. To cut the programs that help make life easier for these people (in the middle of a recession, mind you) is to cut the rope, to take away their chance of making it out.

Your decision on the budget will affect millions of people. Do the right thing.

Sincerely,

-Hunter

Hello,
My name is Giselle Gonzalez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.
Sincerely,
Giselle Gonzalez

Hello,

My name is Erica Granados. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Erica Granados

Hello,

My name is Josephine colantonio . I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Josephine

Good Evening,

My name is Sade Mitchell. I am a resident of Alameda County but I speak for the community of the Los Angelos County at this time. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely insane and ABSURD that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity especially during this pandemic.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. If you TRULY want to protect and serve the people of Los Angelos this is how. You have the ability to change this, so do it.

Sincerely,
Sade Mitchell

Hello,

I am a former resident of Los Angeles County, and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Joyous Herron

Hello,

My name is Tonja Stidhum. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Tonja

Hello,

My name is Brianna Gomez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Brianna Gomez

Hello,

My name is Rose Massett. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Rose Massett

Hello there,

My name is Ashlee Dima. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city! I Ask you to reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity. Now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with it, must be shared. There are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Ashlee Dima.

Hello,

My name is Rae. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Rae

Hello,

My name is Bella Blaikie. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Bella Blaikie

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Sara Balanta

Hello,

My name is Adriana Ortega.

I am a resident of LA county and I am emailing because killing black people HAS TO STOP! Also, I'm demanding that you restructure the department in terms of budget and disciplinary action. Murder is murder, regardless of who commits it! I'm asking that officers be held accountable for excessive use of force, abuse of power, racial profiling and murder. "Serve and PROTECT," that's the minimum job requirement for police, please ensure that this is enforced.

The budget given to police needs to be drastically reduced, in order to prioritize more social services for communities.

I demand of the mayor, controller, and all city council members to prove their commitment to our communities and reallocate funds to directly benefit those in need.

As elected officials you have the responsibility to serve the people. Please do so.

Sincerely,
Adriana Ortega

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Mandip Dhillon

Hello,

My name is Emily Shundo. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

Although LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Emily Shundo

Hello,

My name is Amanda Arias. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Amanda Arias

My name is Jeanie Yang. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jeanie Yang

Dear Los Angeles City Officials,

My name is Raiah Rofsky. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely egregious that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency COMBINED.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. Over 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is now more crucial than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. If not, we will keep pressuring you all to resign or vote you out.

Sincerely,
Raiah Rofsky

Hello,

My name is Nasha Kalangi. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Nasha Kalangi

Hello,

My name is Greg . I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Greg

Hello,

My name is Christian Adera. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Christian Adera

Hello,

My name is Andrea. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Andrea

Hello,

My name is Patricia Gutierrez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Patricia Gutierrez
