Comments for Public Posting: I live in District 10. I am a property owner and lord knows I pay my fair share of taxes, supporting the city. I am voicing my full SUPPORT for Marqueece Harris-Dawson's call for assets in D8, D9 and D10 to be returned to these areas. When the last redistricting process stripped D8 of its economic assets (including Exposition Park, the Coliseum, the California African American Museum (CAAM), USC and Leimert Park, it had a negative impact — not just for that district, but for other neighboring South LA districts as well, including D10 and D9. Without those assets, South LA lost our economic power and influence in our city. Let's not repeat history. Let's get it right this time, and let's be a beacon for positive change. After 2020's racial reckoning, this city has an opportunity to evolve and show that we can be a more equitable place to live for all. Following Mr. Harris-Dawson's charge, I ask that those "assets be returned and equitably distributed to ensure that the voices of our Black and Brown residents in Council Districts Eight, Nine, and Ten have the weight and potency they deserve." Thank you.
