Comments for Public Posting: Council President Martinez and fellow Council Members, Thank you for all of your time and effort to create an equitable map for LA City. We advocate on behalf of the Jewish community and not at the expense of any other community. We ask that you protect the 70-year-old historic Jewish Council District 5 which has given this community a collective voice in fighting anti-Semitism as well as the voice to uplift our culture City-wide. Please keep Bel-Air, Westwood, Beverly Wood, Cheviot Hills, Pico-Robertson, Fairfax- Beverly area, Mid-Wilshire/Labrea, and Hancock Park together in CD5 in the final map to be voted on by the LA City Council. Rabbi Robbie Tombosky

Comments for Public Posting: My name is James Wolf, I live in Hancock Park. As the new City Council District map drawing moves from the Ad Hoc Committee to full City Council for approval - I respectfully request that the City and Committee please keep our neighborhood whole and together with our communities of interest to the west in CD5.

Comments for Public Posting: I live in Hancock Park and own property in the Miracle Mile. In addition, I am an active participant in the Jewish community of those areas. As the new redistricting plan moves from the ad hoc committee to the whole City Council, please keep in mind that these areas have many commonalities with District CD5. I would stress the importance of keeping them together in CD5.

Comments for Public Posting: Please keep the historically Jewish Council District 5 Bel-Air, Westwood, Beverly Wood, Cheviot Hills, Pico-Robertson, Fairfax- Beverly area, Mid-Wilshire/Labrea, and Hancock Park together in CD5 in the final map to be voted on by the LA City Council. District 5 has been an important voice for the Jewish community. Please don't diffuse our minority voice across multiple districts.

Comments for Public Posting: Council President Martinez and fellow Councilmembers, Thank you for all your time and effort to create an equitable map for the City of Los Angeles. I write to advocate on behalf of the Jewish community and not at the expense of any other community. I ask that this Committee and the Council keep the historic core of the Jewish community on the westside intact uniting the neighborhoods of Westwood, Rancho Park, Cheviot Hills, Beverlywood, Pico Robertson, Beverly Grove, Fairfax and specifically unites the orthodox community in Hancock Park with the rest of this core. No redistricting process since 1950 has separated this historic core and I ask that it continues to remain intact in Council District 5 in the final map to be voted on by the LA City Council. Thank you, Stanley Kandel

Comments for Public Posting: Hello, I am a resident of Harvard Heights, which is part of Historic West Adams, in CD-10. I read that CD-1 is trying to pull our small pocket of Harvard Heights away from CD-10 and into CD-1. I am strongly opposed to that change. I've lived in Harvard Heights for 9 years. Our removal from CD-10 would cease the momentum we've created in many of our HH groups and committees regarding these projects. Our neighborhood associations are very upset about the unnecessary change and the potential loss of relationships with staff and city entities currently in partnership with us. I respectfully request that this attempt by CD-1 be denied. Please leave CD-10 boundaries as currently defined and let us continue on our own path toward widespread community improvement. Thank you for considering my request. Sincerely, Eileen Ehmann Proud CD-10 member of Harvard Heights
