Comments for Public Posting: As a voting citizen of the City of Los Angeles and resident of Harvard Heights I want to emphatically say that we have fought hard to unite our community after the previous division of our community by the redistricting of 20 years ago. Furthermore we as an HPOZ that shares more in common with other HPOZ communities of West Adams that are in CD10 need to stay together in CD10. As a native spanish speaker I want to emphasize that we do not need to be added to CD1 to receive services that are geared toward our Latino Spanish speaking communities. I urge the council to reject any attempts to splinter our community apart.

Comments for Public Posting: As a long-time resident of the community of Lake Balboa and Lake Balboa Neighborhood Council Board Member, I have seen the expertise of CD 6' office develop in regards to the Sepulveda Basin. Numerous clean ups have been held, services of many different agencies coordinated to resolve the homeless encampments and regular participation at our Lake Balboa Neighborhood Council Board meetings. For these reasons plus many others, I feel Lake Balboa and the Sepulveda Basin should remain together and within the boundaries of CD 6. I appreciate your consideration.
