Comments for Public Posting: I have been a resident of the Miracle Mile owning a single family home since 1996 and have somehow, despite everything, managed to raise two children both of whom went to Cathedral Chapel School. I am unalterably opposed, without reservation, to building so-called "supportive housing" in the parking lot near the school as it will act as a magnet for undesirable and criminal elements to our neighborhood and sets up what will only be some future tragedy. If you want to help the homeless, build something out in the country where the costs are much cheaper, temptations are few, and the liability for the City is minimal. Kevin Glynn

Comments for Public Posting: City Council Meeting November 2, 2021, Agenda Item # 44 and #46 - A council file number was submitted. Proposed redistricting of Lake Balboa from CD6 to CD 2 or 4 is not in the best interest of our residents. Lake Balboa, including the Sepulveda Basin, should remain in CD 6. It is of importance the current boundaries for Lake Balboa NC remain the same. This includes the shared area with Encino that includes the "Basin" where population is not a consideration (wildlife refuges and parks and recreation. The above being said, the proposed final redistricting map shops up several districts that appear to be unrealistic.

Comments for Public Posting: This city is severely underrepresented, with 3.9M people represented by 15 council districts. I would suggest modifying the city charter to seat more council members and to minimize the impacts of gerrymandering (these district borders are gerrymandered). For instance, I live in council district 14. It is very definitely gerrymandered. It is shaped like a backwards C. Districts should be more compact and less squiggly. We know that gerrymandering affects representation and is just one way to game the system. It should be illegal. All of the other districts are gerrymandered in some form or another.

Comments for Public Posting: Council President Martinez and fellow Councilmembers, Thank you for all of your time and effort to create an equitable map for LA City. We advocate on behalf of the Jewish community and not at the expense of any other community. We ask that you protect the 70-year-old historic Jewish Council District 5 which has given this community a collective voice in fighting anti-Semitism as well as the voice to uplift our culture City-wide. Please keep Bel-Air, Westwood, Beverly Wood, Cheviot Hills, Pico-Robertson, Fairfax- Beverly area, Mid-Wilshire/Labrea, and Hancock Park together in CD5 in the final map to be voted on by the LA City Council.

Comments for Public Posting: I do not support the lausd approved map and I ask the council to reject it . The community Of Woodland hills in the west San Fernando valley needs to be u ivied with its neighboring communities of interest in board district 3,NOT in district 4. We have nothing in common with pacific palisades and westchester . Please do not disenfranchise our community and unite us in board district 3

Comments for Public Posting: Please do not disenfranchise the voices of the West San Fernando Valley and unite Woodland Hills into board district 3 with our neighboring communities of interest . In order to adhere to the city charter redistricting requirements we need to be United with our communities of interest and the natural boundaries of mullholand dr must be respected.

Comments for Public Posting: The community of Woodland Hills in the West San Fernando Valley must be United with our neighbors and be placed in board district 3. By placing us in board district 4, our rights to have our voices be heard are disenfranchised. We have nothing in common with Redondo beach or larchmont, we ask as Bob Blumenfield has submitted motion 46 G that we be moved into board district 3
