Comments for Public Posting: Do NOT defund LAPD. It will make the problem worse. With increasing crime due to the growing homelessness & drug problems and the early prison releases, we need more law enforcement in the city to maintain law and order. Better training and hiring practices for the police also require more funding, not less.

Comments for Public Posting: Defunding cops is a radical, lose-lose move. Ironically, it is more racist than the current system because crime disproportionately affects minorities and their neighborhoods, which will bear the brunt of this ill-advised move. As if that isn't reason enough to bury this bad idea, LA's tourism, restaurant and other businesses will be adversely affected as news gets out that LA is unsafe and residents/visitors are unprotected. Probably will also lead to a huge increase in guns in the City as residents realize they are on their own and do will what they have to do to protect themselves.

Comments for Public Posting: If you vote to defund the police, you need to defund your own security too. It's unfair for politicians to have better & special protection than the rest of LA residents. So ask yourself -- Would you feel safe with no police available if you get attacked, or threatened? The answer is obvious. Defunding police is a bad, radical idea pushed only by activists and rioters, who want to damage and destroy our community not protect and build it up.

Comments for Public Posting: We count on our local LAPD officers to serve and protect. That is what they do and according to all those to whom I speak, we don't know what we'd do without them. Crime has gone down and we would be terrified if their response to our calls was not available. Of course there are the "bad guys", but this is an issue that has been addressed with a full heart. No one wants brutality and every citizen deserves equal treatment. But diminishing the force is unthinkable! We are particularly grateful that Councilmember Paul Koretz has the guts to stand strong on this issue.

Comments for Public Posting: I oppose the defunding of LAPD and any budget cut for the law enforcement team. LAPD actually need more budget to be transformed into an organization that can better handle confrontational events. Neighborhoods that wish to cut policing can, in my opinion, move the policing activities to neighborhoods that do want to keep policing activities. Without law enforcement there will be no peace and there will be riot and robbery every day. Just look at the Seattle Autonomous Zone, and the death from shooting inside!

Comments for Public Posting: I am responding to number #1 on the Agenda: DO NOT WANT ITEMS J and B to be passed. It will cause the city to lose hundreds of Officers which would be detrimental to a civilized society. I think in your collective wisdom, you all realize this and I think you for getting it correct. I dont think the people of the city deserve to be without the protection of our Police Force. The majority of this fine city DO NOT WANT THIS. Thank you for listening.

Comments for Public Posting: Dear City of Los Angeles, In regards to the LAPD Budget Cuts evaluation meeting that is to take place, my family and I do not support the defunding of police. Having the protection of police officers and sheriff is essential to the safety of our neighborhood and community. The generalization that all police officers are brutal or violent should not be applied to the hardworking individuals who truly put their lives on the line to serve the people. Please reconsider cutting the budget of the LAPD; it is not an effective solution to the problem facing our city. Our community values LAPD! Thank you for your time in reading this letter.

Comments for Public Posting: Cutting police budgets would make sense if not taking the so called disadvantaged and color communities investment into the same sentence. This is two different matters. Police department's budget was planned and approved by the same city council previously. I am assuming that council person did your job to understand and approved the budget based on the need of community. Why all of a sudden this is changed? In my opinion, the same city council need to lead the community thru a difficulty time of racial tension. Playing politics to cut the police budget not based on the need of community is not a good leadership. Now , if we ought to invest on the disadvantaged and color communities, we need to investigate the total budget of the city, there are many other ways to fund this project. Or maybe you really do not care because you are so eager to punish the police , department, even this may also penalize the average citizen like me when I need the service and protection from the police.

Comments for Public Posting: I'm an immigrant of 64 years. What's happening across the US is eerily reminiscent of the countries in hard times, coerced by popular idealism then, in the turmoil, morphed into totalitarian regimes (extreme left or right), such as Russia, China or Germany. In this country, we've already witnessed the Anti-Fa looters and the "Free Zone" in Seattle! Our founding fathers understood this and hence our Constitution was built upon the foundation of "Checks and Balances" and the stewardship of liberty and the enforcement of which is the law and order. Defunding the Police is the spearhead chipping away at the foundation of our Constitution!! It is a wakeup call and our gullible Mayor and Councilmen may do well to come up to speed with history and visit some of the countries outside of the United States of America.

Comments for Public Posting: Hello my name is Magdalena. I am an eighty year old Angeleno. I was born and raised in the city of Los Angeles, CHAVEZ RAVINE....I raised my ten children in the city of LA and every time I was in need of LAPD's service they were right there at my side. I just can't believe "they" are being punished for other's bad actions! How dare you take from their families mouths to line your golden pockets. God sees all and this that god is allowing to happen is for repentance SO REPENT AND KEEP OUR LAPD FULLY FUNDED...remember we need them we love them and if you are fortunate enough to live in this city your lives depend on them as much as ours. The riots and protests and bad money management has destroyed my city I once called "home" it not home no more! CITY HALL LOOKS LIKE A CAMPGROUND, which once glowed with pride...shame, shame, shame. I'M PRAYING EVERY NIGHT WHOM EVER IS IN CHARGE OF DEFUNDING OUR POLICE DEPARTMENT, TURNING A BLIND EYE TO OUR HOMELESS CRISIS, AND SEEING THE CITY OF LOS ANGELES AS A COME UP FINANCIALLY...that the good lord convicts your souls!!! Love you god bless you and take these issues mentioned serious P.S. GOD IS WATCHING US

Comments for Public Posting: I ask that you NOT take funding away from our LAPD. I am a school teacher and school counselor who has worked with And relied on the LAPD and County Sheriffs for help and support in keeping our school communities safe. I would like you to support more funding in order to reinstate the DARE program. The DARE program educated our youth about the harmful effects of drugs. It also created a situation where our youth were able to get to know a police officer and that our police are here to help them. I've worked with the LAPD as a CPAB member and chairperson for thirteen years and have been a LAPD Neighborhood Watch trainer. My wife and I founded our Neighborhood Watch 30 years ago. During this time I have been able to work with many officers, and Captains . The Neighborhood Watch program has allowed residents the opportunity to meet, and get to know Senior Lead Officers as they worked together in making communities safer and civil. I've been on ride alongside, stakeouts and have reviewed the training manuscript. Our officers have excellent training after a they undergo a rigorous vetting process. As a resident within the East Los Angeles area, our LAPD officers are our heroes. Most residents support our police and want more officers. They want to know that they will be protected from those who mean to harm us. Please listen to the majority of residents and show your support for law and order and for our LAPD. Most respectfully, Mark Meza-Overstreet

Comments for Public Posting: Defunding the police is outrageous! Our police need the funds to protect the community's safety. This is a politically charged agenda from the left to support the ridiculous demands of protestors due to the death of George Floyd. Not all police officers are heinous individuals. By defunding the police in any form, you will dampen the morale of the working police force and put civilian law abiding individuals at risk due to delayed or lack of response to 911 and other urgent calls. Just like the lawlessness going on in Seattle, any deaths of civilians as a result of defunding the the police will be the City of LA's responsibility and they will be held accountable by lawsuits from its residents, including all LA city council members and Mayor Garcetti

Comments for Public Posting: To whom this may concern, I am writing to stress my concerns regarding the defunding of our LAPD. I believe this action will hurt our communities and will negatively affect the policing practices that are so magnificently implemented by LAPD. In order for Los Angeles to stay safe we need to support peace officers and look for ways to improve their practices through trainings and education. This cannot be done with the defunding plan. Thank you, Elizabeth

Comments for Public Posting: When are the people called to protect going to stand up and start protecting? This question is NOT for officers, for they are the ONLY ones who are trying to do that. But the ones above them (mayor) are standing in opposition! How can officers do their jobs when they have weak leadership. A leadership who will do as the crowd demands, instead of standing with their heads high and standing on written law. You cave in like cowards and then turn around and tell officers to just stand there and be spit at and be insulted and be hit with bricks and bats and do nothing! LEAD then!! You stand out there and be spit at and hit, then tell me you have not rights and it's ok if you die. This is what your defunding will do Mr. Mayor! There are so many more of us who will stand for the officers for our county and for our flag. We're waiting on true leadership in our cities to do the same! Mayor if you keep bowing down to demands and dont stand on any convictions then STEP DOWN! A man who knows who he is ; is not moved by what is happening around him but rather by who he is even if a title is taken from him. Who are you? Do you even know. Do NOT defund the police. If you do you and this city with lose a never ending fight. No one can ever please a victim, nothing will ever be enough.

Comments for Public Posting: I do not support defunding policemen in anyway. I strongly believe policemen are needed to protect and assist our community and our society as a whole. I believe that yes, there are some policemen that were out of control, but the majority rest of the good/hard working policemen should not be punished for others' unacceptable actions. As a civilian, I do feel the need of feeling protected, and the need to get assistance when facing challenging situations. I am a proud citizen of the US when it comes to witness how fast our policemen has responded to emergencies. Defunding police will impact our emergency response time, and impair our sense of safety. Our mental and physical wellbeing, our sense of security, our freedom of getting assistance from our police responders, and our safety overall, that we have been enjoying for decades, should not be reduced. Please don't let my sense of protection taken away just because of the few poorly behaved policemen. From my personal experience, i feel very fortunate to witness that our country emergency response time has been very fast. I feel safe, and if i ever needed assistance, i feel optimistic that help is always on the way. Maybe police internal policy/guidelines need to be adjusted, but defunding police will certainly affect all of us who seek for protection and peace. I believe there are many great policemen in this country who have been putting their daily lives at risk to help and assist others, and by defunding police, it can discourage these great first responders to perform at their best. For the sake of our daily peace of mind, i strongly stand with our police. Therefore, I do NOT support defunding our police!

Comments for Public Posting: To whom it may concern, There is increasing crime in la county. I am a single parent of 3 kids and no longer feel safe here with the budget cuts that will decrease the police presence in the area. We are stripping away security from people. So does this mean that I need to get a gun? We take the law into our own hands since there is no one protecting us? Why are we going backwards? We were here before. This is not appropriate. Please do not vote for this bill and put my kids in danger.

Given the increasing amount of crimes and level of tension, we should give more funds to the police, not defund the police! Comments for Public Posting: I strongly opposed Defunding the LAPD. We're already seeing crime in certain areas since this was announced go up. LA has some of the most notorious, violent gangs. This will send the wrong message to them that our elected officials don't care about the safety of their constituents. Many of the gangs are in low income areas. It will be a long hot summer. Who is going to process crime scenes and arrest criminals? Who is going to enforce any law, child sex abuse, homicide? Who is going to do it if it's not the police? If there is a crisis in our City we need those police officers. Lastly, we need order in our streets because LA County is releasing thousands of inmates which some rearrested for violent crimes.

Comments for Public Posting: I am a mixed Mexican/African American and I strongly oppose this council decision. My neighborhood is threatened by gangs and there are many more black people killed by the gangsters as opposed to the police. My mom is a retired school teacher and she knows how bad our situation is, especially for the school kids who are influenced by the gang culture and drug dealing. As an educated and self-disciplined black woman, she never has the fear to walk on the street next to a police. On the contrary, the presence of a police person, even a police car, would make her feel safer when she goes out to do grocery in the morning. Black lives matter is a serious topic and voices of the REAL black people should be heard. I am not talking about the white kids who protested couple weeks ago. I am talking about us, working black people living in a under-patrolled neighborhood where the only grocery store and some other restaurants were damaged by looters and have to drive half an hour to buy stuffs. If you really think black lives matter, please invest more money in the police department to enhance patrol in South Central instead of leaving it to gangsters and drug dealers! We also deserve a equally safe environment to live.
