My name is Laura Hernandez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Laura Hernandez

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Adam Cooper

Hello,

My name is Delilah. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Delilah

Hello,

My name is Allie Anderson. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Allie Anderson

Hello,

My name is jonny,I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
jonny

Hello,

My name is Fahrin Bhuiyan. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Fahrin Bhuiyan

Hello,

My name is Ian Amador. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Ian Amador

Hello,

My name is Mike Trejo. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Mike Trejo

Hello,

My name is Kayla Pressley. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Kayla Pressley

Hello,

My name is Meena Rama and I am a resident of LA County. I am writing

today to strongly urge you to consider enacting policies that have been associated with reduced instances of police killings in the 100 largest police departments in America.

According to research done by the Use of Force Project and 8CantWait, which consulted legal experts, academics, and activists to identify a range of policies designed to impose common sense restrictions on how and when police use force against civilians, the following eight policies are all associated with predicting lower rates of police-involved killings, with substantially fewer police-involved killings among departments that have more of these policies in place.

Requiring officers to de-escalate situations, when possible, before using force.

Having a use of force continuum included in their use of force policy, defining the types of force/weapons that can be used to respond to specific types of resistance.

Explicitly prohibiting chokeholds and strangleholds (including carotid restraints) or limiting these tactics to situations where deadly force is authorized.

Requiring officers to give a verbal warning, when possible, before using deadly force.

Prohibiting officers from shooting at people in moving vehicles unless the person poses a deadly threat by means other than the vehicle (for example, shooting at people from the vehicle).

Requiring officers to exhaust all other reasonable alternatives before resorting to using deadly force.

Requiring officers to intervene to stop another officer from using excessive force.

Requiring officers to report all uses of force including threatening another civilian with a firearm.

According to Use of Force Project and 8CantWait's analysis, police departments that instituted all eight of the policies listed above reduced instances of police killings by 72 percent, and each additional use of force policy was associated with a 15 percent reduction in police killings. (Use of Force Project and 8CantWait's research also showed that officers in police departments with more restrictive policies in place are actually less likely to be killed in the line of duty, less likely to be assaulted, and have similar likelihood of sustaining an injury during an assault.)

The Los Angeles Police Department has only five of these eight policies in place.

Requiring officers to give a verbal warning, when possible, before using deadly force has been shown to reduce the rate of police killings by 5 percent per capita. Requiring officers to exhaust all other reasonable alternatives before resorting to using deadly force has been shown to reduce the rate of police killings by 25 percent per capita. Requiring officers to report all uses of force including threatening another civilian with a firearm has been shown to reduce the rate of police killings by 25 percent per capita.

I urge you to consider passing legislation that would require the Los Angeles Police Department to adopt these three policies in order to keep the citizens and police of Los Angeles as safe as possible.

Thank you.

Best,

Meena Rama

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Cala Murry

My name is Venus Vallecillo. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Venus Vallecillo

Hello,

My name is Guadalupe Silva . I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Guadalupe Silva

Hello,

My name is Evelyn Molina Mora. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Like honestly, do it. It is beyond my mental capabilities to understand how you can watch the people of your county in these heartbreaking circumstances. Or maybe it’s because you’ve chosen not to so you can live with your choices...but it’s not going away and you can do something to help.

Sincerely,
Evelyn Molina Mora

Speaking personally, I have worked at LAC hospital and am appalled at the lack of funding for these much needed programs that would drastically improve the health of our patient population. Providing funding to the LAPD is an active detriment to patient health and is part of a public health crisis.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

Hello,

My name is Janina. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Camila G.

Good evening,

My name is Noah Kimmel. Although I am not a resident of Los Angeles County, I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability and the platform to change this, so do it - for the sake and the betterment of the citizens you claim to "represent".

Sincerely,
Noah Kimmel

Hello,

My name is Elia. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Elia

My name is Veronica L. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Veronica L.

At: Thu, Jun 4, 2020 at 9:52 PM

Hello,

My name is Aristotle Hartzell. I am a resident of Orange County, but I will be attending USC in the fall and I have spent my whole life going to school in LA. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on LAPD.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

I have been told that there are 58,936 documented houseless people in Los Angeles. There are healthcare workers who lack proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. Not just with this pandemic looming over us but with our city's history of redlining and systematic racism. Even the United Nations has cited the homelessness in our city as an example of unacceptable poverty in the world.

I love this city but we have to use our recourses with better values in mind, we need to think in the long term. The Law Enforcement are like a bandaid on the continuing underlying problems in our city, we can keep throwing money at this bandaid which is proving to actually start to make things worse, or we can fix these problems for good by funding strategic programs. We need to plan and act from a place of compassion, not punishment, only then will we save more lives and become the truly prosperous model city we are destined to be.

You have all been blessed with the power to make real change, and I know it's been hard to get to the positions you are all in now. And maybe you're scared you'll lose those positions, but what is this power worth if you don't change the world for the better with it?

I believe that when you set out to attain these positions you did so with the hopes of making this city a better place to live in, and a place where people do not live in fear of one another but feel they have a community to support them. I believe you all have the power in your hearts to drive us towards prosperity. There is no time to wait for someone to give you the okay, there is no time to worry about what others will think.

You know what you are here to do, you are here to help the people and thus yourselves, and though some may fear drastic change, throughout history it has always been necessary for drastic changes to be made for the greater good of humanity. This may not seem like a life changing decision, it may also seem like an impossible one, but I plead that you realize how much power you have, controlling the budget of one of the greatest cities in the world. Please show the world that things can be done differently, that things can be done better.

Please further defund the police and transfer funds to programs which better help our struggling communities in the long term. You can do it, I believe in you. Thank you.

Sincerely,
Aristotle Hartzell

Hello,

My name is Jaqueline Vaquera. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jaqueline Vaquera

Hello,

My name is Lilly and I am a resident of Los Angeles County. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Those without homes, those who are unemployed, those who are mentally ill, disabled, and infirm rely on emergency and transportation services more than others, as well as being dependent on a wide range of social services like education, mental health services, low cost clinics, and libraries. To say nothing of how all communities benefit from these services.

An overblown police budget that puts money into the continued militarization of a ruthless, carless, brutal police force that has proven itself detrimental to our city is antithetical to acting in the best interest of its people. The LAPD has proven it does not care for the people of Los Angeles it is sworn to protect. So the city of Los Angeles, and its elected leaders, must take that power away from them and fund the necessary services that actually do the county good.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Or your time will be up next.

My name is Bre Andersen. While I am not a resident of Los Angeles County, I am a supporter from afar and a resident in Juneau, Alaska. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Bre Andersen

Hello,

My name is Litzi Saldivar. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Litzi Saldivar

Hello,

My name is Katelyn Huynh. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Katelyn Huynh

Hello,

My name is megan n. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
megan n

The budget over the past 5 years has increased by millions, yet the crime incidents of the past 5 years have remained steady (this information taken directly from your the city budget documents). Why are we investing more and more money in to something that isn’t yielding results? The money should be put toward programs and community programs that prevent crime and make our incidents go down, instead of remain the same.

Sincerely,
Kristin Goedicke

Hello,

My name is Liliana. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Liliana Guilfoyle

Hello, My name is Shelby. I am a resident of Paris and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Shelby.

Hello,

My name is Brielle. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Brielle Leon

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this...imagine how this could effect the good of society.

Hello,

My name is Carolina. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Carolina

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Elise Rucker

My name is Heidi. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Heidi

My name is Hong Tan. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Hong Tan

My name is Pedro Reyes. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

Good evening,

I am a resident of Los Angeles County and am emailing to demand the restructuring of the Los Angeles City budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. Mayor Garcetti already stated he will make changes in the budget, and we demand follow through on this statement.

It is absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

There are communities who desperately need funding. Every day funds and resources aren’t provided their quality of life worsens. Thousands have died who did not need to. The city and County has the ability to change. We demand it.

Hello,

My name is Gabriela. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Gabriela

My name is Elizabeth Gunver. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Elizabeth Gunver

Hello,

My name is Monica Malone. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Monica Malone

Hello,

My name is Sophia Orlow I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Sophia Orlow

Hello,

My name is Jenny. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jenny

Hello,

My name is Mireille Manzella. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Mireille Manzella

Hello,

My name is Tony Ruiz. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Antonio Ruiz Jr.

It’s unfair that the people living in Los Angeles don’t get to have the money go back to the communities, but the money goes to the police who continue hurting the people in those communities. We need change, and we need it now. Put funding into the right things, to make a better impact over all in Los Angeles.

Cynthia Campos

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Foluke Salami

My name is Adrian Saff. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Adrian Saff

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Ana Castillo

Hello,

My name is Ashley. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jordan

Hello,

My name is Julia Abate. I am a college student who lived in Los Angeles County before the COVID-19 pandemic hit. I am watching LA. I am beyond disgusted with what is going on in LA. The treatment of protestors is inhumane and brutal. I am even more shocked and offended by Mayor Garcetti's ignorance of the violence being instigated by his police department. I am returning to LA county and I plan to register to vote in LA county.

I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED homeless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. I want to see LA building up and supporting its communities most vulnerable to the COVID-19 crisis.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. There are communities that need harm reduction programs. There undocumented workers, sex workers, and others who need stimulus checks. But don't qualify to receive them. LA needs better public transportation. You have the ability to improve the lives of the citizens you serve. Do it.

Sincerely,
Julia Abate

Hello,

My name is Sara Goldstein. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Sara Goldstein

Hello,

My name is Julia Rosario. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Julia Rosario

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Best,

Mattie smith

Hello,

My name is Aerin Moreno. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Hello,

My name is Brendan Caver. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. This is not to even mention the fact that total direct costs exceed $3,000,000,000. That is money that could be used to improve our communities, rather than funding an organization with an extremely racist past and present.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Our transportation infrastructure continues to be one of the most prominent examples of INSUFFICIENT PUBLIC SPENDING, and we all know that with even a fraction of the money given to LAPD we could completely transform our transportation system.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

While I primarily write as a concerned constituent who is ashamed of local government members failing to take action out of cowardice, I also write as a voter. We WILL do what it takes to vote you out of office if you continue failing to address the concerns of the people living here. More money is given to the mayor’s budget annually than to DOUBLE what is allocated to neighborhood empowerment and the civil and human rights commission. You do not serve the interests of the people, and the least you can do is take steps to defund a paramilitarized force of organized state violence with a WELL-DOCUMENTED HISTORY of brutality and state-sanctioned extrajudicial murder. While people are dying, you restrict COVID testing because of protests and then threaten to maintain the curfew while protests continue? Shame on you for waiting until legal action was threatened to allow your constituents to practice their FIRST AMENDMENT RIGHTS. We see you and are not fooled by your empty virtue-signaling rhetoric. We DEMAND that you defund the LAPD. History will not remember you fondly for the actions you have taken up until now, but you can change that by reinvesting in our communities and divesting from policing.

Sincerely,
Brendan Caver

My name is Lucy Edmonds. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Lucy Edmonds

Hello,

My name is Sarah Phan. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Sarah Phan

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Hello,

My name is Amanda Cebell. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

To the people sworn to do right by Angelenos,

My name is Maggie Kopp and I reside in Los Angeles. I read of Laura Montilla's brutal experience at the hands of the LAPD, another incident in a long history of the LAPD abusing their power.

Laura Montilla is a recent graduate of the University of Southern California and has been living in Los Angeles for the past four years. She was unjustly arrested while peacefully protesting in Downtown LA Monday night. Her story shows clear illegal action and emotional and physical abuse taken by the LAPD. She posted her detailed experience on her Instagram. The story below is her exact words, Please continue reading.

"I was arrested for peacefully protesting in DTLA. When people tried to leave the protest, as we had now passed the updated curfew (at 4:21 they changed the curfew from 6pm to 5pm) & police tension increased, we realized we were cornered. There were hundreds HUNDREDS of cops and national guards that cut us off for blocks. Those who tried to leave peacefully were jumped on by multiple men and tased. Everyone was peaceful, getting on their knees and even laying face down to show compliance. Then each person was arrested. What happened next was not only unnecessary and illegal, but inhumane. We were zip-tied and put in cages on a bus separated by gender, and without telling us where we were going, they took us to a cemetery parking lot and left us there for five hours. My zip-ties were so tight that when they finally were cut off, I couldn't even hold my arm up to sign my citation or feel my right hand. Days later I still have painful bruises. We were never red our Miranda rights. When I asked where we were being transported, the cops admitted they had no idea. They turned the lights off, leaving us in the dark, cuffed. People started having panic attacks, even pissing themselves. We called for help as a mentally-ill woman (a homeless woman who wasn't even protesting but was ripped from the street) began having a major panic attack. An officer came on board to "help" by drowning out the sound of her cries with BLARING HEAVY METAL & ROCK MUSIC. The music was so deafening and triggering that more girls on the bus had attacks, so we begged for them to turn it off. After 20 minutes they finally did, so again, we asked if we could 1. Get medical attention for those who needed it and 2. At least know where we were/ how long we'd maybe be there. There were too many people speaking at once, so I volunteered to ask the officer for us. As we piled together in cages, I stood up because he said he couldn't see where the voice was coming from. When I stood up to ask, he reached for his gun and threatened me. Even though I was clearly still cuffed. Had no possessions. (Trust me they checked my vagina more than my pockets) (4 times to be exact although I was cuffed the entire time with my possessions removed) We received no clear answers. When I got off the bus, an officer told me I was in Westwood (an hour away from home). We had to point out what bag was ours from a giant pile & I had a small black fanny pack way at the end. They ask which is mine & I'm still cuffed, so I just point my head. I SLIGHTLY LEAN SLOWLY & MULTIPLE MEN GRAB THEIR GUNS READY TO SHOOT ME!!??? When we were finally let off the bus, a girl slipped

out of one of her cuffs, so a cop pulled it tighter. She expressed that it was too tight, so the cop responded by laughing in her face & making it even tighter to the point where she cried in pain until another officer said it went too far. They attempted to cut the cuff with bolt cutters but only managed to slice her hand open & left the cuff on for her to figure out how to remove it herself. She was sent up the hill in the dark, still cuffed, bleeding and phone-less. My phone has been dead for hours at this point, so I asked if I could borrow a charger or use their phone to call someone. An officer told me no, that I had to figure it out, but I could walk up the hill into a nearby neighborhood & hopefully find a safe option there. So they abandoned a bunch of young women into an unknown neighborhood at midnight, phones dead. But don't worry, they wished us the best! No really, it was very reassuring to be sent off with the final wishes of, "hope you find a way home safely," from someone whose job is to keep me safe. I caught a ride with a stranger who thankfully proved to be friendly. I pray no one was kidnapped that night. By no means did we experience the level of brutality the black community has faced & faces daily. But to witness even a taste of the mockery. The inhumanity. The EVIL of the LAPD. No desire to protect. No conscience. A fulfillment from belittling others and abusing power. This is unacceptable. p.s. they weren't even wearing face masks."

Please share her story. Please bring this to other people's attention. This is just one of the thousands of complaints, wrongdoings, and illegal actions taken by the police. If you are in a position to make a change and fix this broken system, please do so. I am tired of hearing disturbing stories about the police; a group that is supposed to keep people safe and out of harm's way. Be the change.

Sincerely,

(enter your name)

Best,
Maggie

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Raena Bergeron

Good evening,

My name is Laura Perri and I am a resident of Garden City, NY. I recently became aware of Laura Montilla's story with the LAPD and I think you should too. Though I am not an LA resident, this disgusting, sickening story applies to me just as much as any other woman in this country, and I will be watching to see what steps are taken to right this wrong.

Laura Montilla is a recent graduate of the University of Southern California and has been living in Los Angeles for the past four years. She was unjustly arrested while peacefully protesting in Downtown LA Monday night. Her story shows clear illegal action and emotional and physical abuse taken by the LAPD. She posted her detailed experience on her Instagram. The story below is her exact words to describe her horrific experience. Please continue reading.

"I was arrested for peacefully protesting in DTLA. When people tried to leave the protest, as we had now passed the updated curfew (at 4:21 they changed the curfew from 6pm to 5pm) & police tension increased, we realized we were cornered. There were hundreds HUNDREDS of cops and national guards that cut us off for blocks. Those who tried to leave peacefully were jumped on by multiple men and tased. Everyone was peaceful, getting on their knees and even laying face down to show compliance. Then each person was arrested. What happened next was not only unnecessary and illegal, but inhumane. We were zip-tied and put in cages on a bus separated by gender, and without telling us where we were going, they took us to a cemetery parking lot and left us there for five hours. My zip-ties were so tight that when they finally were cut off, I couldn't even hold my arm up to sign my citation or feel my right hand. Days later I still have painful bruises. We were never red our Miranda rights. When I asked where we were being transported, the cops admitted they had no idea. They turned the lights off, leaving us in the dark, cuffed. People started having panic attacks, even pissing themselves. We called for help as a mentally-ill woman (a homeless woman who wasn't even protesting but was ripped from the street) began having a major panic attack. An officer came on board to "help" by drowning out the sound of her cries with BLARING HEAVY METAL & ROCK MUSIC. The music was so deafening and triggering that more girls on the bus had attacks, so we begged for them to turn it off. After 20 minutes they finally did, so again, we asked if we could 1. Get medical attention for those who needed it and 2. At least know where we were/ how long we'd maybe be there. There were too many people speaking at once, so I volunteered to ask the officer for us. As we piled together in cages, I stood up because he said he couldn't see where the voice was coming from. When I stood up to ask, he reached for his gun and threatened me. Even though I was clearly still cuffed. Had no possessions. (Trust me they checked my vagina more than my pockets) (4 times to be exact although I was cuffed the entire time with my possessions removed) We received no clear answers. When I got off the bus, an officer told me I was in Westwood (an hour away from home). We had to point out

what bag was ours from a giant pile & I had a small black fanny pack way at the end. They ask which is mine & I'm still cuffed, so I just point my head. I SLIGHTLY LEAN SLOWLY & MULTIPLE MEN GRAB THEIR GUNS READY TO SHOOT ME!!??? When we were finally let off the bus, a girl slipped out of one of her cuffs, so a cop pulled it tighter. She expressed that it was too tight, so the cop responded by laughing in her face & making it even tighter to the point where she cried in pain until another officer said it went too far. They attempted to cut the cuff with bolt cutters but only managed to slice her hand open & left the cuff on for her to figure out how to remove it herself. She was sent up the hill in the dark, still cuffed, bleeding and phone-less. My phone has been dead for hours at this point, so I asked if I could borrow a charger or use their phone to call someone. An officer told me no, that I had to figure it out, but I could walk up the hill into a nearby neighborhood & hopefully find a safe option there. So they abandoned a bunch of young women into an unknown neighborhood at midnight, phones dead. But don't worry, they wished us the best! No really, it was very reassuring to be sent off with the final wishes of, "hope you find a way home safely," from someone whose job is to keep me safe. I caught a ride with a stranger who thankfully proved to be friendly. I pray no one was kidnapped that night. By no means did we experience the level of brutality the black community has faced & faces daily. But to witness even a taste of the mockery. The inhumanity. The EVIL of the LAPD. No desire to protect. No conscience. A fulfillment from belittling others and abusing power. This is unacceptable. p.s. they weren't even wearing face masks."

Please share her story. Please bring this to other people's attention. This is just one of the thousands of complaints, wrongdoings, and illegal actions taken by the police. If you are in a position to make a change and fix this broken system, please do so. I am tired of hearing disturbing stories about the police; a group that is supposed to keep people safe and out of harm's way. Be the change.

Sincerely,

Laura Perri

Hello,

My name is Olivia Nash. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Olivia Nash

Hello,

My name is Gabryella. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Gabryella

Hello,

My name is Nelson. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

Hello,

My name is Whit. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

Reallocate funds to directly benefit those in need.

It is absolutely absurd that the police budget is so huge when they are clearly not able to provide de-escalation or support for a wide variety of issues (each of which has solutions that are sorely underfunded).

There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Whit

Hello,

My name is sam. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Sam

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Angelo Moreno

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

My name is Hannah Hayes. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Hannah Hayes

Hello,

My name is Mehves. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[Mehves T.]

Hello,

My name is Jameela. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jameela

"Optimism is an absolute necessity, even if it's only optimism of the will...and pessimism of the intellect. What has kept me going has been the development of new modes of community. I don't know whether I would have survived had not movements survived, had not communities of resistance, communities of struggle. So whatever I'm doing I always feel myself directly connected to those communities and I think this is an era where we have to encourage that sense of community particularly at a time when neoliberalism attempts to force people to think of themselves only in individual terms and not in collective terms. It is in collectivities that we find reservoirs of hope and optimism."

Hello,

My name is Victoria Garcia. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Victoria Garcia
