Hello, My name is Susan. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department. This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need. Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable. We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that Enrich our public schools and students Provide more affordable housing and mental health care initiatives Protect and bolster our parks Support small businesses struggling due to COVID-19 Provide cheaper and cleaner modes of public transportation Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Susan

Hello,

My name is Abigail StCroix. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Abigail StCroix

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Yareth Fernandez

Hello,

My name is Sarah Ramos. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

To: mayor.garcetti@lacity.org
At: Sat, Jun 6, 2020 at 10:50 PM

Hello,

My name is Dolores Gutierrez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove that their consciousness equates to their level of education; without a conscious state of mind that balances empathy and logic, how is one allowed to even possibly have a position of power? I am demanding that you touch base with your morals and ethics (that are absolutely required for someone who is governing human beings and supposed to be "protecting" them) to reallocate funds to directly benefit those in need.

It is absolutely inhumane that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED homeless people in Los Angeles. It is very wrong and inhumane that healthcare workers are working without proper protective equipment during a serious pandemic; but yet the police are completely funded and drowning in money. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. I do not understand why improving livelihood for the people of your own central community is not in your agenda already. Please act on this now, the protests will not stop until we see change.

Sincerely,
Dolores Gutierrez

Hello,

My name is Manjot . I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community. I can not believe you had the audacity to propose a mere 5% reduction in the police budget to try to appease your constituents. We are not asking for a reduction. We are asking you to abolish and DEFUND the police.

I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. At: Sat, Jun 6, 2020 at 10:24 PM

Hello,

My name is Daniel Mitchener. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Daniel Mitchener

Hello,

My name is Karina. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Karina

Restructure Budget and DEFUND POLICE

1 message

From: Shirley Zhong <rainbowcoloredpeople@gmail.com>
To: mayor.garcetti@lacity.org
At: Sat, Jun 6, 2020 at 9:58 PM

Hello,

My name is Shirley Zhong. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to reallocate funds to directly benefit those in need. I demand the defunding of police and the funding of Black and Brown communities. I demand for funding to go towards affordable mental health resources, free healthcare, to our schools and education, LGBTQ+ funding, and accessible transportation.

It is absolutely absurd that at \$1,857,330,549, while there are 58,936 houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There have been cuts on there police budget made but that is not enough.

There are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. We will not be funding murderers.

Sincerely,
Shirley

Hello,

My name is Catherine Larcheveque. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Catherine Larcheveque

At: Sat, Jun 6, 2020 at 9:40 PM

Hello,

My name is Harrini. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Harrini

Hello,

My name is Jasmin Rubalcava. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jasmin Rubalcava
Concerned brown person

Hello,

My name is Ashley Tran. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Ashley Tran

To: mayor.garcetti@lacity.org
At: Sat, Jun 6, 2020 at 9:07 PM

Hello Mr. Garcetti,

My name is Ciara Rudas and I am a resident of LA County and I am emailing to demand the restructuring of the Los Angeles city budget. I am requesting that you divest from police and prioritize more community services that better serve the people.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Really??

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Ciara Rudas

Hello,

My name is Hector Montes. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Hector Montes

Hello,

My name is Kristienne Edrosolan. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

Enrich our public schools and students
Provide more affordable housing and mental health care initiatives
Protect and bolster our parks
Support small businesses struggling due to COVID-19
Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Kristienne Edrosolan

Hello,

My name is jacks. I've lived all my life in Los Angeles County and I demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles and many more that surely go undocumented. There are healthcare workers without proper equipment which is drastic during these times of pandemic. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Change is now,
Jacks.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Charles Galin

1 message

From: 'Rebecca Kirkwood' via Clerk - CityClerk <cityclerk@lacity.org>

To: mayor.garcetti@lacity.org

At: Sat, Jun 6, 2020 at 11:36 AM

Hello,

My name is Rebecca Kirkwood. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Rebecca Kirkwood

Fund services, not police!

1 message

From: Victoria M Hernandez <lapazmom@sbcglobal.net>
To: "Ms. Holly Wolcott" <cityclerk@lacity.org>
At: Sat, Jun 6, 2020 at 11:26 AM

Dear Ms. Wolcott,

Now more than ever, we need a budget centered on humanity. A \$150 million reduction is not enough.

We need housing.
We need healthcare.
We need good jobs.
We need healthy food.
We need mental healthcare.
We need free public transit.
We need educational enrichment.
We need small business resources.

We don't need more police.

As an educator in LA, I want a budget that reflects our priorities and needs, including more services for unhoused Angelenos, including housing in the thousands of empty hotel rooms throughout the city; more mental health services; rent suspension and forgiveness for the 55% of Angelenos who are currently unemployed; more funding for public schools and resources to ensure all students — regardless of their situation — can continue learning during these uncertain times.

Thank you,

Sincerely,
Victoria M Hernandez

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Delanie Uhl

Good afternoon,

My name is Emma Wilbert and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED cases of people experiencing homelessness in Los Angeles. There are healthcare workers without proper equipment, and more than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

At: Sat, Jun 6, 2020 at 10:36 AM

Hello,

1-3% is a slap in the face and is NOT ENOUGH.

My name is Stacey I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Claire Smith

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Alia Mourali

Hello,

My name is Juliana Alban. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Juliana Alban

Hello,

My name is Jenny Wong. I am a resident of the Palms/West LA neighborhood in the city of Los Angeles and I am emailing to demand the restructuring of the City of Los Angeles budget to prioritize more social services and local investment for communities and to drastically minimize spending on Police.

I demand of the Mayor, Controller, and all City Council members to prove their love and dedication to the people of their city by reallocating funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the Fire Department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Department combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED people experiencing homelessness in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. We need more decent and affordable housing. We need more social services. We need better access to public transportation.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it, their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jenny Wong

Hello,

My name is Veronica Brevik. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Veronica Brevik

Restructure Budget - more funds for social servicees

1 message

From: Brielle Biscocho <briellebiscocho@gmail.com>

To: mayor.garcetti@lacity.org

At: Sat, Jun 6, 2020 at 1:32 PM

Hello,

My name is Brielle. I am a resident of LA County and work in the city of Los Angeles. The Los Angeles city budget needs to to prioritize more social services for communities, and to drastically minimize spending on Police.

Last month, the world witnessed as George Floyd's death was in the hands of a police officer. One of many Black lives lost to police brutality. While this specific incident did not take place in Los Angeles it has caused an uproar in our city and across the country.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate more funds to directly benefit those in need.

The \$150 million cut announced earlier this week was a great start, but that is a small percentage of a \$1.8 billion+ budget.

We believe this is a small request to begin to address the huge inequalities and systems of oppression that have been perpetuated by governmental inaction. Though this will not fix the problem, it will move our city in a positive direction and demonstrate a tangible commitment to addressing systemic racism.

Please take this into account before finalizing the city budget.

Thank you,
Brielle Biscocho

Good Afternoon,

My name is Daijah. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Prove to the world that you are dedicated to ensuring that Los Angeles is a great and caring of a city as you claim it is.

Sincerely,
Daijah Abram

Hello,

My name is Celena Rodriguez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Celena Rodriguez

At: Sat, Jun 6, 2020 at 7:56 PM

Hello,

My name is Subin Cho. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Subin Cho

- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Denise

Hello,

My name is Emily Castelazo. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Emily Castelazo

Hello,

My name is Ashley. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Ashley Chen

Hello,

My name is Hanaan Osman. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Hanaan Osman

Hello,

My name is Jessica Kim. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jessica Kim

Fund services, not police!

1 message

From: Laurie Walters <dr Laurie23@gmail.com>
To: "Ms. Holly Wolcott" <cityclerk@lacity.org>
At: Sat, Jun 6, 2020 at 6:53 PM

Dear Ms. Wolcott,

Now more than ever, we need a budget centered on humanity. A \$150 million reduction is not enough.

We need housing.
We need healthcare.
We need good jobs.
We need healthy food.
We need mental healthcare.
We need free public transit.
We need educational enrichment.
We need small business resources.

We don't need more police.

As an educator in LA, I want a budget that reflects our priorities and needs, including more services for unhoused Angelenos, including housing in the thousands of empty hotel rooms throughout the city; more mental health services; rent suspension and forgiveness for the 55% of Angelenos who are currently unemployed; more funding for public schools and resources to ensure all students — regardless of their situation — can continue learning during these uncertain times.

Thank you,

Sincerely,
Laurie Walters

Hello, My name is Anya Samiljan. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Anya Samiljan

Hello,

My name is Yuanda. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

Enrich our public schools and students
Provide more affordable housing and mental health care initiatives
Protect and bolster our parks
Support small businesses struggling due to COVID-19
Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Yuanda

Hello,

My name is Sharon Mahan. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Sharon Mahan

Hello,

My name is Jeremy Moran and I am a resident of Los Angeles County. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on the police department.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 *documented* houseless people in Los Angeles, healthcare workers without proper equipment, and more than 30% of Los Angeles County residents have filed for unemployment; all the while, the police department can rest assured that they will receive a hefty budget of over \$1 billion dollars.

LAPD has more funding than it knows what to do with; there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to and have the ability to change this, so do it.

Sincerely,

Jeremy Moran

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this. Please take action to support your citizens

Sincerely,
Smriti Nagarajan

Hello,

My name is Natalie Mendoza Arroyo. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Natalie Mendoza Arroyo

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Katie Kwiatkowski

Hello,

My name is Isaac VanCuren, I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Isaac

Hello, My name is Estephanie Garcia. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Estephanie "Rojo" Garcia Ortiz

Hello,

My name is Evan Paley. I have been a resident of Los Angeles County for my entire 31 year life and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. My healthcare company which provides bedside medical services to skilled nursing facilities throughout California can't even get ahold of proper PPE in order to provide safe practices. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so please do it.

Sincerely,
Evan Paley

My name is Natasha Gunasekara. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Natasha Gunasekara

Restructure Budget and DEFUND POLICE

1 message

From: Stephanie Hernandez <shadeofpink03@gmail.com>
To: mayor.garcetti@lacity.org
At: Sat, Jun 6, 2020 at 7:59 AM

Hello,

My name is Stephanie Hernandez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Stephanie Hernandez

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Although defunding and demilitarizing the Police is crucial. It is not enough. Your existence in the most restrained capacity is still a threat to our black population. You will be abolished because your existence as a group is violent. FUCK YOU AND FUCK ICE! :)

My name is Nini. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

Hello,

My name is Joy. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Can you imagine the powerful good that we could accomplish if people trained to work with vulnerable populations were able to be dispatched to assist them in crisis- instead of armed police?

Sincerely,
Joy Bacon

Hello,

My name is Andrea Monzon. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Andrea Monzon

My name is Karen Aguilar.

I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Karen

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Heather Rodriguez

Hello,

My name is Victor . I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Victor Lara

Hello,

My name is Jaclyn Flores. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jaclyn Flores

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Salvador Mora

Hello,

My name is Jessica Vo, and I am a resident of Los Angeles County. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city, and reallocate funds to directly benefit those in need.

It is immensely absurd that at \$1,857,330,549, the police budget is much larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are even healthcare workers without proper equipment. To add, more than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding. If they don't receive it every day, their quality of life worsens. Thousands who did not need to die have unfortunately passed. You have the ability to change this. Please do it.

Sincerely,
Jessica Vo

In support of -- Restructure Budget and DEFUND POLICE

1 message

From: Lisa Aragona <lisaaragona@gmail.com>

To: mayor.garcetti@lacity.org

At: Sat, Jun 6, 2020 at 12:05 AM

Hello, I am writing once again as a tax-paying Los Angeles community member, residing in Glendale, in support of the following sentiments:

I am demanding the continued restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize/defund spending on Police Department.

I implore the Mayor, Controller, and all city council members to demonstrate their dedication to the people of their city and reallocate funds to directly benefit those in need.

I was astonished to realize that the Police Department budget is larger than the allocations to the Fire Department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. The fact that my taxpayer dollars go to an antiquated, racist, violent, problematic system disgusts me. The LAPD response to the peaceful protests against the deeply imbedded racism in our country sickens me. The LAPD are NOT doing their job by making its citizens UNSAFE.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

There are communities who desperately need funding and every day that they don't receive it, their quality of life worsens. People lose their lives unnecessarily. You have the ability to change this, so do it.

Sincerely,
Lisa Aragona
