Hello,

My name is Bridget. I am a resident of Orange County, but soon moving into LA County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Bridget D.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Karina Hernandez

Hello,

My name is Krystal Guevara. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Hello,

My name is Anaid Serrato. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Anaid Serrato

Hello,

My name is Elijah Geiger. I am a resident of Los Angeles County and I am emailing to ask you to restructure the Los Angeles city budget, so as to prioritize more social services for communities, and to reduce spending on Police.

I call on the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is unnecessary that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Resisting the Police Union's continued power grab and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it requires, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so please please do so.

Sincerely,

Elijah

Hello,

My name is Esmeralda Aladuena. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Esmeralda Aladuena

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Tiffany Wong

Hello,

My name is Ryann Miller. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Hello,

My name is vanessa . I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Vanessa

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Hello, My name is Adele Kandarian. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so please do so. Sincerely, Adele

Hello,

My name is Reeva Reyes. I am a previous resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. All of the current situations on police brutality brings me to the utmost disappointment and disapproval as a previous resident who WISHED to move back.

My name is Ashley Lopez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Ashley Lopez

Hello,

My name is Clarissa Rae. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Clarissa Rae

Hello,

My name is Alexis. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Alexis Palacios

My name is Manah W. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Manah

Hello,

My name is Hunter Edwards. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
HE

Please Restructure the Los Angeles Budget to Defund the Police and Adopt the People's Budget

Dear Councilmember Ryu,

My name is Ria Sardana and I live in Los Angeles District 4. I am writing to demand you consider the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly.

Unlike the Mayor's budget, which -- even with cuts and proposed reapportionments -- gives more than half of unrestricted funds to the LAPD, the People's Budget LA gives only 5.7% to the police. It is absolutely absurd that traditionally the police budget -- at a whopping \$1.8 billion dollars -- is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Survey takers determined that the city should prioritize universal needs (such as housing, childcare, healthy food, clear air and water), pandemic recovery, built environment, and reimagined public safety over the police department. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. You need to engage directly with communities, especially Black and Indigenous communities -- the most at risk of police brutality and murder -- to create a budget that serves ALL Angelenos.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear -- through both physical and digital actions -- that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed.

This is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA.

Thank you for your time,

Ria Sardana

Hello,

My name is Eric Cannata. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Eric Cannata

Dear Councilmember Koretz,

My name is Claire and I live in Los Angeles District 5. I am writing to demand you consider the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly.

Unlike the Mayor's budget, which -- even with cuts and proposed reapportionments -- gives more than half of unrestricted funds to the LAPD, the People's Budget LA gives only 5.7% to the police. It is absolutely absurd that traditionally the police budget -- at a whopping \$1.8 billion dollars -- is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Survey takers determined that the city should prioritize universal needs (such as housing, childcare, healthy food, clear air and water), pandemic recovery, built environment, and reimagined public safety over the police department. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. You need to engage directly with communities, especially Black and Indigenous communities -- the most at risk of police brutality and murder -- to create a budget that serves ALL Angelenos.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear -- through both physical and digital actions -- that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed.

This is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA.

Thank you for your time,

Claire

We need to work with the citizens of America and looking out for their well being rather than fighting against them like they are the enemy.

Hello,

My name is Josephine Gao. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

Enrich our public schools and students
Provide more affordable housing and mental health care initiatives
Protect and bolster our parks
Support small businesses struggling due to COVID-19
Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Josephine Gao

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Monica Meneses

Hello,

My name is Giulia and I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

Enrich our public schools and students
Provide more affordable housing and mental health care initiatives
Protect and bolster our parks
Support small businesses struggling due to COVID-19
Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Giulia Marsella

Hello, My name is Sohrab Pirayesh and I am a resident of Los Angeles County here near the Grove, and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Sohrab

Fund services, not police!

Dear Ms. Wolcott,

Now more than ever, we need a budget centered on humanity. A \$150 million reduction is not enough.

We need housing.
We need healthcare.
We need good jobs.
We need healthy food.
We need mental healthcare.
We need free public transit.
We need educational enrichment.
We need small business resources.

We don't need more police.

As an educator in LA, I want a budget that reflects our priorities and needs, including more services for unhoused Angelenos, including housing in the thousands of empty hotel rooms throughout the city; more mental health services; rent suspension and forgiveness for the 55% of Angelenos who are currently unemployed; more funding for public schools and resources to ensure all students — regardless of their situation — can continue learning during these uncertain times.

Thank you,

Sincerely,
Lovelyn Marquez-Prueher

Hello,

My name is Nathan Danielsén. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department. This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need. Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable. We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that Enrich our public schools and students Provide more affordable housing and mental health care initiatives Protect and bolster our parks Support small businesses struggling due to COVID-19 Provide cheaper and cleaner modes of public transportation Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Mayor Garcetti,

My name is Sandy Saravia. I am a native-born citizen and resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles City budget. We need to prioritize healthcare, education, transportation, and counseling services (just to name a few). The current police system was never meant to protect and serve the community. It was created to patrol and catch slaves, which is why we need to rebuilt the system. We need to defund police departments nationwide and it must start with us.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Sandy

Hello,

My name is Regina Zamarripa Aguilar. I am a resident of Los Angeles County and I am writing to demand the restructuring of the city budget, so as to prioritize more social services for underfunded communities, and to drastically minimize spending on the police department.

I demand the mayor, controller, and all city council members to prove their love and dedication to the people of our city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are currently 58,936 documented houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. As our elected officials, you have the ability and responsibility to change this, so do it.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Hello,

My name is Aalok Shah. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Aalok Shah

Hello,

My name is [insert name]. I am a resident of Los Angeles (District 10) and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. Personally, police have never done anything for me other than harass and intimidate me and other residents of this city— and I have it easy as a non-Black person.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. This city has the worst housing crisis in decades. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to due to police brutality, the city's gross negligence, and lack of focus on building up communities. You have the ability to change this, so do it. The people demand it.

Sincerely,
Sophia Salazar

Hello,

My name is Isabella. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Isabella

Dear Councilmember O'Farrell,

My name is Samantha Weissert and I live in Los Angeles District 13. I am writing to demand you consider the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly.

Unlike the Mayor's budget, which -- even with cuts and proposed reapportionments -- gives more than half of unrestricted funds to the LAPD, the People's Budget LA gives only 5.7% to the police. It is absolutely absurd that traditionally the police budget -- at a whopping \$1.8 billion dollars -- is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Survey takers determined that the city should prioritize universal needs (such as housing, childcare, healthy food, clear air and water), pandemic recovery, built environment, and reimagined public safety over the police department. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. You need to engage directly with communities, especially Black and Indigenous communities -- the most at risk of police brutality and murder -- to create a budget that serves ALL Angelenos.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear -- through both physical and digital actions -- that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed.

This is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA.

Thank you for your time,

Samantha Weissert

Hello, my name is Rhea Mancuso.

I am a resident of Los Angeles County and I am emailing to demand restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I ask of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities in desperate need of funding, and every day they don't receive it their quality of life worsens. You have the ability to change this, so for the love of God and all His children, PLEASE DO IT.

Thank you for your time.

Sincerely, Rhea Mancuso

Dear Mr.Garcetti and council members of the LA County,

My name is Oju. I am a resident of the Bay Area and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

Thank you for already halting some funding to the police, more action is needed, though. I understand that this seems drastic, but please try to understand why it is necessary immediately. As you most likely know, our country's police system is founded on racist ideals and is created to inherently harm black people. Police officers are supposed to make people feel safer in their own communities and protect innocent lives at all costs, but they are doing the opposite to black communities.

The LA black community is vibrant and has influenced the culture so much. Disregarding their needs is inhumane and unjust, so instead of filling their lives with fear, you have the power to give them the support they need to thrive.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

Hello,

My name is Monique McNulty I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Monique McNulty

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jeremy Alderette

Hello,

My name is Daisy R. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

I know you'd like to keep your job Mayor Garcetti, but the youth is coming and we're fed up with the systemic injustice and inequalities that are present in our lives. This could change and if you don't, I'm heading to college in the fall and will educate myself to be put in the situation where I could.

Sincerely,
Angel Sanchez

Hello,

My name is Genesis Marroquin. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Genesis Marroquin

Reconsider the Budget; Reallocate Funding

Dear Councilmember Paul Krekorian,

[In regards to Council File 20-0600]

As a City of LA stakeholder, I am urging you to reconsider the Mayor's proposed budget and to make recommendations to **reallocate funding & resources away from LAPD to much needed services that actually help and serve the community**. While all other city departments had proposed cuts to their budget (up to 35%), there was a 7% increase proposed for the LAPD budget. In a time when there is so much need, I don't believe this is a good allocation of our limited resources. By reducing funding to much needed services while increasing funding to the LAPD, we are putting too much reliance on police to perform duties they are not equipped to do. Let's instead focus resources on services that actually serve people and their needs. People are unemployed, food-insecure, unable to pay rent, and suffering from mental and physical health issues. We need a budget that genuinely serves the people.

"Now is the time to think transformatively about city spending. Time to divest from policing that has fallen unfairly on communities of color."

Thank you for your time,

Serena Liu

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Conner

Hello,

My name is Angelica Pintado. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Hello, My name is Eli Flores. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Eli Flores

Hello, My name is Blanca N. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely,
Blanca N.

Hello,

My name is Anthony Aldrete. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Don't be a disgrace to your community.

Sincerely,
Anthony Aldrete

Hello,

My name is Rebecca Todaro. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

Los Angeles is no stranger to police violence and brutality - especially against its marginalized residents. The police raids and beatings in gay bars like the Black Cat in Silverlake in 1967 lead to some of LA's earliest known demonstrations in support of LGBTQ civil rights. Now at the start of pride month, we are once again standing up in defense of our rights as citizens and residents of a city we love. We'd like to feel that love back, and that requires action on your part beyond apologies and platitudes.

I demand the Mayor, Controller, and all City Council Members prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

As a constituent, it is honestly hard to fathom that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is a necessity now more than ever. There are 58,936 documented houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

These past few months have highlighted that there are communities who desperately need funding to simply survive in Los Angeles. Please invest directly into those communities which are hurting, rather than investing into systemic oppression. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Rebecca Todaro

Hello,

My name is Natalie Warner. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Natalie

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Berenice Delgado

My name is Julia Chen. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Julia Chen

Hello,

My name is Alessandra. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Alessandra García

Hello,

My name is Gustavo Miranda. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Gustavo Miranda

Hello,

My name is Julião Ocampo. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Julião Ocampo

Hello,

My name is Sarah Borquez . I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

My name is Alex Stills I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Alex Stills

Hello,

My name is Gina Dinwiddie. I am a resident of Los Angeles, CA and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Gina Dinwiddie

I am a resident of Los Angeles, CA and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Sonja Grunfeld

Hello,

My name is Dina Ghanim. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Mayor's Proposed Budget

Hi, my name is Dolores Reynals and I live in the City of LA. I urge you and the rest of the city council to reject the Mayor's proposed budget. The City's proposed budget does not reflect the priorities and values of Los Angeles residents. In this time of global pandemic and the fight to end systemic racism, the city budget should reflect the values and needs of the people you serve. The police don't need more funding, your constituents who are suffering under these racist systems do. I support the People's Budget LA in calling for the defunding of police, and the HealthyLA Coalition in calling for the funding of these housing efforts:

- The acquisition and rehabilitation of multi-family buildings & single-family homes. Investing \$310,000 per unit for multi-family units and \$450,000 per single family home, the total program cost would be approximately \$690,000,000 for Year 1 and result in 2,000 units of housing.
- Invest \$70,000,000 in a fully-funded Right to Counsel and Eviction Defense Program that includes legal defense, tenant outreach and education and targeted rental assistance.
- Fund HCID to enforce existing tenant protections. This is critical during a time of expected and unprecedented waves of evictions looming.
- Create a Pilot Social Housing Program.

Thank you,

My name is Brittney Garcia. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Brittney Garcia

HI PLEASE READ THIS,

My name is Alexandria Frank. I am a resident of Los Angeles, CA and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

Enrich our public schools and students
Provide more affordable housing and mental health care initiatives
Protect and bolster our parks
Support small businesses struggling due to COVID-19
Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Alexandria Frank

Hello,

My name is Kayla D'Altorio. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

-Kayla

Mayor Garcetti's Proposed Budget

Hello,

My name is Alex Sgambati and I live in the City of LA. I urge you and the rest of the city council to reject the Mayor's proposed budget. The City's proposed budget does not reflect the priorities and values of Los Angeles residents. In this time of global pandemic and the fight to end systemic racism, the city budget should reflect the values and needs of the people you serve. The police don't need more funding, your constituents who are suffering under these racist systems do. I support the People's Budget LA in calling for the defunding of police, and the HealthyLA Coalition in calling for the funding of these housing efforts:

- The acquisition and rehabilitation of multi-family buildings & single-family homes. Investing \$310,000 per unit for multi-family units and \$450,000 per single family home, the total program cost would be approximately \$690,000,000 for Year 1 and result in 2,000 units of housing.
- Invest \$70,000,000 in a fully-funded Right to Counsel and Eviction Defense Program that includes legal defense, tenant outreach and education and targeted rental assistance.
- Fund HCID to enforce existing tenant protections. This is critical during a time of expected and unprecedented waves of evictions looming.
- Create a Pilot Social Housing Program.

Thank you,
Alex Sgambati

Hello,

My name is Devyn Everts. I am a resident of Los Angeles, CA and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

Enrich our public schools and students
Provide more affordable housing and mental health care initiatives
Protect and bolster our parks
Support small businesses struggling due to COVID-19
Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Hello,

MAYOR GARCETTI - THE PEOPLE WANT YOU OUT. RESIGN NOW in other words THE PEOPLE YOU WORK FOR ARE DONE WITH YOUR BS AND ARE FIRING YOU.

I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

We will not stop until :
you fire Michael Moore,
Adopt the People's Budget
you yourself resign. Your time is done.

Hello,

My name is El Bae. I am a resident of Los Angeles, CA and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
El Bae

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Dear Councilmember Ryu,

My name is Zoe Kurland and I live in Los Angeles District 4. I am writing to demand you consider the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly.

Unlike the Mayor's budget, which -- even with cuts and proposed reapportionments -- gives more than half of unrestricted funds to the LAPD, the People's Budget LA gives only 5.7% to the police. It is absolutely absurd that traditionally the police budget -- at a whopping \$1.8 billion dollars -- is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Survey takers determined that the city should prioritize universal needs (such as housing, childcare, healthy food, clear air and water), pandemic recovery, built environment, and reimagined public safety over the police department. Focusing on these needs will make our city thrive. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. You need to engage directly with communities, especially Black and Indigenous communities -- the most at risk of police brutality and murder -- to create a budget that serves ALL Angelenos.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD and putting money towards other areas that need it. It has made clear -- through both physical and digital actions -- that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed citizens unjustly.

This is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA.

Thank you for your time,

Zoe Kurland

Hi,

My name is Katie Queen and I live in the City of LA. I urge you and the rest of the city council to reject the Mayor's proposed budget. The City's proposed budget does not reflect the priorities and values of Los Angeles residents. In this time of global pandemic and the fight to end systemic racism, the city budget should reflect the values and needs of the people you serve. The police don't need more funding, your constituents who are suffering under these racist systems do. I support the People's Budget LA in calling for the defunding of police, and the Healthy LA Coalition in calling for the funding of these housing efforts:

- The acquisition and rehabilitation of multi-family buildings & single-family homes. Investing \$310,000 per unit for multi-family units and \$450,000 per single family home, the total program cost would be approximately \$690,000,000 for Year 1 and result in 2,000 units of housing.
- Invest \$70,000,000 in a fully-funded Right to Counsel and Eviction Defense Program that includes legal defense, tenant outreach and education and targeted rental assistance.
- Fund HCID to enforce existing tenant protections. This is critical during a time of expected and unprecedented waves of evictions looming.
- Create a Pilot Social Housing Program.
- Provide developers with gap financing to ensure affordable housing construction projects are completed in a timely manner.
- Commit CARES and general funds dollars to finance and operate supportive housing units.

Defund Police - Adopt the People's Budget

Hello on this beautiful Monday!!

I'm writing you as a proud Angeleno and concerned citizen!

I live in District 2. I am writing to demand you consider the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly - I know it's scary, because it's different, but progress won't be made by playing it safe, and the budget as we know it is *not* working to protect the interests - and lives - of your constituents.

Unlike the Mayor's budget, which — even with cuts and proposed reapportionments — gives more than half of unrestricted funds to the LAPD, the Peoples Budget LA gives only 5.7% to the police. Survey takers determined that the city should prioritize universal needs (such as housing, childcare, healthy food, clear air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD. Los Angeles has a shameful history of police brutality and a disproportionate number of its own residents of color are incarcerated.

I urge you to imagine a future where Los Angeles can lead the way in restorative justice and community care rather than being than a prime example of the systemic violence and discrimination.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed.

This is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA.

Thank you for your time,

Rebecca Todaro

Hi, my name is Jana Krumholtz and I live in the City of LA. I urge you and the rest of the city council to reject the Mayor's proposed budget. The City's proposed budget does not reflect the priorities and values of Los Angeles residents. In this time of global pandemic and the fight to end systemic racism, the city budget should reflect the values and needs of the people you serve. The police don't need more funding, your constituents who are suffering under these racist systems do. Dear Mayor Garcetti, Councilmembers Wesson and Krekorian,

I am an Angeleno and I live in District 10. I am writing to demand you consider the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly.

Unlike the Mayor's budget, which — even with cuts and proposed reapportionments — gives more than half of unrestricted funds to the LAPD, the Peoples Budget LA gives only 5.7% to the police. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on protestors. Many police officers have hurt, abused and maimed protesters, and several of these actions have been caught on video. The LAPD is a worldwide disgrace—the world is watching.

This is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA. See www.peoplesbudgetla.com for more info.

Thank you for your time,

Hello,

My name is Sara Peña. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Sara Peña

It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

Mayor Garcetti,

I know that you are a Harvard-Westlake alum, as am I. I also know that you were quick to respond to a petition to defund the police coming from fellow Harvard-Westlake voices; you have chosen not to respond directly to demands from Black Lives Matter and the affiliated People's Budget LA. This goes to show just how powerful having connections— and with them, money— is in making your voice heard. I demand that you do better. LISTEN to the people who were not nearly as fortunate as we were to receive the education and network opportunities provided to us by our alma mater.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need. I demand that you listen to the People's Budget LA and their BLM affiliates.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

Hello,

I'm Janel and I'm a resident of Los Angeles County - Sherman Oaks specifically. As you prepare for the meeting this afternoon in regards to the changes proposed to the Mayor's budget, we the people demand that you make a much more substantial cut to the allocated budget for LAPD. The \$150 million that was proposed to be cut from the LAPD budget only moved the dial of police funds from 53% of the budget to 51%. Simply it's just NOT ENOUGH! The people's budget allocates 5.7% of funds to traditional law enforcement. We want budget reform NOT a band-aid that makes your administration look better. Lastly, we demand in line with the people of Minneapolis' demands, that you as City Council take an oath to not increase funding for the law enforcement budget moving forward. We want forever change. We want an investment into the community. A place where people are proud and feel safe - car not cops! You have the power to make real change and actually listen to your constituents. I urge you to listen to the people and take action.

Thank you,
Janel Kranking

Hello,

My name is Andrew Allen. I am a resident of Los Angeles and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Andrew Allen

Hi, my name is SaraAnne Fahey and I live in the City of LA. I urge you and the rest of the city council to reject the Mayor's proposed budget. The City's proposed budget does not reflect the priorities and values of Los Angeles residents. In this time of global pandemic and the fight to end systemic racism, the city budget should reflect the values and needs of the people you serve. The police don't need more funding, your constituents who are suffering under these racist systems do. I support the People's Budget LA in calling for the defunding of police, and the HealthyLA Coalition in calling for the funding of these housing efforts:

- The acquisition and rehabilitation of multi-family buildings & single-family homes. Investing \$310,000 per unit for multi-family units and \$450,000 per single family home, the total program cost would be approximately \$690,000,000 for Year 1 and result in 2,000 units of housing.
- Invest \$70,000,000 in a fully-funded Right to Counsel and Eviction Defense Program that includes legal defense, tenant outreach and education and targeted rental assistance.
- Fund HCID to enforce existing tenant protections. This is critical during a time of expected and unprecedented waves of evictions looming.
- Create a Pilot Social Housing Program.

Thank you,

Fwd: Public Comment

Hi Mandy,

I am having trouble sending in my Public Comment for today's forum, so I am sending it below, along with an attachment of an article by Paul Butler on why police abolition is essential and possible.

Thanks!

Hi my name is Sofie Fier and as a resident of Los Angeles, I am calling on the Budget and Finance Committee Council Members to adopt the People's Budget to divest from LAPD and invest in community wellbeing. The police are not held accountable for their violent and lethal actions, and it is apparent that they do not help protect the safety of US citizens. LAPD in particular has long been a disgrace to Los Angeles and I fear for my Black and Brown community members. Please divest from police and invest in domestic violence prevention, homelessness, mental health care, education, so that all LA residents can be safe and protected.

The United States federal government has upheld a legal order of racial discrimination since its nascency. Because the police serve to enforce the law, they have played and continue to play a main role in supporting this national racial hierarchy. They are the gatekeepers and the enforcers of the third era of institutionalized white supremacy. Therefore, just like its predecessors, slavery and Jim Crow, it makes logical sense to discuss policing and mass incarceration in terms of abolition.

Just as the notion of abolishing other systems of racial caste initially appeared impossible, the total elimination of the policing system seems completely unachievable and inconceivable. However, not only is it achievable, but it is necessary. The police institution we see today are directly descended from slave patrols, and this ancestry shows.

Slave patrols were encouraged to punish captures slaves by whipping or beating the bondsmen. Often, slave patrols were severe in their punishments. Today, a police officer can use excessive force upon anyone for even the slightest infraction. Slave patrols had the authority to search any slave cabin and seize "contraband" (whatever they wanted to steal). Today, police officers can stop-and-frisk African-Americans without actually holding reasonable suspicion. Slave patrols utilized the practice of stationery patrolling, where they would watch homes of free blacks and people associated with slaves. Today, police officers are seemingly omnipresent in "tough" neighborhoods, surveilling every person that appears suspicious. Finally, a lack of accountability when using deadly force persisted both during the era of slave patrols and today. Slave patrollers were always armed, and while "warning shots were rare... shots taken at slaves were more common" (Hadden 123). If anything, police today are held less accountable for the deaths of African-Americans. Masters or overseers punished slave patrols if they inflicted too harsh of punishment or killed slaves, as they had "damaged their property."

Not only is it difficult to hold police accountable for brutalizing and murdering people, but it is nearly impossible because of three Supreme Court cases that have allowed police to 1) use lethal force for the slightest misdemeanors (as we have seen with George Floyd, Eric Garner, Michael Brown, and COUNTLESS others), 2) arrest and detain someone even if the crime only merits a fine, and 3) racially profile.

It's not just "bad apples" who use these tactics. Racial profiling, unnecessary lethal/violent force, and racially charged arrests happen in every single police department in the entire country, although some worse than others.

The police don't even help to protect us from violence. Because of the "Broken Windows" theory, which lies in the assumption that if police crack down on general "disorder," general crime rates and violence will go down, the police now act as an omnipresent surveillance in mostly Black and Brown communities and target low-level crime. This means that our jails are filled with nonviolent, mostly Black and Brown folks. White and Black people do drugs and commit crimes at the same rates. However, due to INTERPOL and other data tactics that have labelled low-income communities as "crime hot spots," law enforcement typically patrols in low-income neighborhoods, so poor individuals are more likely to interact with police. This means more Black and Brown people in jail for low-level crimes and far less focus on things that actually threaten our safety, like domestic violence and rape.

Why is death by an intimate partner still the number 2 leading cause for young womens' deaths in the US? Why do less than 3% of rapists ever serve a single day in prison? Why are hundreds of Black trans women murdered every single year? When contextualized within the US history, coupled with the fact that police do not effectively protect their citizens, it becomes glaringly apparent that the police mainly serve to protect one thing: white supremacy.

Abolishing the police system is not only necessary to beginning to dismantle white supremacy, but it is also completely plausible and achievable. Minneapolis is doing it right now. Mental health experts have the tools. Domestic violence organizations have the resources. We just need to give them the money.

LA DEMANDS A PEOPLE'S BUDGET

As a resident of Los Angeles, I support the demands of the People's Budget LA Coalition. Additional revisions must be made to the FY 2020-21 budget to reflect the values of our communities. This includes the defunding of the police department.

I oppose the divesting of services outside of police, parking enforcement and the City Attorney's Office, and support higher budgetary allocations for the following:

- Education
- Environmental
- Healthcare
- Homelessness
- Community Efforts
- Jobs, Economic and Workforce Developments
- Low Income Housing
- Mental Health Resources
- Parks & Recreations
- Public Transportation
- Resources for Small Business

The citizens of Los Angeles will not allow you to exhaust 50%-54% of our general funding to provide LAPD with ineffective resources that promote violence and systemic racism.

It is in the best interest of our citizens to reevaluate the FY 2020-21 budgetary adjustments in alignment with the People's Budget. If you do not defund the police department and better allocate financial support to human-centered services, I will actively voice my concerns to any politician you are involved with in future elections and consider not supporting them.

Thank you for your time.

Sincerely,

Nazmi Sayed
