Hello,

My name is Deja Jones. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Deja Jones

Honorable LA City Council President Martinez, Councilmember Blumenfield, Councilmembers,

Hello, my name is Courtney Gero and I have lived in the area adjacent to the project for 7 years. My home, family, and neighborhood will be directly and negatively impacted by the project at 22241-22255 Mulholland Drive. I OPPOSE this out-of-scale luxury home development project as approved by the LA City Planning Dept. and SUPPORT the Appeals of the Tract Map Approval, EIR Certification, and CEQA Clearance, as well as reversal of the Zoning Administrator's Determination on Councilmember Bob Blumenfield's 245 Motion, for the following reasons:

- The project consists of 19 tightly packed two-story houses up to 33 feet high, inserted into a one-story, low density built neighborhood requiring massive grading and Code deviations, contrary to important objectives in the Community Plan and contrary to the Mulholland Specific Plan
- Too many protected Heritage Coast Live Oak trees being removed or endangered contrary to the Protected Tree Ordinance and the Specific Plan
- The project includes five highly-visible oversized retaining walls up to 11.5' high and up to 194' long requiring deviations from the City Code by the Zoning Administrator
- Extensive, landscape-changing grading of 60,000 cubic yards requiring 1,600 dump trucks full of imported soil, within the driplines of protected Coast Live Oaks
- Dangerous new street location on San Feliciano Drive hill approved without interviewing non-reported accident witnesses
- Disruption of wildlife refuge & transit link to nearby Santa Monica Mountains affecting coyotes, bobcats, raccoons, raptors, native ground squirrel colonies, and more
- No prior review by the Design Review Board of the Mulholland Scenic Parkway Specific Plan as required by law, at the western entrance to the historic Mulholland Scenic Parkway
- The failure to submit or consider a viable, less intrusive, less dense alternative plan as required by the California Environmental Quality Act (CEQA)
- Mitigations offered by the City agencies are inadequate, unsustainable, and unenforceable

I am not against the development of this private property and, like Councilmember Blumenfield, support revisions to the project that eliminate Code deviations, minimize grading, save more trees, and are more compatible with Mulholland Corridor and the surrounding neighborhood. Any development must follow the rules and regulations of the City of Los Angeles' General Plan and Community Plan, and the Specific Plan of the Mulholland Scenic Parkway. In so doing, this will enforce compatibility with the immediate neighborhood, keep the Heritage Coast Live Oaks from being needlessly killed or endangered, and retain the wild open spaces that have become a respite for multitude species of wildlife and a Woodland Hills landmark.

You should be aware that the developer has not responded to requests by the community, the Neighborhood Council, or Councilmember Blumenfield to revise the project. When given the opportunity to extend their deadline for a public appeal hearing in front of the South Valley Area Planning Commission, they chose not to, using the Pandemic to avoid having the appeals heard.

Please vote to support our community and deny the project approvals.

Respectfully,

Courtney Gero

Hello,

My name is Larry Armstrong. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Best,
Larry

Hello,

My name is Luis Daniel Gordillo. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Luis Daniel Gordillo

Honorable LA City Council President Martinez, Councilmember Blumenfield, Councilmembers,

Hello, my name is Julie Rycus Wasmer and I have lived in the area near the project for 55 years. My home, family, and neighborhood will be directly and negatively impacted by the project at [22241-22255 Mulholland Drive](#). I OPPOSE this out-of-scale luxury home development project as approved by the LA City Planning Dept. and SUPPORT the Appeals of the Tract Map Approval, EIR Certification, and CEQA Clearance, as well as reversal of the Zoning Administrator's Determination on Councilmember Bob Blumenfield's 245 Motion, for the following reasons:

- The project consists of 19 tightly packed two-story houses up to 33 feet high, inserted into a one-story, low density built neighborhood requiring massive grading and Code deviations, contrary to important objectives in the Community Plan and contrary to the Mulholland Specific Plan
- Too many protected Heritage Coast Live Oak trees being removed or endangered contrary to the Protected Tree Ordinance and the Specific Plan
- The project includes five highly-visible oversized retaining walls up to 11.5' high and up to 194' long requiring deviations from the City Code by the Zoning Administrator
- Extensive, landscape-changing grading of 60,000 cubic yards requiring 1,600 dump trucks full of imported soil, within the driplines of protected Coast Live Oaks
- Dangerous new street location on San Feliciano Drive hill approved without interviewing non-reported accident witnesses
- Disruption of wildlife refuge & transit link to nearby Santa Monica Mountains affecting coyotes, bobcats, raccoons, raptors, native ground squirrel colonies, and more
- No prior review by the Design Review Board of the Mulholland Scenic Parkway Specific Plan as required by law, at the western entrance to the historic Mulholland Scenic Parkway
- The failure to submit or consider a viable, less intrusive, less dense alternative plan as required by the California Environmental Quality Act (CEQA)
- Mitigations offered by the City agencies are inadequate, unsustainable, and unenforceable

I am not against the development of this private property and, like Councilmember Blumenfield, support revisions to the project that eliminate Code deviations, minimize grading, save more trees, and are more compatible with Mulholland Corridor and the surrounding neighborhood. Any development must follow the rules and regulations of the City of Los Angeles' General Plan and Community Plan, and the Specific Plan of the Mulholland Scenic Parkway. In so doing, this will enforce compatibility with the immediate neighborhood, keep the Heritage Coast Live Oaks from being needlessly killed or endangered, and retain the wild open spaces that have become a respite for multitude species of wildlife and a Woodland Hills landmark.

You should be aware that the developer has not responded to requests by the community, the Neighborhood Council, or Councilmember Blumenfield to revise the project. When given the opportunity to extend their deadline for a public appeal hearing in front of the South Valley Area Planning Commission, they chose not to, using the Pandemic to avoid having the appeals heard.

Please vote to support our community and deny the project approvals.

Respectfully,
Julie Rycus Wasmer
Woodland Hills Resident

Hello,

I'm inquiring about setting an appointment to apply for marriage and if possible have the ceremony with the clerk to officiate it as well. I read online that office hours are 10am - 2pm by appointment only. What is your availability on the soonest Tuesday?

Thank you,

Pranvera Ftoni

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Willow Sando-McCall

Hello,

My name is Madeline. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Hello,

My name is Alison Colchado. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Alison Colchado

Hello,

My name is Glenna McGarity, I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Glenna McGarity

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Crystal Rodriguez

Hello,

My name is Marco Munoz. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Hello,

My name is Nancy Rivas. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Nancy Rivas

Honorable LA City Council President Martinez, Councilmember Blumenfield, Councilmembers,

Hello, my name is Courtney Gero and I have lived in the area adjacent to the project for 7 years. My home, family, and neighborhood will be directly and negatively impacted by the project at 22241-22255 Mulholland Drive. I OPPOSE this out-of-scale luxury home development project as approved by the LA City Planning Dept. and SUPPORT the Appeals of the Tract Map Approval, EIR Certification, and CEQA Clearance, as well as reversal of the Zoning Administrator's Determination on Councilmember Bob Blumenfield's 245 Motion, for the following reasons:

- The project consists of 19 tightly packed two-story houses up to 33 feet high, inserted into a one-story, low density built neighborhood requiring massive grading and Code deviations, contrary to important objectives in the Community Plan and contrary to the Mulholland Specific Plan
- Too many protected Heritage Coast Live Oak trees being removed or endangered contrary to the Protected Tree Ordinance and the Specific Plan
- The project includes five highly-visible oversized retaining walls up to 11.5' high and up to 194' long requiring deviations from the City Code by the Zoning Administrator
- Extensive, landscape-changing grading of 60,000 cubic yards requiring 1,600 dump trucks full of imported soil, within the driplines of protected Coast Live Oaks
- Dangerous new street location on San Feliciano Drive hill approved without interviewing non-reported accident witnesses
- Disruption of wildlife refuge & transit link to nearby Santa Monica Mountains affecting coyotes, bobcats, raccoons, raptors, native ground squirrel colonies, and more
- No prior review by the Design Review Board of the Mulholland Scenic Parkway Specific Plan as required by law, at the western entrance to the historic Mulholland Scenic Parkway
- The failure to submit or consider a viable, less intrusive, less dense alternative plan as required by the California Environmental Quality Act (CEQA)
- Mitigations offered by the City agencies are inadequate, unsustainable, and unenforceable

I am not against the development of this private property and, like Councilmember Blumenfield, support revisions to the project that eliminate Code deviations, minimize grading, save more trees, and are more compatible with Mulholland Corridor and the surrounding neighborhood. Any development must follow the rules and regulations of the City of Los Angeles' General Plan and Community Plan, and the Specific Plan of the Mulholland Scenic Parkway. In so doing, this will enforce compatibility with the immediate neighborhood, keep the Heritage Coast Live Oaks from being needlessly killed or endangered, and retain the wild open spaces that have become a respite for multitude species of wildlife and a Woodland Hills landmark.

You should be aware that the developer has not responded to requests by the community, the Neighborhood Council, or Councilmember Blumenfield to revise the project. When given the opportunity to extend their deadline for a public appeal hearing in front of the South Valley Area Planning Commission, they chose not to, using the Pandemic to avoid having the appeals heard.

Please vote to support our community and deny the project approvals.

Respectfully,

Courtney Gero

Honorable L.A. City Council President Martinez, Councilmember Blumenfield, Councilmembers,

I have lived in the area adjacent to the above-referenced project for 20 years and am writing today to add my voice to the many who have petitioned the City and the Council over the years with regard to this proposed development. Our neighborhood will be directly and negatively impacted by the project at [22241-22255 Mulholland](#) Drive. I OPPOSE this out-of-scale luxury home development project as approved by the LA City Planning Dept. and SUPPORT the Appeals of the Tract Map Approval, EIR Certification, and CEQA Clearance, as well as reversal of the Zoning Administrator's Determination on Councilmember Bob Blumenfield's 245 Motion.

I am sure you will receive many emails with detailed lists of the specific ways in which this project violates the Mulholland Specific Plan and CEQA, deviates from the City's own codes, and ruins the unique character of our neighborhood with its embrace of multi-level, high density dwellings that are out of scale with their surroundings.

Let me state first that I am fully in agreement with Save Oak Savanna's specific objections. I am particularly alarmed at the inclusion of a street entrance on the steep, curved hill on San Feliciano where people already speed and frequently run the stop sign. Cars entering and exiting this area add an additional element of danger not just to oncoming vehicles but also cyclists and runners. I'm also highly skeptical of our two-lane street's ability to handle the increased traffic, as at specific times of day cars are already backed up from Mulholland (where there is no traffic light) to the base of the hill.

Additionally, for me, it really boils down to a few things. First, why do we have a 'plan' if a developer is allowed to circumvent it? Why are 'plans' and 'codes' only enforced and executed when they are in favor of large commercial interests (Warner Center and the new Westfield Promenade certainly come to mind here)?

I am a firm believer in private property rights and I am not against the development of this land (as much as I would miss its natural beauty) as long as it follows the rules and regulations of the City of Los Angeles' General Plan and Community Plan, and the Specific Plan of the Mulholland Scenic Parkway—like any one of us would be required to do if we were building a new home.

You should be aware that the developer has not responded to requests by the community, the Neighborhood Council, or Councilmember Blumenfield to revise the project. When given the opportunity to extend their deadline for a public appeal hearing in front of the South Valley Area Planning Commission, they chose not to, using the Covid pandemic to avoid having the appeals heard.

Please vote to support our community and deny the project approvals.

Respectfully,

Alison Kenney

Hello,

I'm inquiring about setting an appointment to apply for marriage and if possible have the ceremony with the clerk to officiate it as well. I read online that office hours are 10am - 2pm by appointment only. What is your availability on the soonest Tuesday?

Thank you,

Pranvera Ftoni

Hello,

My name is Remi S. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Remi S.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Hello,

My name is Alanna Araujo. I am a resident of the City of Los Angeles and I am emailing to demand the restructuring of the Los Angeles city budget to drastically minimize police spending and PRESENCE. I am calling for officials to DEVEST in policing our communities and INVEST in SERVING our communities by prioritizing care and prevention.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

HOW is that money being spent?? On body cams that aren't being worn at peaceful protests? On the military grade gear for your cowardice cops? On TEAR GAS in the midst of a respiratory virus pandemic? On parking enforcement for the sole purpose of generating revenue for additional policing all while making living and working in LA that much harder?

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment and even more residents without the LIFESAVING health care they need. More than 30% of Los Angeles County residents have filed for unemployment.

Cops are getting BONUSES for having college degrees as if that shouldn't already be a basic requirement—as it is for the teachers that can't even get paid a decent wage because there's no room in the budget.

HAH. Bullshit.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Beyond the hundreds of deaths at the literal hands of the LAPD, thousands more have died who did not need to all because of your selfish hoarding of funds.

If you're not working for the people, you're working against us. Do the right thing or find another job.

Sincerely,

Alanna Araujo

Hello,

My name is Justin Hirschberg. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Justin

Hello,

My name is Thomasina Martin. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

Hello,

My name is Cassidy. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Cassidy

Hello,

My name is Talya. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Talya Coviello

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Victoria Bongo

Hello,

My name is Edrick I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Hello,

My name is Matia Mathes. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Matia Mathes

There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Cesar P.

Hello,

My name is Jia Chen. I am a resident of Elk Grove, California and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jia Chen

Subject: WE DEMAND JUSTICE NOW!
To: <cityclerk@lacity.org>

To Whom It May Concern,

My name is Zoe Laub and I am a resident of Los Angeles, California. I am writing to demand the following legislative changes you can make to eradicate the decimation of Black people at the hands of police officers.

The following is a compilation of background information and implementation strategies for necessary legislative actions derived from collecting the pleas of Black organizers, activists, and journalists:

1. Redirect Police Funding

Phillip McHarris (doctoral candidate focusing on race) and Thenjiwe McHarris (strategist with the Movement for Black Lives) [explain the problem](#) with current police reform efforts:

“More training or diversity among police officers won’t end police brutality, nor will firing and charging individual officers. Look at the Minneapolis Police Department, which is held up as a model of progressive police reform. The department offers [procedural justice](#) as well as [trainings](#) for implicit bias, [mindfulness](#) and de-escalation. It embraces community policing and officer diversity, [bans](#) ‘warrior style’ policing, uses [body cameras](#), implemented an [early intervention](#) system to identify problematic officers, receives [training](#) around mental health crisis intervention, and practices ‘reconciliation’ efforts in communities of color.”

Evidently, that was not enough. Instead of heightening the resources that officers have, they advocate redirecting funds to alternative emergency response programs, which can also be fueled by state-level and local-level grants. The McHarris’ argument is that we should work towards a reality in which healthcare workers and emergency response teams should handle substance abuse, domestic violence, homelessness, or mental health cases, while rapid response social workers provide individuals with the care they need. Community organizers would be responsible for spearheading responses to the pandemic. “The average police recruit spends [58 hours learning how to shoot](#) and [only 8 hours learning how to](#)

[de-escalate](#).” Police officers are not trained nor necessary in reacting to such crises—specialized responders are.

Most police funding is budgeted and taxed at the local level, with city-level and county-level votes periodically increasing budgets. In 2017, [Oakland allocated the highest share of its general fund to policing](#) nationwide, at 41 percent and \$242.5 million. It is crucial to establish state-level and local-level bans on heightening police funds, while simultaneously redirecting budgets to the aforementioned alternatives.

For-profit policing is a large culprit. Even though [Governor Brown’s 2016 bill](#) helped protect Californians from civil asset forfeitures, this is far from sufficient. As of 2020, [66.25% of forfeiture profits go to police](#)—a C+ rating.

The Black Lives Matter Movement [demands](#) “acknowledgment and accountability for the devaluation and dehumanization of Black life at the hands of the police... We call for a national defunding of police. We demand investment in our communities and the resources to ensure Black people not only survive, but thrive.”

The McHarris’ conclusion states, “We need to reimagine public safety in ways that shrink and eventually abolish police and prisons while prioritizing education, housing, economic security, mental health and alternatives to conflict and violence.”

A persistent, genuine, and well-thought-out legislative effort to redirect police funds and end for-profit policing is imperative.

2. Abolish Legislative Police Protections

Murderers who wear a badge have consistently been given a free pass to decimate Black life. [BLM](#) “demand[s] accountability [for] those who are victims of police violence.”

It is vital to ensure that police officers are met with precisely the same consequences as their badgeless counterparts.

Accountability has been denied to Black people for centuries, and it is crucial to impose legislative confirmation that accountability is ensured.

[Campaign Zero](#) is an organization dedicated to “limiting police interventions, improving community interactions, and ensuring accountability.”

They propose a solution of independent investigations. Because only [1% of all killings by police lead to an officer being charged with a crime](#), “independent investigations and prosecutions of police officers” must be mandated to eliminate biases. A broken system should not be evaluating itself.

3. Demilitarize the Police

Campaign Zero emphasizes that [studies](#) show how “more militarized police departments are significantly more likely to kill civilians.” Unfortunately, “the federal 1033 program transfers military weapons to police departments.”

[Campaign Zero](#) continues that to demilitarize, we must “prohibit cities and counties from using federal funds to purchase military equipment.”

California is not void of this indictment. In total, 41 MRAPs [are in the possession of law enforcement agencies in California](#). All in all, California's quantity of purchasing such outlandish and high-level military technology is unmatched: "In terms of cash value, California gets more 1033 gear than other states."

Even though the LAPD has refused to take on more military equipment, they stated that ["the department will replenish and replace"](#) existing equipment. Such measures must be barred in an effort to eventually demilitarize the police force entirely in the long run.

Police departments should be [restricted](#) from using federal grant money to purchase military equipment, using the SWAT team, or conducting no-knock raids. Over-weaponized departments must reduce their use of weapon stockpiles, as "agencies should seek to return to the federal government the military equipment that has already been received" as [places like San Jose already have](#).

The [warranting](#) is simple: "Military equipment naturally increases military-style training for said equipment. That training can increase the other dimensions of militarization," contributing to the war-like mentality implicitly enforced by the police, who have no place fighting wars against the most disenfranchised members of their communities.

I hope that our legislators can take tangible, policy-level initiatives to defend Black lives, something they have failed to do so up until this point. Please listen to the pleas of the Black entities listed above and countless others, and help give rise to a future where Black folks do not have to fear for their lives on a daily basis.

Sincerely but not silently,

Zoe Laub

Hello,

My name is Everett Fitzpatrick. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Everett Fitzpatrick

My name is Sam. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Sam

Hello,

My name is Braulio Garcia. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Braulio Garcia

Hello,

My name is Emma Craven. I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Emma Craven

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Anika Amirouche

Hello,

My name is Sabrina. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Hello,

My name is Isela Humerez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Isela Humerez

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

p. s. besides budget cuts, the LAPD needs legislation to hold officers accountable for their actions and decisions and behavior. when the police are responsible for bringing justice to themselves, they are allowed to make decisions based on their own discretion and this is unacceptable.

Hello,

My name is Piper Selley. I am concerned for the Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
- Piper Selley

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Michael Blasky

Hello,

My name is Olivia Almanza . I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Olivia Almanza

Hello, My name is Haru Tan. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Haru Tan.

Hello,

My name is Jayleen Cienfuegos. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Jayleen Cienfuegos

My name is Seth Mitchell. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Seth Mitchell

Hello,

My name is Sharine Dubon. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Sharine Dubon

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Haley Shanton

Hello,

My name is [insert name]. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

Hello,

My name is Gelsy Rodriguez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Gelsy Rodriguez

My name is Esmeralda . I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Esmeralda Ocampo

My name is Chris Hammond. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Chris Hammond

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Mary Rozzi

Dear Ms. Wolcott,

Now more than ever, we need a budget centered on humanity. A \$150 million reduction is not enough.

We need housing.
We need healthcare.
We need good jobs.
We need healthy food.
We need mental healthcare.
We need free public transit.
We need educational enrichment.
We need small business resources.

We don't need more police.

As an educator in LA, I want a budget that reflects our priorities and needs, including more services for unhoused Angelenos, including housing in the thousands of empty hotel rooms throughout the city; more mental health services; rent suspension and forgiveness for the 55% of Angelenos who are currently unemployed; more funding for public schools and resources to ensure all students — regardless of their situation — can continue learning during these uncertain times.

Thank you,

Sincerely,
Ingrid Cano

Mr O'Farrell,

A reduction in the city budget allocation to LAPD by 150 million is not enough to create substantive change. We need to more aggressively de-fund the LAPD. I demand the councilpersons vote to re-allocate the funds to universal aid and crisis management, to build the environment and to reimagined community safety.

Please defund the police.

Hello, My name is Guru-kirtan Khalsa. I have lived in Los Angeles my whole life and I believe that the city budget needs to be redone so that it prioritizes services for the community and minimizes spending on police. I demand of the mayor, controller, and all city council members do your jobs and do what will benefit the community and people of Los Angeles the most. We are in the middle of a housing crisis, our streets and public transportation are still lacking for a large city. It is absolutely absurd that the police are getting over so much money when we have things that desperately need to be funded more and would do more good. Defunding the police and restructuring the budget is an absolute necessity now more than ever. The we are in the middle of a global pandemic, a housing crisis and an unemployment crisis. There are people who desperately need to be supported more than they are. The police have more money than they know what to do with while people sleep on the streets. The police have over a billion dollar budget and hurt our community while health care workers have no proper equipment. People are wondering if they will be able to keep their house because they are unemployed while the police beat people in the streets for protesting against police brutality. The police do not need this money the people of the city do. You have the ability to change this, so do it.

Sincerely, Guru-kirtan Khalsa

Hello,

My name is Cameron Coulter. I am a resident of Los Angeles, CA and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Cameron Coulter

Hello,

My name is Kyna Payawal. I am a resident of Los Angeles, CA and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need. And no, cutting \$250m is not enough. Cut \$2B from the police budget and divest it in social services and community-led protection programs modeled from police abolishing work from Minneapolis organizations. Adopt the People's Budget.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police is racist in origin and perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

The roles of the police need to be dismantled. They're not equipped for the roles assigned to them. And they will never be. The government, you, have gotten complicit and have given up on improving racial and economic inequality in this city. And sees all problems as police problems.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that:

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

What's happening at this time is an awakening of the people, and hopefully of you the people we voted for, to do something and be on the side of the people's history. Change the system and be proud of your work 20-30 years from now when you're looking back and telling your grandchildren of this moment in history.

Sincerely,
Kyna Payawal

Hello,

I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Catarina

Hello,

My name is Peri Edwards. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Peri Edwards

Hello,

My name is Carys Feehan. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on the Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely immoral that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

By outrageously funding the Police we will only end up with more gross misconduct and ignored crimes on the part of the police. We will only end up with more abuse of power because they have more than a billion dollars supporting their actions. Please. You have seen the murders, you have seen the destruction the Police have caused, you have seen how willing the community of LA is to help each other. Defund the Police. Now.

Sincerely,
Carys Feehan

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Diana Long

Hello,

My name is Alyssa I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Alyssa

My name is Julie Chavez . I am a resident of Los Angeles, CA and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Julie Chavez

Hello,

My name is Victor Rodriguez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Victor Rodriguez

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Karen Chavez

Hello,

My name is Vivian. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Vivian G.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Katherine Kosack

Hello,

My name is Lanaya Hawkins. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Hello,

My name is Elizabeth Ingle. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Elizabeth Ingle

Hello,

My name is Araya Fehlman. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Araya Fehlman

Hello,

My name is Allyson P Snowdon. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Allyson P. Snowdon

Hello,

My name is Landon Charles Hughes. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Landon Charles Hughes

Hello,

My name is Evelyn López. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Don't let your people down.

With all due respect,
Erin Kwak

Hello,

My name is Isabella Perry. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Hello,

My name is Gabi Rodriguez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Gabrielle Rodriguez

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Evelyn Leal

Honorable LA City Council President Martinez, Councilmember Blumenfield, Councilmembers,

Hello, my name is Elizabeth D'Amico and I have lived in the area adjacent to the project for 11 years. My home, family, and neighborhood will be directly and negatively impacted by the project at 22241-22255 Mulholland Drive. It saddens me that we have to continue to fight against this irresponsible developer who does not want to engage in discussions with the community around this project, and who continues to go against the rules and regulations in place for the Specific Plan of the Mulholland Scenic Parkway.

I OPPOSE this out-of-scale luxury home development project as approved by the LA City Planning Dept. and SUPPORT the Appeals of the Tract Map Approval, EIR Certification, and CEQA Clearance, as well as reversal of the Zoning Administrator's Determination on Councilmember Bob Blumenfield's 245 Motion, for the following reasons:

- The project consists of 19 tightly packed two-story houses up to 33 feet high, inserted into a one-story, low density built neighborhood requiring massive grading and Code deviations, contrary to important objectives in the Community Plan and contrary to the Mulholland Specific Plan
- Too many protected Heritage Coast Live Oak trees being removed or endangered contrary to the Protected Tree Ordinance and the Specific Plan
- The project includes five highly-visible oversized retaining walls up to 11.5' high and up to 194' long requiring deviations from the City Code by the Zoning Administrator
- Extensive, landscape-changing grading of 60,000 cubic yards requiring 1,600 dump trucks full of imported soil, within the driplines of protected Coast Live Oaks
- Dangerous new street location on San Feliciano Drive hill approved without interviewing non-reported accident witnesses
- Disruption of wildlife refuge & transit link to nearby Santa Monica Mountains affecting coyotes, bobcats, raccoons, raptors, native ground squirrel colonies, and more
- No prior review by the Design Review Board of the Mulholland Scenic Parkway Specific Plan as required by law, at the western entrance to the historic Mulholland Scenic Parkway
- The failure to submit or consider a viable, less intrusive, less dense alternative plan as required by the California Environmental Quality Act (CEQA)
- Mitigations offered by the City agencies are inadequate, unsustainable, and unenforceable

I am not against the development of this private property and, like Councilmember Blumenfield, support revisions to the project that eliminate Code deviations, minimize grading, save more trees, and are more compatible with Mulholland Corridor and the surrounding neighborhood. Any development must follow the rules and regulations of the City of Los Angeles' General Plan and Community Plan, and the Specific Plan of the Mulholland Scenic Parkway. In so doing, this will enforce compatibility with the immediate neighborhood, keep the Heritage Coast Live Oaks from being needlessly killed or endangered, and retain the wild open spaces that have become a respite for multitude species of wildlife and a Woodland Hills landmark.

You should be aware that the developer has not responded to requests by the community, the Neighborhood Council, or Councilmember Blumenfield to revise the project. When given the opportunity to extend their deadline for a public appeal hearing in front of the South Valley Area Planning Commission, they chose not to, using the Pandemic to avoid having the appeals heard.

Please vote to support our community and deny the project approvals.

Respectfully,
Elizabeth D'Amico

Hear From Local Leaders on the Racism Pandemic

As the nation reels from the murder of George Floyd and navigates the uprising of justice reform, local leaders must address the actions and emotions that their communities are experiencing – whether brought on by the accumulated killings of unarmed black people, the disproportionate spread of the coronavirus among black and brown people, or the soaring unemployment rates among communities of color.

This **Thursday, June 11 at 3:00 PM ET**, please join **Arthur C. Evans, Jr.**, PhD, CEO and EVP of American Psychological Association (APA), **Clarence E. Hello,

My name is Nicole Rozenblat. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549 - the police budget - is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died needlessly. You have the ability to change this.

Sincerely,

Nicole Rozenblat

Hello,

My name is [insert name]. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
[your name]

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Chenoa Eirene

Hello,

My name is Miriam. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. Cutting \$100 - 150 million is a start, but it is not enough. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

Listening in on the meeting on June 8th, I know that LA residents agree with me. We want to adopt a People's Budget, defunding LAPD and distributing those funds to services that our city desperately needs.

It is absolutely absurd that the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. Hello,

My name is Alexis Lopez. I am a resident of Los Angeles, CA and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Alexis Lopez

Hello,

My name is Austin Schindler. I am a resident of Los Angeles, CA and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Austin Schindler

Hello,

My name is Duncan McCabe. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Duncan McCabe

Restructure Budget and Defund Police

Hello,

My name is Ebru Odok. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Ebru Odok

Hello,

My name is Ryan Hallman. I am a resident of Los Angeles, CA and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Dear Ms. Wolcott,

Now more than ever, we need a budget centered on humanity. A \$150 million reduction is not enough.

We need housing.

We need healthcare.

We need good jobs.

We need healthy food.

We need mental healthcare.

We need free public transit.

We need educational enrichment.

We need small business resources.

We don't need more police.

As an educator in LA, I want a budget that reflects our priorities and needs, including more services for unhoused Angelenos, including housing in the thousands of empty hotel rooms throughout the city; more mental health services; rent suspension and forgiveness for the 55% of Angelenos who are currently unemployed; more funding for public schools and resources to ensure all students — regardless of their situation — can continue learning during these uncertain times.

Thank you,

Sincerely,

mide oladipupo

Hello,

My name is Devanny Vega . I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Please reallocate LAPD funds and divest from police unions

Hello,

I submitted this for public comment regarding file number 20-0600. I would like to reiterate it here. Thank you for listening.

My name is Robert Guerrero and I'm a resident of Los Angeles County. I'm writing in regards to the proposed Budget of Fiscal year 2020-2021. The budget for the LAPD needs to cut and reallocated to other social programs that directly help rather than harm our communities. It has been proven time and time again, and for many years and decades now, that the LAPD is over funded and over policing our streets. I know the council members are accepting thousands of dollars from Police unions and therefore have a stake in keeping their budget fat and in fact increasing it every year in amounts that are disproportionate to simply off putting inflation. The whole world is learning of this and we will use our democratic right to vote and speak out and take action if you will not listen to our pleas.

These pleas have been made over and over again and yet you still talk about reformation without cutting the budget. But think of it in a fiscal and progressively financial sense. The amount of money the city spends, and keeps on spending, in order to maintain this police-state, police-city cannot be financially viable for us. Instead, investing in the sources of the problems that ail our city (homelessness, mental health, affordable housing, education, public transit, etc.) will reap benefits and save money for years and years to come.

The work will be hard and it won't be immediate but the oft used quote goes 'insanity is doing the same thing over and over again and expecting a different result.' We've tried the methods that the police unions keep foisting upon us - methods that make them richer and richer each year - and it is literally killing the city. Please take action and defund the police now. If not, you will feel democracy in action. Because the people have woken up and we're horrified with what you've done while we were sleeping.

Please,

Robert James Guerrero

Mayor Garcetti's Proposed Budget

1 message

From: Lilli Kay <hereslilli@gmail.com>

To: Lilli Kay <hereslilli@gmail.com>

At: Tue, Jun 9, 2020 at 2:21 PM

Hello, my name is Lilli Kay and I am a resident of the City of Los Angeles.

I was born and raised here, and I write you today to urge you and the rest of the city council to reject the Mayor's proposed budget. Mayor Garcetti's proposed budget does not reflect the priorities and values of Los Angeles residents. At this time, when we are in the throes of battling a global pandemic and fighting to end systemic racism, the city budget *must* reflect the values and needs of the people you serve. The police don't need more funding, your constituents who are suffering under these racist systems do. We as Angelinos have an obligation to support each other; to keep the *people's* safety and wellbeing at the forefront. That means finding alternatives to policing, and creating a monetary influx for programs like housing and education — programs that desperately need your help, and are essential to the health of our community.

- - I support the People's Budget LA in calling for the defunding of police, and the HealthyLA Coalition in calling for the funding of the following housing efforts:
 - The acquisition and rehabilitation of multi-family buildings & single-family homes. Investing \$310,000 per unit for multi-family units and \$450,000 per single family home, the total program cost would be approximately \$690,000,000 for Year 1 and result in 2,000 units of housing.
 - Invest \$70,000,000 in a fully-funded Right to Counsel and Eviction Defense Program that includes legal defense, tenant outreach and education and targeted rental assistance.
 - Fund HCID to enforce existing tenant protections. This is critical during a time of expected and unprecedented waves of evictions looming.
 - Create a Pilot Social Housing Program.
 - Provide developers with gap financing to ensure affordable housing construction projects are completed in a timely manner.
 - Commit CARES and general funds dollars to finance and operate supportive housing units.

Please, please protect and serve LA residents by defunding the police now.

Thank you.

Lilli

Hello,

My name is Gabriela Jimenez. I am a resident of Los Angeles, CA and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Mayor Eric Garcetti and Council Members,

After my incredible education at the University of Southern California, I learned a lot about local injustices: from mass incarceration to environmental racism and oppression due to big oil in Southern California.

Of the statewide population living within one mile of oil and gas development and in communities identified as most vulnerable by CalEPA's new aEnviroScreen 2.0, nearly 92 percent are people of color (69 percent Hispanic/Latino, 10 percent African American, 11 percent Asian, and 2 percent Other) (<https://www.nrdc.org/sites/default/files/california-fracking-risks-report.pdf>)

Both the oppression and environmental destruction are interlinked and as educated and caring members of our government, you don't need a sophomore in college telling you that.

I also believe you heard enough about the reasons why we need to DEFUND POLICE and INVEST IN VULNERABLE COMMUNITIES.

So let's see what you promised to your constituents:

LA'S Green New Deal is so promising and hopeful. But what is happening with that? Why are there no updates? Meetings? Why is no one being held accountable for a just transition? Why haven't we eradicated oil fracking wells and factories that harm black and brown communities? HOW ARE GOING GOING TO BE CARBON ZERO AT THIS RATE BY 2050?

Furthermore, why has the mayor only cut 250 million when the budget is 3.1 Billion? We demand you represent our wants and needs which are:

- 1) Adopting the People's Budget:** <https://peoplesbudgetla.com/peoplesbudget/>
- 2) Implementing and updating the community regarding the pLAn: Los Angeles Green New Deal NOW!**

Thank you for your time and hard work! You inspire young citizens like me.

[URGENT] RESTURCTURE BUDGET & DEFUND THE POLICE

Hello,

My name is Imani Lindsey. I am a resident of Los Angeles County and I am emailing to demand you consider the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. Such as housing, childcare, healthy food, clear air and water, pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos.

Mayor Garcetti's decision to reevaluate his budget to find \$150 million to remove from the LAPD budget is NOT ENOUGH. His reapportionment proposal would still leave the LAPD with over 50% unrestricted funds.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

We are asking police to be domestic violence counselors, we're asking police to be therapists, we're asking police to deal with people who are in crisis in terms of their mental health. And the police are not trained to do that. Allocate adequate funds and resources to mental health services, livable wages, food security, and all other societal factors which facilitate the "crimes" you believe we need police protection from.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed.

This is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

My Best,

I support the People's Budget LA in calling for the defunding of police, and the HealthyLA Coalition in calling for the funding of these housing efforts:

- The acquisition and rehabilitation of multi-family buildings & single-family homes. Investing \$310,000 per unit for multi-family units and \$450,000 per single family home, the total program cost would be approximately \$690,000,000 for Year 1 and result in 2,000 units of housing.
- Invest \$70,000,000 in a fully-funded Right to Counsel and Eviction Defense Program that includes legal defense, tenant outreach and education and targeted rental assistance.
- Fund HCID to enforce existing tenant protections. This is critical during a time of expected and unprecedented waves of evictions looming.
- Create a Pilot Social Housing Program.

Thank you,
Tori Ward

Hello,

My name is Adriana Hernandez. I am a resident of Los Angeles, CA and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

- Enrich our public schools and students
- Provide more affordable housing and mental health care initiatives
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Adriana Hernandez
