Hello,

My name is Delyla Shenavai. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Delyla Shenavai

Hello,

My name is Derek Martin. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Derek Martin

Dear Ms. Wolcott,

Now more than ever, we need a budget centered on humanity.

We need housing.
We need healthcare.
We need good jobs.
We need healthy food.
We need mental healthcare.
We need free public transit.
We need educational enrichment.
We need small business resources.

We don't need more police.

As an educator in LA, I want a budget that reflects our priorities and needs, including more services for unhoused Angelenos, including housing in the thousands of empty hotel rooms throughout the city; more mental health services; rent suspension and forgiveness for the 55% of Angelenos who are currently unemployed; more funding for public schools and resources to ensure all students — regardless of their situation — can continue learning during these uncertain times.

Thank you,

Sincerely,
Kemi Mustapha

Hello,

My name is Victor . I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Victor

Hello, My name is Eileen. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.
Sincerely,

Eileen Gonzalez

Hello,

My name is Haley Evans. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Haley Evans

Hello,

My name is Jake Pinto. I am a resident of Los Angeles County and work in Los Angeles I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jake

Hello,

My name is Alex Estrada. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Alex Estrada

Hello,

My name is Savannah Anez. I am a resident of Willmar, Minnesota and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I understand that these issues will never affect me directly, but the past week has shown me the destruction that unaddressed, over-funded systemic problems in police departments can bring about for people like George Floyd and other people of color. For the sake of the lives of my friends that live in LA, I demand a restructuring of the city budget.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

Hello,

My name is Kyle Perez and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Kyle Perez

Hello,

My name is Toby . I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Toby O

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Yesenia Nuñez

Hello,

My name is Jennifer Campos. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jennifer Campos

Dear City Clerk -

This is addressed to the entire city council.
I'm a lifelong resident of Woodland Hills and CD3 and have passed by the 22241-22255 Mulholland project site many times as a kid going to school.

I urge the City Council and Councilmember Blumenfield to grant the numerous appeals of the project - in full - and thereby not certify the Final EIR, deny the Tract Map, and deny the Zoning Administrator's Determination for the 19 luxury home project in Woodland Hills.

Development in our sensitive Santa Monica Mountains ecosystems should be reserved to areas where it can be done as a model for ecologically conscious layout and design. We know so much more about how we can build and live within cohesive healthy environments. Let's make sure that all of that intention and intent is brought to bear.

Hello,

My name is Blanca Cortez Sanchez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Blanca Cortez Sanchez

Dear Anna Martinez,
thank you for your answer. Plaese excuse me that I asked again. In this times my question is not improtant. Coronavirus has stoped life and work. Also great problems are in much cities of the USA. The pictures are terrible and I hope peace and freedom will come back again. It is not my case to say something from outside to politics in other countries. But I can say that there are many thing I do not understand what is coming from the government in Washington. I think the best thing to end problems is to bring people together. For me all people are equal. For me that is not a question of colour or religion. USA has been a good friend to Germany all over my life and I hope it will be so in the future. I have many contacts with personal people since many years in different states. That will be also in the future.

I think in this difficult times sometimes nice words can help. A friend did send me a poem and I give it to you. I hope it brings a light into your day.
Plaese be safe and careful
Best wishes
Gotthelf Lucas

Midwives of the Soul
Lockdown.
Yes there is fear.
Yes there is isolation.
Yes there is panic buying.
Yes there is sickness.
Yes there is even death.
But,
they say that in Wuhan after so many years of noise
you can hear the birds again.
They say that just after a few weeks of quiet
the sky is no longer thick with fumes,
but blue and grey and clear.
They say that in the streets of Assisi
people are singing to each other across the empty squares,
keeping their windows open so that those who are alone may
hear the sounds of family around them.
They say that a hotel in the west of Ireland
Is offering free meals and delivery to the housebound.
Today a young woman I know is spreading flyers with her
number through the neighbourhood,
so that the elders may have someone to call on.
Today Churches, Synagogues, Mosques, and Temples, are
preparing to welcome and shelter the homeless, the sick, the
weary.
All over the world people are slowing down and reflecting.
All over the world people are looking at their neighbours in a
new way.
All over the world people are waking up to a new reality.
To how big we really are.
To how little control we really have.
To what really matters.
To love.
So we pray and we remember yes there is fear,

but there does not need to be hate.
Yes there is isolation,
but there does not have to be loneliness.
Yes, there is panic buying,
but there does not have to be meanness.
Yes there is sickness,
but there does not have to be disease of the soul.
Yes there is even death,
but there can always be a rebirth of love.
Wake to the choices you make as to how to live now.
Today, breathe.
Listen, behind the factory noises of your panic.
The birds are singing again.
The sky is clearing.
Spring is coming,
and we are always encompassed by love.
Open the windows of your soul,
and though you may not be able
to touch across the empty square,
Sing.

Hello,

My name is Deborah Gallo, I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,

Debbie Gallo

Hello,

My name is Harriet. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Harriet

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Celeste

Hello,

My name is Essence. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Hello,

My name is Joanna Tallini. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Joanna Tallini

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Amanda Valiente

Hello,

My name is Ana. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Ana

I have lost all faith in my system. I have lost all faith in my police. You think this is protecting and serving? Protecting and serving who? The people YOU deem good enough by the color of their skin or the money in their wallets who fund your ego boosts? For the first time in history I do not trust a badge. I do not trust an officer in uniform. I feel fear, not safe. I feel lied too, not protected.

If you don't begin fixing this, cities will burn until you do.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Alina Razi

Hello,

My name is Matthew Tomasello. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Dear Ms. Wolcott,

Now more than ever, we need a budget centered on humanity.

We need housing.
We need healthcare.
We need good jobs.
We need healthy food.
We need mental healthcare.
We need free public transit.
We need educational enrichment.
We need small business resources.

We don't need more police.

As an educator in LA, I want a budget that reflects our priorities and needs, including more services for unhoused Angelenos, including housing in the thousands of empty hotel rooms throughout the city; more mental health services; rent suspension and forgiveness for the 55% of Angelenos who are currently unemployed; more funding for public schools and resources to ensure all students — regardless of their situation — can continue learning during these uncertain times.

Thank you,

Sincerely,
Nicole Broom

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Edgar Obrand

Hello,

My name is Heather. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Heather T.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Ysabella Lizer

Hello, My name is Citlaly. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, Citlaly.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jerry Calderon

Hello,

My name is Michelle Simunovic. I am a resident of Los Angeles County and I am emailing to demand a divestment from police and an investment in Black communities. We must look to treating the cause not the symptoms, these are systemic issues whose roots need to be addressed not policed on the back end.

I demand that the mayor, controller, and all city council members prove their love and dedication to the people of their city by reallocating funds away from police spending and into social services and systemic reform. Now more than ever we need to be reimagining our structures because THEY ARE FAILING US. We must do better. YOU must do better. Lives literally depend on if.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. WE CANNOT LET POLITICAL GAMES AND ALLEGIANCES DICTATE POLICY IT WILL COST US LIVES.

This budget does not align with my values. I will be looking to voting records and public comment when it comes election time.

Sincerely,
Michelle Simunovic

Hello, My name is Melissa. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police. I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need. It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.
Sincerely,
Melissa

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined. Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it. Sincerely, [your name]

Hello,

My name is Maggie Silverman. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Hello,

My name is Jacqueline Santiago. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Jacqueline Santiago

You old people will not always be in power, our generation will have our chance and you're showing us exactly how not to lead. The zoom conference today was absolutely terrible you guys didn't even pretend to listen to anything anyone had to say whether it was filled with intelligence, frustration or anger, all justifiable emotions. If I wasn't ashamed to be a white man because of the rest of America's behavior, Los Angeles county has even lowered that bar to the floor. You have a oppressed your entire city for too long. DO BETTER OR DIE OFF ALREADY.

Sincerely,
Jason Roy

Hello,

My name is Kendall Horton. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Kendall Horton

Hello,

My name is Shovanna Nuñez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Shovanna Nuñez

Hello,

My name is Kelly Perla. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Kelly Perla

Hello,

My name is Alexia Torres . I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Alexia Torres

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Andy

Hello,

My name is Alex Salazar. I am a resident of Los Angeles, CA and I am emailing to demand the restructuring of our city budget, so as to prioritize more social services for our community, and to drastically minimize spending on Police. It is unconscionable that 1/3 to 1/2 of the city's budget is going to the police department.

This does not align with the values that I have as your constituent and I demand that you and other city officials work together to draft and approve a budget that diverts funds from the police department and reallocates them directly to benefit those in need.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. Police perpetuate a pattern of excessive violence and force, especially directed towards Black People and their communities. The police refuse to hold their own accountable and this is unacceptable.

We are in the middle of a global pandemic that has killed 100,000 Americans and more than 40 million people have filed for unemployment. Healthcare workers are without proper equipment and essential workers are not being fairly compensated or protected for the great work they do. We don't need more police, we need more social safety nets. Funds intended for police would be better off being sorted to initiatives that

Enrich our public schools and students
Provide more affordable housing and mental health care initiatives
Protect and bolster our parks
Support small businesses struggling due to COVID-19
Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of Black Americans that were murdered at the hands of police officers who have yet to be held accountable. While the police department has more funding than it knows what to do with, we have communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Dear City Council / Mayor,

Your latest decision -- to cut the LAPD funding by as much as $150 million -- is extremely disappointing and WRONG.

The LA City Council and the Mayor are clearly engaged in one-sided thinking. You keep blaming the Police, while in reality it's the public, it's the criminals who are the core of the problems. The violent criminals keep brazenly provoking the police officers, who have no choice but to use force. You only concentrate on how "*police use excessive force*", but you conveniently omit the facts when *criminals brutally attack (or murder) the innocent victims* and/or when *criminals attack (and ambush) the police on a daily basis*!

Please carefully rethink your decision, and its potential consequences! By cutting the LAPD funding, you are singlehandedly **reducing our city's safety**. The crime is already rising in front of our eyes; property crimes and thefts are not even prosecuted. **How can you condone criminal activity and the unprecedented anti-Police movement** -- is truly beyond me!

It is disturbing that you have caved into the radical demands by the ultra-liberal leftist groups -- who clearly want **total anarchy and lawlessness**. Unfortunately, soon we will all learn the hard way the consequences of "defunding the police". But it might be too late...

Personally: as an Angeleno for almost 30 years, I am disgusted by this radical movement (not just in L.A., but all over the U.S.); and rest assured: I will move out from L.A. the first chance I get. I'm sure, many more people (who have some common sense) will do the same. The city is going downhill, all because the City leaders allow lawlessness and encourage criminal behavior.

I do have hopes: before it's too late, **please reconsider your latest decision**, and provide full funding for the LAPD. Otherwise, we will all witness the sharp rise in crime and severe decline in our economy.

All the best!

The crime rates in Los Angeles have recently increased; and with the new release of 1700+ prison inmates the crime rates will spike even further. **The amount of burglaries and thefts has skyrocketed**. Many criminals get away unpunished. The police is dealing with dangerous and violent criminals daily; and yet they do not even get enough appreciation (instead, the City now wants to **cut** funding?!) **Cutting the funding from the LAPD will put the entire city at risk!**

In Support of a Care First Budget

Hello,

I am a 27 year old angeleno born and raised in this unique city. I am sending this letter fueled with deep care and compassion and concern and I ask that you please take the time to read my words. To those on the council and in positions of leadership who are taking the steps to secure care over harm I want to say thank you.

I believe that we are in a unique time in which Los Angeles has the opportunity to be a POSITIVE puzzle piece of the current revolution. As a white woman I recognize it is my responsibility to stand up and use my voice to demand the protection of black, black trans, people of color, and disabled people of color. Looking at Garcetti's proposed budget I am heartbroken that the city I love is prioritizing the funding of the LAPD over the DEEP CARE that is needed by so many right now. In the last seven years, over 600 black people have died at the hands of the LAPD and I believe as a leader of our city it is your responsibility and the responsibility of your peers to STOP THIS. I am afraid everyday that the people I love in my life who are black are in danger of being killed...let that soak in - what if it was your child or parent or partner or cousin...If i feel afraid I cannot imagine how black people feel and the IMMENSE toal this takes on their body to live in fear. I believe it is time for LA to make reparations on the deep harm that has been caused to black people and the trauma that has been placed on their bodies and brains as a result of the state sanctioned violence in our city.

I am simultaneously heartbroken, as a woman living with chronic illness and in community with other STRONG DISABLED ACTIVISTS to see california's intent to take funds away from the disabled community in the new amendment package you are personally supporting. Do you see the work that the members of marginalized communities are putting into this revolution? they are sacrificing their BODIES and mental well being to make change happen and as this is happening you are behind the curtain taking rights away from the disabled during a pandemic in which and not actively taking funds away from the LAPD in order to support TRANSFORMATIVE JUSTICE, THERAPY FOR THE BLACK COMMUNITY, FOOD EQUITY, COMMUNITY ORGANIZATIONS, AFFORDABLE HOUSING, and CARE.

Please take action and do not use your power to take away from marginalized communities who are at risk and being disproportionately affected during the covid-19 pandemic. Think about what is at stake - lives, beautiful lives of black, QTBIPOC, LGBTQ, and the disabled - these communities DESERVE CARE - they/we are not damaged or throw away bodies. Listen to the people, CARE FIRST.

I ask with both strength and compassion that you please monetarily and politically support a new vision for public safety and support a *Care First Budget* for LA County that significantly defunds law enforcement agencies and invests in community-based care and alternatives to incarceration. Defunding law enforcement must include bold divestment from the Sheriff, Probation and the District Attorney, as well as incarceration. I support the People's Budget LA and ask that you see the deep and radical need to prioritize a new los angeles with this as our budget - Care over Violence - it is up to you.

I honor that there are members of the la city council who are working actively to support the rights and care of the people and to those of you who are honoring this I send deep gratitude to you.

Sincerely,

Callie Ryan

Hello,

My name is Nicolle Piquette. I am a resident of Virginia and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Nicolle Piquette

Hello,

My name is Camila Quiñones. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at $1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Camila Quiñones

Hello,
My name is Megan Jensen, and I live in West Los Angeles. I'm writing to ask that the Mayor's Office and the Los Angeles City Council consider the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly.

Unlike the Mayor's budget, which gives more than half of the city's general funds to the LAPD, the People's Budget LA gives only 5.7% to the police. Survey takers determined that the city should prioritize universal needs (such as housing, childcare, healthy food, clear air and water), pandemic recovery, built environment, and reimagined public safety over the police department. I am asking the Mayor's Office and the City Council to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos.

Over the past two weeks, our city has shown its support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use over 50% of its general funds to support the LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation toward peaceful protestors and our unhoused neighbors. This is unacceptable, and it has motivated me to think about - and to now ask my elected officials for - a reimagining of how we want the job of a police officer to look. The People's Budget will allow us to move away from ultimately futile conversations about how a police officer should act and toward productive, community-focused conversations about what the job should actually be.

Thank you for your time, and for your service to our city.

Sincerely,
Megan Jensen

Hello,

As a lifetime resident of Los Angeles county and of the city of Los Angeles, I have found the city's, and in particular, Mayor Garcetti's handling of protests against police brutality as inhumane. He has served the interests of capital and property above those of the city's most vulnerable, most marginalized -- in COVID-19 and pre-COVID-19 times.

From 2018 to 2019, homelessness in LA has increased 12%. How much further will you continue to deny residents and communities access to basic necessities of housing, medical resources, and much more? How much longer will you use your seat of power to maintain an exploitative, hierarchical status quo, when you have to power to substantially improve the city's quality of life for so many marginalized communities?

Adopt the People's Budget for Los Angeles. The current 7% budget decrease to the LAPD is not enough when our housing, education, public works, and healthcare and medical access infrastructure are SEVERELY lacking and can be invested in with more defunding from the LAPD police budget.

Look to Minneapolis. Look to San Francisco up north. Listen to the organizers and activists of the communities who have been asking and fighting for these long promised budgetary changes to better Los Angeles.

These budget decreases are long-term investments towards our city becoming safe for our Black and marginalized communities, and for Los Angeles to truly become the radically inclusive and supportive community I know it has the power to be. WIll you lead the change? WIll you set the precedent for investing in and building a city where all of its communities can live a good quality of life?

Thank you,

Francesca Jimenez
