Hello,

My name is Tanya Martinez. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment. Defunding the police and restructuring the budget is an absolute necessity now more than ever.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Tanya Martinez

Hello,

My name is Tara Kroeger. I am a resident of Los Angeles County and I am emailing to demand the restructuring of the Los Angeles city budget, so as to prioritize more social services for communities, and to drastically minimize spending on Police.

I demand of the mayor, controller, and all city council members to prove their love and dedication to the people of their city and reallocate funds to directly benefit those in need.

It is absolutely absurd that at \$1,857,330,549, the police budget is larger than the allocations to the fire department, Office of Emergency Management, Department of Transportation, Bureau of Street Services, and the Housing and Community Investment Agency combined.

Defunding the police and restructuring the budget is an absolute necessity now more than ever. There are 58,936 DOCUMENTED houseless people in Los Angeles. There are healthcare workers without proper equipment. More than 30% of Los Angeles County residents have filed for unemployment.

While LAPD has more funding than it knows what to do with, there are communities who desperately need funding and every day they don't receive it their quality of life worsens. Thousands have died who did not need to. You have the ability to change this, so do it.

Sincerely,
Tara Kroeger

Hello,

My name is Ingrid Sorensen from Los Angeles, CA. I am emailing to demand the restructuring of our city budget, to prioritize social services in community and to drastically minimize spending on the Police. It is unacceptable that such a large portion of the city's budget is going to the police department.

This level of police funding does not align with my values, and reflects poorly on our community. I implore that you and other city officials draft and approve a budget that diverts funds from the police department and reallocates more to those in need.

Defunding the police and restructuring the budget is a necessity – now more than ever. Across the U.S., police perpetuate a pattern of excessive violence and force, especially directed toward black people and communities. Meanwhile, departments and officers refuse to hold their own accountable. This is unacceptable.

We are in the middle of a global pandemic that has killed more than 115,000 Americans, a disproportionate number of which were people of color. Over 40 million have filed for unemployment. Healthcare workers are without proper equipment, and essential workers are not fairly compensated or protected. We don't need more police; we need more social safety nets. Funds intended for police would be better served by contributing to initiatives that:

- Enrich programs that invest in opportunity for people of color
- Provide more affordable housing and mental health care initiatives
- Widen access to COVID-19 tests and resources
- Protect and bolster our parks
- Support small businesses struggling due to COVID-19
- Provide cheaper and cleaner modes of public transportation

Our nation is grieving the deaths of black Americans who were murdered at the hands of police. Many officers are not being held accountable. While the police department is busy buying weaponry and armored vehicles, we have communities that desperately need funding. Every day they don't receive it, their quality of life worsens. Thousands have died unnecessarily. You have the ability to change this.

Speak up for the underserved and less powerful. The moment is now, I sincerely hope you are listening. you have the ability to end homelessness, please choose to do so over increasing police funding.

Sincerely,
Ingrid Sorensen
