

MOTION

As part of the ongoing partnership with the Los Angeles Department of Transportation (LADOT), the Bureau of Street Services (StreetsLA) continues to integrate LADOT's Mobility Plan and Bike Lane Network into the various Street Renewal Programs, including the newly implemented Fiscal Year 2019-20 ADAPT Program. The ADAPT Program shifts resources from residential streets originally slated for repair in Fiscal Year 2019-20 to arterial and high traffic streets slated for repair in future Fiscal Years. This allows for less disruption for residents staying "safer at home" as part of the COVID-19 emergency and for StreetsLA to more efficiently repair busy streets as there is less vehicle traffic.

LADOT has requested that Streets LA resurfaces the bike lanes on Avalon Bl, from 51st St to Manchester Ave in June 2020. Because this location was tentatively scheduled for resurfacing in October 2021 as part of the Complete Streets Program, it was not part of the FY 2019-20 or FY 2020-21 ADAPT Programs. Therefore, StreetsLA needs funding in the amount of \$276,000 to complete this work.

I THEREFORE MOVE that the Controller is authorized to appropriate **\$276,000** from Fund 59V/50, Account 50PKGD, Vision Zero Corridor Projects to Fund 100/86, as follows, to pay for the resurfacing of bike lanes on lanes on Avalon Bl, from 51st St to Manchester Ave:

- \$69,000 to Account No. 001010 (Salaries General)
- \$69,000 to Account No. 003030 (Construction Expense)
- \$138,000 to Account No. 006020 (Operating Supplies)

I FURTHER MOVE that StreetsLA be authorized to make any technical corrections or clarifications to the above fund transfer instructions in order to effectuate the intent of this Motion.

PRESENTED BY: 

CURREN D. PRICE, Jr.
Councilman, 9th District

SECONDED BY:
