**Comments for Public Posting:** I am asking ALL of City Council should file a motion and APPROVE it, making ALL PROTESTS in Los Angeles illegal, as have other states/cities recently. As you can see from the past, they are usually not peaceful and lead to violence, theft, crime, injury, death, burning of businesses, and disturbance of our city and communities to name a few. Many of the protestors want to DE-FUND LAPD, but who is there to deal with protecting the protestors???? ANSWER: LAPD. The time used for LAPD to do this could be used in a much better way to the benefit of local neighborhoods, instead of being on 'alert' due to "potential civil unrest" every time a hearing comes up.
