Comments for Public Posting: I ask that the City Council reject item 31 - the LAPD should not receive any more money, and they should definitely not be able to receive donations from outside groups. Please listen to your constituents that are asking the city council to defund the LAPD. No amount of diversity hiring will fix the rotten institution of the LAPD, with a culture based in overreach, brutality, and uneven enforcement of the law. Defund the police.

Comments for Public Posting: (31) 20-0742 - Do NOT accept the donation of \$350,000 from the Los Angeles Police Foundation to be utilized for recruitment marketing for diversity hiring for the LAPD. NO MORE MONEY FOR THE LAPD. THIS IS DISGUSTING. THE LAPD IS BRUTALIZING LA RESIDENTS. DO NOT THANK the donor.

Comments for Public Posting: This is a comment for Item 23, 29, 30, and 31 on the Agenda for 7/1/20. I am relatively new to city politics but, like many people, I will never not pay attention again. I am confused why the LAPD is the recipient of so many donations and why you, the council, are so concerned about their budgets & funding when they are clearly able to gather funds from other -- often unclear -- sources. This is why we need to go after the funding we CAN control and divert it to other resources. The police have means of retaining their power & influence, whilst other and arguably more important city departments seem to be flailing. I understand other departments do work that is often supported by a network of nonprofits. But this work SHOULD be the job of publicly accountable and ran organizations, subject to the will of the voters/people. Can and do the Departments of Housing, Community Development, Aging, Workforce Development, etc receive as many, if any, donations as the LAPD? When I Google "LAPD Donations" the first thing that comes up is a link to donation to the LA Police Foundation. When I Google donating to any other department, it's unclear if it is even possible. Why is the LAPD even allowed to solicit donations in the first place, when the possibility of corruption is so apparent? When they are the ones tasked with supposedly (as if) objectively upholding the law? Why do we allow this with so little transparency?

Comments for Public Posting: Oppose. The problem with the LAPD is not lack of diversity. We already have a diverse police force. The problem is the LAPD behaving like an armed gang who is free to operate above the law. The problem is the LAPD being systemically racist as evidenced by the “leadership” of Chief Moore. Defund the police. Move away their resources even if they are donations.

Say it with me now: reform doesn't work.
