Hello,

I live in Sherman Oaks, CA Thank you David for this motion!! . I love the idea of permanent SLOW STREETS in the city! I am tired of our residential streets being used for cut through traffic and would love to see slow streets become the norm in Los Angeles.

Thank you,

Kira Durbin

Hello,

I live in Venice. I love the idea of permanent slow streets in the city! I am tired of our residential streets being used for cut through traffic and would love to see slow streets become the norm in Los Angeles. It is also imperative to make these everlasting change to achieve Vision Zero and make our city safer for all of us.

Thank you,

Brent Bovenzi, 90291

Hello,

I live in Mid City. I love the idea of permanent slow streets in the city! I am tired of our residential streets being used for cut through traffic and would love to see slow streets become the norm in Los Angeles. Pre Covid, I would bike to work almost every day in Santa Monica, so anything that can be done to make the streets safer and allow for more community access for pedestrians is a great idea. Especially with the lack of easily accessible public green space in this city.

Thank you,

A. Maroon
