Dear Mike,

I read in the egregious LA Times opinion piece about Lincoln Apartments, that your office is meeting with the Archdiocese to negotiate. I am wondering when you plan to meet with neighbors to discuss the project?

Please be clear that my appeal represents an entire community of people who oppose this project and we stand together.

Also, your office is in violation of the California Public Records Act from my request from May 28th. I would like to know if you plan to comply soon or continue to ignore my requests?

I look forward to hearing back from your office.

All the best,
Tracy Carpenter
