Re: Council File 20-0875 self-enforcing infrastructure and mobility plan 2035

Esteemed Councilmembers,

The League of Women Voters of Greater Los Angeles (LWVGLA) has read the studies regarding pretextual stops. Data shows that pretextual stops disproportionately impact people of color and do not result in greater public safety.

LWVGLA supports prohibiting all pretextual stops and detentions that result from pretextual stops of motorists and cyclists, except in cases where the violation poses a significant and imminent safety risk.

Sincerely,

Carolina Goodman, Chair  
Committee on Criminal Justice Reform  
League of Women Voters of Greater Los Angeles
