Comments for Public Posting: Imagine LA is an organization dedicated to working collaboratively and compassionately to help families exit the cycle of homelessness and poverty. My organization has worked with SoLa Impact for over a year and a half as they are a leader in housing people who are experiencing homelessness. They are very diligent about partnering with us in assisting families that are moving into their apartments directly from homelessness as they understand homelessness doesn't end with housing. Their high quality buildings are impeccably maintained and managed and their respect for tenants exemplary. Together, SoLA and Imagine LA are committed partners in making sure residents retain housing and get on pathways of economic independence and overall wellness. I couldn't imagine a better company to take on a project like this focused on the homeless population in South LA.
– Jill Bauman, President & CEO Imagine LA
