

## Communication from Public

**Name:** Veronica Lewis

**Date Submitted:** 08/05/2020 04:35 PM

**Council File No:** 20-0883

**Comments for Public Posting:** I am the Division Director of the Homeless Outreach Program Integrated Care System (SSG/HOPICS) were I oversee over \$50 million for 30 different programs from 13 funders for mental health, substance use disorder treatment, reentry support, homeless and housing services, and trauma-focused services. We are very familiar with SoLa Impact and have worked extensively with SoLa to house and meet the needs of the formerly homeless residents of South LA. We work with many landlords in the community, and I can say SoLa's apartments are among the most desirable, up-to-date, and well-appointed in the South LA market. In addition, we work closely with their property management, leasing, and social impact team to extend resources beyond housing to the tenants. I can say I am very impressed with SoLa's commitment to improving the lives and livelihood of their tenants. SoLa work with the formerly homeless population should be commended and they typically go "above and beyond" what other landlords are willing to do. We are very pleased to partner with SoLa Impact. Sincerely, Veronica Lewis
