Comments for Public Posting: I respectfully request that this item be referred back to committee to consider other alternatives. This motion presents a direct threat to the Neighborhood Council system which is already viewed as ineffective and flawed. Given that this motion was brought fourth by the former General Manager, who was recently forced to resign, and that Council member Raman just received an award from a nonprofit organization which is advocating in support of this change as they would directly benefit from this. This motion should be removed from the City Council's agenda, and council member Raman needs to recuse herself from the voting on this item. Thank you, Susan Collins Neighborhood Council Board Member (this is a personal submission and not an official N.C. communication)

Comments for Public Posting: CF 20-0990 Diversity, Equity and Inclusion Training / Anti-Bias Training / Los Angeles Neighborhood Council Members There is at the moment a true danger to the Neighborhood Council system in CF 20-0990 which will be voted on by the City Council on Tuesday, March 14th. Given that this was promulgated by the DONE GM who has resigned, we urge everyone submit comment and contact their CMs to request that the vote on CF 20-0990 be referred back to committee to consider other alternatives. The method set forth in CF 20-0990 that was proposed to enforce the anti-bias and gender expression/identity trainings in the Neighborhood Councils at the request of DONE'S GM was to invest her with unlimited powers and remove due process within the NC system. As an individual stakeholder, speaking on my own and my fellow stakeholders, I am strongly opposed to CF 20-0990. Respectfully, Kathleen Edwards
