Comments for Public Posting: I ask that the City Council supports California tenants during this pandemic and not landlords. This pandemic is uncertain, and every time we think we have a handle on it, we are thrown a new curveball, and we cannot predict what will happen next week or next month. What we do know is that homelessness is at an all-time high in California, and that if people cannot afford their rent, they have no where to go but their cars or the streets. As the Los Angeles City Council, your duty is to the people, not the corporations who are making LA's housing crises worse while they rake in profits from astronomically high rents. Do the right thing, support tenants.
