Council File No: 20-1044

Comments for Public Posting: I am Lauren Natoli from AIDS Healthcare Foundation. I am against this item and I recommend that the City Council vote against it. Los Angeles is already overrun with corporate developers and massive projects, and the Planning and Land Use Management Committee is one of the few protections keeping Los Angeles' skyline from overcrowding. It's necessary that PLUM continues to impart their oversight, especially (not in exception) on massive, high-profile projects. When these massive construction projects skirt committee, they not only avoid legal scrutiny but public input. I adopt all objections to item 10-1044.
