RE: COUNCIL FILE TRANSMITTAL

On September 23, 2020, the Rules, Elections, and Intergovernmental Relations Committee considered a Motion (Martinez - O'Farrell) relative to developing criteria for high value projects and amending the planning process so these projects are diverted from the Planning and Land Use Management Committee and referred directly to Council, Council file No. 20-1044. After consideration, the Committee moved to approve the Motion as amended with the additional recommendation:

Instruct the Planning Department to include deadlines in terms of when high value projects should be scheduled for Council in their report. Projects that are not high value projects should also be given deadlines for when they need to be scheduled in the Planning and Land Use Management Committee.

This file is now transmitted to the Planning and Land Use Management Committee.
