

RULES, ELECTIONS, AND INTERGOVERNMENTAL RELATIONS COMMITTEE REPORT relative to developing criteria for high value projects and amend the planning process so these projects are diverted from the Planning and Land Use Management (PLUM) Committee and go directly to Council.

Recommendations for Council action, as initiated by Motion (Martinez - O'Farrell):

1. INSTRUCT the Department of City Planning (DCP), in coordination with the Chief Legislative Analyst (CLA), to report in 30 days in regards to developing criteria for high value projects and amend the planning process so these projects are diverted from the PLUM Committee and go directly to Council with said report to analyze high value projects that have gone to PLUM Committee since 2013 and take into consideration both the total cost as well as the cost per square foot.
2. INSTRUCT the DCP to include deadlines in terms of when high value projects should be scheduled for Council in their report. Projects that are not high value projects should also be given deadlines for when they need to be scheduled in the PLUM Committee.

Fiscal Impact Statement: Neither the City Administrative Officer nor the CLA has completed a financial analysis of this report.

Community Impact Statement: None submitted.
