Comments for Public Posting: New regulations would force all restaurants to maintain one parking stall on premises. This may not sound like a lot to ask since parking LA is a problem for everyone and for larger restaurants, it's not an issue. For small restaurants however, it would mean the loss of most, if not all of outdoor dining which have allowed them to survive the worst of what Covid had to throw at us... It would be a shame to say the least. PLEASE support small restaurants and rethink a more nuanced approach that works for everyone in the community.

Council File No: 20-1074-S4

Comments for Public Posting: I am a native Angeleno and over 20 year resident in City Council district 10. I fully support PLUM Agenda Item 15 CF 20-1074-S4, specifically for the recommended alternative City of LA AL Fresco Ordinance labeled: Exhibit A to City Planning's 11/2/2023 Supplemental Report as written. I am in opposition to Recommendation #2 in the Department of City Planning's letter dated November 27th, 2023. The parking burden it places on the smallest of businesses in the community is unreasonable. Thank you for your attention, Mark
